## ALEUTIAN FORCE LONG UNIFIED OFFICER SAYS

SEATTLE, July 30 (AP)—United States forces in the Aleutian war zone, a high 13th naval district authority asserted today, have been under a unified command since some time before the Japanese attack on Dutch Harbor on June 3.

This unified command, the district's spokesman said, has received the "full cooperative assistance" of both branches of the service since its inception by joint order of the army chief of staff and the commander-in-chief, U. S. fleet.

Explaining the situation, the spokesman said: "Reports which refer to the existence of a unified command in the Aleutian war zone have wrongly implied that such a command has been established only in the very recent past."

"The fact of the matter is that a unified command of all forces operating in western Alaska had been established for some time prior to the attack by the Japanese on Dutch Harbor June 3. All forces, which successfully repelled that attack and the following attack on June 4, were under sole command of a senior naval officer present in western Alaska.

"These forces, as has already been made clear by previous announcement from the navy department, consisted of navy surface forces, army and navy air units, and garrison troops of the army stationed at Dutch Harbor for its protection.

## FIRING SQUAD EXECUTES SLAYER

SALT LAKE CITY, July 30 (AP)—Donald Lawton Condit, 25, was executed by a firing squad today for the slaying of Harold A. Thorne, Salt Lake City salesman.

Condit, a hitchhiker whom Thorne had given a ride, chose this way to die in preference to hanging, after he was convicted of first degree murder.

Five men from Iron county, where the crime took place, fired the lethal volley. One of the guns carried a blank but none of the executioners knew which of them held that gun.

The shots were fired at 6:08 a. m. At 6:11 the prison physician pronounced Condit dead. The execution was without untoward incident. Witnesses were admitted into the prison yard after Condit had been strapped to a chair facing a curtained recess where stood the firing squad. He showed no agitation and made no move as the four steel jacketed bullets plumped into the target pinned over his heart.

We Americans at home do not know the meaning of sacrifice. I say it is time we shed our genteel manners and customs and girded ourselves for the fight. It doesn't belong alone to our soldiers, sailors and marines.—Col. Richard C. Patterson, New York state chairman of the War Savings staff.

## Yank Bombers Over Tokyo Sounded Sweet to Internees

By JOSEPH DYNAN  
 LOURENCO MARQUES, Portuguese East Africa, July 24 (Delayed) (AP)—General Duollittle's raid on Japan provided the thrill of a lifetime for a group of Americans at an internment camp midway between Tokyo and Yokohama.

One of the U. S. planes flew directly over our camp and the music of its motors was sweeter than Beethoven's fifth symphony which our phonograph was playing at the time.

It was shortly after noon on April 18 that the big thrill came. We were having coffee and toast when the police rushed in to our camp excitedly and told us to extinguish the fires in the stoves and close the windows because there was an air raid.

We thought it was only a drill—even when we heard two tremendous explosions in the direction of the Kawasaki industrial area.

"B'ars" Are All Right, But Not in Sheep Camps

CRESCENT LAKE—"B'ars" are all right in their place, but their place isn't in sheep camps or forest service garbage pits, it seems.

Residents here are astounded at the numbers of bears apparently in residence near ranches and town.

A large one got tangled up in the woven wire fence at the Fred Hall residence and nearly had to be extricated by hand.

Workers said their plant committee's attempts at negotiation were rejected, so all joined the committee. Hedrick said he would ask the NLRB for a ruling on the committee-of-the-whole procedure.

**State Will Supply Over 100 Doctors**

SALEM, July 30 (AP)—Oregon is expected to supply 134 doctors to the armed forces by the end of this year, state selective service headquarters said today.

Doctors are subject to the draft the same as other men of draft age, but the doctors will be given opportunities to apply for commissions.

## RC CANNOT ACCEPT PERSONAL PARCELS

SAN FRANCISCO, July 30 (AP)—The Red Cross said today it cannot accept individual parcels from relatives, friends and organizations for war prisoners in the western Pacific and will carry only its own food packages on the relief ship it hopes soon to send into the war zone.

A. L. Shafer, Pacific area manager, and Charles E. Bailey, American Red Cross shipping administrator, explained that the belligerents would not allow distribution of any supplies other than those prepared and shipped by National Red Cross societies.

The two officials said the ship could take letters to war prisoners and interned civilians but only if the mail was dispatched officially recognized prisoners whose next of kin had been notified by the war department.

## MOTT SAYS OREGON WELL PROTECTED

WASHINGTON, July 30 (AP)—Rep. Mott (R-Ore.) left here Wednesday with a subcommittee on naval affairs to inspect southwest and Pacific coast naval installations.

Mott declared Oregon had the best protected shoreline in the country, but that he would spend a week or more at Tongue Point and Tillamook naval stations to determine what additional munitions and airplanes are needed.

He said house resolution 7419, passed last week, would provide \$5,000,000 for expansion at Tillamook and \$500,000 for Tongue Point.

## OUR MEN IN SERVICE

John Thomas Ray, member of a class of 421, was graduated from the basic flying school at Gardner Field, Taft, Calif. He will proceed from there to one of the advanced flying schools for ten weeks advanced course. Upon completion of this course, Ray will receive a commission as a second lieutenant in the air corps reserve.

Ray is the son of Mrs. Ruth S. Turner, 729 Main street, Klamath Falls.

Private Paul A. Brahe, son of Mrs. Sophie Spencer, 4328 Bissbee street, graduated with honors on July 16 from the Delgado Trade school in New Orleans as an airplane mechanic and was then sent to the Jackson air base, Jackson, Miss.

Bush Hayden, son of Mr. and Mrs. B. E. Hayden, who is a radio man with the naval air forces, passed through Klamath Falls on a troop train Wednesday. His parents were at the station to greet him. Young Hayden has been stationed recently at Alameda, Calif.

Irving H. Rauw has completed the air force advanced flying school training at Williams Field, Chandler, Ariz. He received his silver wings as a second lieutenant in the air force reserve on July 23.

## Coast Shipyards To Be Independent

WILMINGTON, Calif., July 30 (AP)—Plans to make Pacific coast shipyards independent of all materials from the east are being formulated, says Admiral Howard L. Vickery, vice chairman of the maritime commission.

He said plants were being established in this area to make steel, turbines, gears, equipment "and everything that goes into a ship," so that the yards would not have to call upon eastern mills.
