Ate With Thugs

Up to the window of Levi the grafter, steps Jesus with FOLLOW ME. At that Levi left all and followed Him. Hated and despised by his fellow Jews, was Levi. A traitor to them was he, for he laid the taxes and turned the money over to the Romans, who had conquered their country.

Since Christ had honored him with this call, LEVI in turn would honor Christ. Knowing our Lord's leaning toward the lost, LEVI bids in the underworld for a feast. What a gathering! Christ, the Son of God, in the midst and all about Him, those who lived on crime. And yet it was our Lord's liking, for He came to seek and to save that which was lost. That scene recalls to us the common people, for Christ was one with them in that He was a Man of Sorrows and acquainted with grief.

Do you follow Christ into the temple at Jerusalem that day when He pointed out the poor widow? The rich were pouring large gifts into the treasury of the Lord—but they had a plenty left. Then came this poor widow and cast in her pittance, but it was her all. To this day, the WIDOW'S MITE is the measure of your and my giving, for, said Christ, she gave her all, even to the price of her next meal.

Yes, Christ knew the heart-beat of us common folk, for He named Himself as being poorer than the birds and wild things. Foxes have dens and the birds of the air have nests but the Son of Man hath not where to lay His head. So He told it.

The months passed and the day came when He yielded up His life to become the Saviour of all who will trust their lives over to Him.

ONE—AT THE CROSS—God commended his love toward us, in that while we were yet sinners, Christ died for us. We set aside God's holy will—we earned against his law—we turned the curse and Christ suffered the penalty in our place.

TWO—THE BOOK OF REMEMBRANCE—From the moment you elect Christ to save you, your name is there written. Being now JUSTIFIED through His blood we shall be saved from wrath through Him, Justified—JUST AS IF WE HAD NEVER SINNED. So we are to God.

THREE—IN YOUR HEART, God through Christ enters and gives you the power of a new life.

FOUR—RESURRECTION MORN, Christ is to lift you out of the grave and give you a body like unto His own body of glory. What is your hope for this life and the next?

PLANS SHAPE UP FOR REAL ESTATE MEET

R. C. "Bogue" Dale, president Klamath Realty board, reports that preparations are rapidly being completed for the "David B. Simpson" eighth annual convention of the Oregon Association of Real Estate boards on August 6, 7 and 8, with convention headquarters at the Willard hotel.

This is a trade convention, requested by Washington, D. C., and sanctioned by the military authorities, designed to bring to the real estate profession of Oregon information as to how they may best serve during the emergency. Leading speakers on the program include David B. Simpson, Portland, president National Association of Real Estate boards (to whom the convention is dedicated), Dr. Donald M. Erb, University of Oregon, and William MacRossie, Greenwich, Conn., chairman American Institute of Real Estate Appraisers. The other speakers to be featured during the three-day conference comprise the leaders of each branch of the profession in Oregon.

Opens 10 a. m.
The gathering will be called to order at 10 a. m. Thursday, August 6, by Millard C. Holbrook, Portland, president of the association, and officially welcomed by Mayor John Houston and Klamath Board President R. C. Dale, Holbrook responding and making the keynote speech, "Real Estate and Oregon."

It will remain in session daily from that hour until about 2:30 p. m. Thursday evening will witness a banquet at which Dr. Erb will be the featured speaker on the topic "History and Destiny." This banquet being open to the public, Dr. Erb's fame as a speaker guarantees a capacity attendance, it was said.

Friday evening will have no banquet, but will be "Klamath Night," with the local convention committee putting on entertainment recruited from talent in the city. This is open to delegates only.

Annual Banquet
Saturday evening will be the occasion of the annual banquet of the state association, at which time National President Simpson will be the featured speaker. Association officers for 1943 will also be inaugurated at that time by Real Estate Commissioner Claude H. Murphy of Salem. Murphy will also act as personal representative of Governor Sprague. Other features of this gathering will be award of the attendance prize for the Realty board making the best showing and award of the annual golf tournament prizes, including the president's cup, given each year by the retiring president.

The local convention committee, in addition to their efforts for "Klamath Night," have gone all out to furnish entertainment for delegates during the convention. On Thursday afternoon, for the ladies there will be a boat trip on Klamath Lake, made possible through the cooperation of the California Oregon Power company and a number of local pleasure craft owners. Friday afternoon the ladies will be entertained with natural-colored motion pictures of Alaska shown by Senator Marshall Cornett. This will be followed by a tea in the Pine room, Elks lodge. The same afternoon, for those who desire to see the country, there will be a trip to the Tulelake area. Saturday afternoon an opportunity will be furnished to make an afternoon trip to Crater lake.

The annual golf tournament will be played at Reames Country club Thursday and Friday afternoons and it is expected there will be about 60 entries.

Convention Committee
While the business part of the program has been arranged by Convention Program Chairman William W. Barendrick, all other arrangements are in the hands of the local convention committee, of which H. R. "Dick" Maguire is chairman. Other members of the committee and their duties are: Hotels and accommodations, R. C. Dale; reception, R. H. Dunbar; transportation, R. P. Oliver; entertainment and golf, Fred E. Fleet; attendance, E. M. Chilcote; publicity, Frank Ira White.

Newton said that most of the men spent their spare time at the George A. White Service Men's club in Portland where all forms of recreation and relaxation are provided for them. None of them has escaped KP duty, he said, so that accounts for the way in which at least a part of their time is spent.

Carl A. Solberg, 1421 Esplanade, who enlisted through the local navy recruiting office on July 21 as electrician's mate second class in the construction regiment, has been called to active duty and left Wednesday, July 29, for Portland for further assignment.

ZANUCK SAYS WAR IN ALEUTIANS BAD

SEATTLE, Aug. 1 (P)—United States army signal corps cameramen are recording in still and motion pictures the story of the war on all fronts, Col. Darryl F. Zanuck, former film producer, said here last night upon his return from the Aleutians where he placed some of his men in strategic spots. He termed the Aleutians as the first part of the war.

The films are being used, mainly, he said to train the men who will some day be fighting on these fronts. Later they may be released in part for the public to see.

In June, Col. Zanuck, chief of the signal corps field photographic staff, was in England as a military observer at a commando's training center.

He said he thought he was seeing the best-trained and most efficient fighting men in the world. Then five weeks later he was in the Aleutians and he found there, he told newsmen, soldiers who are equal to the commandos.

"I'd rather fly to Berlin nightly than to Kiska once," he said. "I tell you, there's a hell of a war up there. Two wars really, one against the Japs and one against the weather."

CEILING CRACKS

WASHINGTON, Aug. 1 (P)—The wartime ceiling on food prices was punctured again yesterday as Price Administrator Leon Henderson exempted sliced and peeled apples from the general maximum price regulations.

Henderson previously removed price ceilings on canned and dried fruits and berries, peanuts and peanut products, and on low-priced and unadvertising pancake flour.
