

SMITH SAYS U. S. AHEAD IN WAR EFFORT

WASHINGTON, July 27 (AP)—Representative Smith (D-Wash.) asserted in the house today the final result of the nation's all-out war effort was going to startle and baffle "our enemies and amaze the world."

"We are going to overtake the Japanese and the nazis," Smith said, "and as soon as we do we will be victorious and the war will end."

The Washingtonian said that in Washington there was real ground for optimism in regard to the country's war effort based upon the fact that the United States now is producing more implements of warfare than Germany and Japan combined. He said Japan had been preparing for the war for 25 years and Germany for ten years with the result they had huge amounts of war material. American production he said was overcoming this advantage and would reach its goal in a few months.

Forest Fund

The representative said congress had provided \$8,000,000 for forest protection, most of which will be spent on the Pacific coast. He told the house forests were vital products and lumber was as necessary to the war effort as steel and aluminum.

Smith said he would continue his fight for production of ships from wood. He was named chairman of a sub-committee of the coast delegation to promote the use of wooden ships and was a member of the sub-committee considering defense of the coast.

He reviewed his efforts to get army and navy officials to place adequate defenses on the coast and in his district in southwest Washington. He said his district was considered the most vulnerable to attack by the enemy and most likely to be attacked.

"Southwest Washington is now more strongly defended, both by men and equipment, than any other similar section of the entire country," Smith said. "These defenses are being further strengthened and augmented just as speedily as the equipment can be made available."

'OREGON' WON'T BE SCRAPPED

SALEM, July 27 (AP)—Acting Secretary of the Navy James Forrestal wrote Governor Charles A. Sprague today that the battleship Oregon should not be scrapped until all other sources of material have been exhausted.

Forrestal said that the Seattle office of the war production board made the request to the governor that the ship be scrapped without the knowledge of the navy department.

Forrestal said that the governor's answer to the WPB, in which the governor said the ship still belonged to the navy and that the vessel should not be scrapped until all other sources of scrap have been exhausted, was correct.

"The great need of all available metal for use in the war effort is realized," Forrestal wrote.

"However, it is considered that memorials, such as the Battleship Oregon, representing in their being the spirit and traditions of the navy and of the country it represents, constitute a distinct morale factor, and should be preserved until all other sources of material have been exhausted."

Siskiyou Scouts Join Oregon Green Guard

SALEM, July 27 (Special)—At least one county in California will benefit from Keep Oregon Green.

Boy Scouts from Siskiyou county, Calif., have enrolled in the Oregon Green Guard, fire prevention movement of active boys and girls. The 50 scouts joining the guard were among 96 enrolled at Camp McLaughlin, outing spot for Crater Lake area scouting troops.

In signing the California youth with the Oregon Green Guard, R. C. Kuehner, secretary, Keep Oregon Green association, said that since fire was no respecter of state and county lines he felt the scouts deserved a place in the anti-fire movement.

The children's parents were jailed on cruelty charges. Left to right: Flourney Burney, 10; his sister, Marguerite, 12; Holbrook, and Adolph Burney, 8. The parents were Mr. and Mrs. Archer R. Burney. Parents said the children were chained for taking three or four nickels their father had been saving.

Tojo Indulges in a Bit Of Boasting to Japanese

BERLIN (From German Broadcasts), July 27 (AP)—Japan's prime minister, General Hideki Tojo, told an audience of 20,000 at Osaka today that "Japan is determined to destroy the United States and Great Britain," the Transocean news agency reported in a Tokyo dispatch.

Addressing a meeting of the league for support of the throne, Tojo said Japanese occupation of some of the Aleutian islands had "greatly strengthened Japan's strategic position."

Transocean gave these excerpts from the speech: "In the fight against the Anglo-Saxon powers Japanese forces continue to hold the initiative. From Sydney to Madagascar, wherever enemy forces can be found they are attacked by Japanese forces."

"While Japan was fighting her enemies on land and sea and in the air, peaceful construction of the new order has not been neglected. Peoples of the southern regions already have grasped Japan's true intentions and have joyfully cooperated in the great task. "Japan would not hesitate to

Reserves Set Patriotic Theme at Big Gathering

With the singing of the National anthem and the pledging of allegiance to the flag by over 500 reservists and guests, the Klamath Falls police reserve and county sheriff reserve met at the patriotic tempo for the first gala occasion of the combined units at Moore park July 26.

Lieutenant Lynn Roycroft, emcee for the event, announced the program and events for the afternoon over Lloyd Derby's public address equipment.

An address by G. A. Krause opened the scheduled program, after which Captain Ira Sherman presented Ella May Smith with the first police reserve award for saving her brother's life.

The junior sports program was directed by Dave Bridge, and prizes consisted of war stamps donated by Fountain Supply company and the J. C. Penney company.

Winners of junior events were: sack races (13 and over, mixed group), Dean Nelson, first; Rex Salyer, second; (12 years and under, mixed group), Louise Herbert, first, Mary Jenkins, second; foot races (13 and over, mixed group), Dave Hawthorne, first, Dean Nelson, second; (12 years and under, mixed group) Louise Herbert, first, Billy Harper, second.
