

EARLY PIONEER OF WEST DIES IN PORTLAND

MERRILL—Edward Merrill Eagle, resident of the Merrill community for the last 11 years who passed away July 27 at Portland following an illness of three weeks, was born with the restless, adventurous spirit of the pioneer in the early era of development of the west. From his birthplace at Ashland, Ohio, he moved at an early age with his family to Macon county in northern Missouri, then newly settled.

In early manhood he moved west to better opportunities at Snelling, Calif. Here in the vast wheat growing basin of Merced he plowed his fields with horse drawn equipment. Here too, settlers were few and far between, the fields of loam were wide, and fertile and often it took more than a day to circle the field with one furrow. Flour from wheat grown in the Merced county was freighted inland and Mr. Eagle was adept with freighter teams.

The range country called him and for some time he sold farm machinery in New Mexico, covering his territory on horseback. He mined and freighted supplies over hazardous roads to the ore refinery at Jasper, Colo. in the Creed and Cripple Creek country, still later going back to farming in the irrigated districts of Colorado, Montana and Washington.

In 1930 he moved from Toppenish, Wash., to Merrill, where the potato industry was just beginning. That year he farmed in the Tulare county, later buying the John Colwell ranch where he and his family made their home. During his residence here he concentrated on the raising of potatoes and onions.

Mr. Eagle was a member of the Klamath Falls Methodist church and in his earlier life took an active part in the Masonic lodge as a 32nd degree Mason.

His death followed an operation at St. Vincent's hospital, Portland.

He is survived by his wife, Mrs. Effie Eagle; by three daughters, Mrs. Bernice Wilson, Mrs. Martin Winther and Miss Marjorie Eagle; one son, Dwight N. Eagle and two grandchildren, all of Merrill. One brother, L. E. Eagle, Macon, Missouri, also survives.

Prizes Offered For Rebekah Lodge Articles

MERRILL—Prizes are offered this year by the state publicity chairman of Rebekah lodges for the most interesting newspaper article written on the official visit of the state president and on the number and interest of articles printed on lodge sessions between July, 1942 and May, 1943. Announcement of the contests came via letter from the chairman, which was read at the last meeting of the local lodge.

Mae Anderson is the new good of the order chairman.

Leona Bensley's committee entertained for members having birthdays in July, and following adjournment the Three Links club met to complete plans for the sale of Christmas cards again this year. Mrs. Vivian Haskins, president, presided, appointing a committee for the holiday sale headed by Mrs. Roy McNeill. She will be assisted by Ann Fruits and Beth Robley.

Carlson Acquires 1200 Acres From Smith Estate

P. C. Carlson has just acquired 1200 acres in the north Shasta Way district from the Smith estate.

The deal involves 200 acres, comprising Fairacres No. 2 tract, and 1000 acres of dry land. Fairacres No. 2 is in the Enterprise irrigation district. At one time it was cut up for subdivision, but later was taken off the market.

E. Gray handled the transaction.

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a youngster—Now her Backache is better

Many sufferers relieve nagging backache quickly—once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pain, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with astringent and burning sensations shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Down's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney troubles that cause poisonous waste from your blood. Get Down's Pills.

War Agency Orders Will Crack Down on Speeders

Orders of the war agencies will soon make any automobile traveling on the highways faster than 40 miles an hour about as conspicuous as a straw hat on Christmas.

Virtually every motor vehicle, with the exception of private passenger cars which are ineligible for new tires or recaps, will be under a strict 40-mile-an-hour speed limit on August 1 by OPA and ODT orders.

Even the private passenger cars have been asked to observe the 40-mile limit by official proclamation of Governor Charles A. Sprague and Joseph B. Eastman, ODT director, today asked that the proclamation be strengthened by executive order or legislative action, to give police power to make arrests.

Enforcement
The OPA war price and ration boards will enforce the 40-mile limit on all cars, private or commercial, which are eligible for new tires or recaps by refusing to grant tires or recaps to any car which has been driven in excess of 40 miles an hour. The boards are empowered to demand affidavits from all applicants attesting that the car has not been driven over 40 miles an hour and false swearing in these affidavits is punishable by fine and imprisonment under federal law.

Amended ODT orders which will take effect August 1 or are already in effect impose a 40-mile limit on all common carriers, contract carriers, private carriers and buses, which about takes in all commercial vehicles.

1942 WAR CRY
MUD SPRINGS, Ida. (AP)—Nez Perce Indians today renew their 40-year-old harvest feast celebration.

Sub-Chief Albert Moore of Lapwai proclaimed: "We have killed the beef." He added that 39 teepees were ready and there will be war dances. Also—

"Tell my people to bring their own sugar."

RICHARD NASH ENLISTS AS CADET

Richard Nash, 23-year-old son of Mr. and Mrs. W. E. Nash of 2550 Reclamation street, has enlisted as a United States naval aviation cadet, information received today from the office of Bert H. Creighton, senior member of the naval aviation cadet selection board, disclosed.

The prospective naval pilot was graduated from Klamath Union high school in 1937 and then went on to graduate from Oregon State college with the class of 1942. He majored in agriculture. In both high school and college Nash was active in events outside the classroom. In high school he was a member of the basketball team, played in the band, served as vice president of the senior class, and in college he was in the band, earned his numerals in track, was a member of the Phi Delta Theta fraternity. He took the primary and secondary courses

in civilian pilot training at Albany. He will start his training toward the golden wings of a naval flyer with an assignment to St. Mary's college in California.

COW CREEK BONANZA
HUTCHINSON, Kas. (AP)—Temperamental Cow creek overflowed the farm of James Redd again—and paid him well for his trouble.

The creek, crossed by 13 fairways of the adjacent Country club golf course, dumped bushels of lost balls onto Redd's land. He sold 'em for \$200.

This is the sort of weather that makes people wish that the man who invented work had finished it.

NOTICE TO Home Owners
Have that SEPTIC TANK cleaned before August 15. Prices will raise from 25% to 35% on that date. Most tanks need cleaning about every two years. Call 7633 for information.

on this application will be held at Bend at 1 p. m. August 10.

This is really one war. You cannot entirely disassociate one area from others. You have to consider the picture as a whole. You cannot say you will concentrate on one thing and neglect the others, as, for instance, in supplies.—Dr. Eelco N. van Kleffens, Netherlands foreign minister.
