INDIANS TO ELECT REPRESENTATIVE
Klamath Indians will elect a tribal representative to Washington at an election to be held Tuesday, August 18.

Polls will be open from 8 a. m. to 8 p. m. at Beatty and Chiloquin.

The Indians will elect one delegate instead of two this year. Candidates are Levi Walker, Boyd Jackson, Lee Corbell, Tom Lang, Dice Crane, Clayton Kirk.

Walker and Jackson represented the Klamaths at Washington last year.

EMPLOYEE HELD FOR HOUSING FIRE

BREMERTON, Aug. 13 (AP)—

A Puget Sound navy yard employee was taken into custody early today for investigation in a \$100,000 fire which destroyed five units of a new federal dormitory project last night, leaving 207 men homeless in this overcrowded city.

He was arrested, Police Chief Arthur Morken said, after an attempt had been made to start a fire in a dormitory unit across the road from those destroyed.

The only known casualty of the blaze, elderly Gust Erickson, who resided in a shack near the area, was recovering in a hospital from burns on the face, hands and body. Erickson, asleep when the fire reached his shack, was burned while escaping.

Taken to a hospital for treatment, he returned and rushed into the burning cabin to rescue a trunk containing his life savings. He collapsed when he brought it outside and was returned to the hospital.

Police Chief Morken said that three hours after the first fire broke out a fire was discovered in a lavatory of a dormitory unit, 70 feet away and across the road from the destroyed structures. It was discovered before it had an opportunity of spreading.

Morken said that paper towels in a waste paper basket had been ignited and paper towels

in a holder on the wall had also been set afire.

The dormitories were operated by the farm security administration, and were known as "Duration Dormitories," being lightly constructed with the thought they would be razed after the war.

ARMY FLIERS DIE IN CRASH

BAKERSFIELD, Calif., Aug. 13 (AP)—Three army fliers were killed late yesterday in the flaming crash in separate accidents of two training planes from Minter field.

The dead were announced by Lt. James A. Lewis, Minter field public relations officer, as:

Flying Cadet Paul C. Averill, Jr., 22, Boulder, Colo., next of kin, mother, Mrs. Paul C. Averill, same address.

Lt. Stewart T. Smith, 25, flight instructor, Manteca, Calif., next of kin, wife, same address.

Flying Cadet Herbert A. Jones, 22, (259 E. 2nd st.) Eugene, Ore., next of kin, mother, Mrs. Irma Jones, same address.

Averill was flying one plane solo. Lt. Smith and Jones were in the other. Lt. Lewis said no cause had been ascertained for either crash, which occurred within half an hour of each other.

Any victim of hay fever will tell you it's nothing to be sneezed at.

Boeing Official Says Tax Bill Would End Company

WASHINGTON, Aug. 13 (AP)—H. E. Bowman, of Seattle, told the senate finance committee today in a faltering voice that the pending revenue bill "probably would end the existence" of the Boeing Aircraft corporation, which manufactures "Flying Fortresses" and other military aircraft.

Asserting that the Boeing company, of which he is treasurer, would have to turn over 88.75 per cent of its net profits in taxes if the bill becomes law, Bowman said:

"I am here to plead with you for the life of this company because in our opinion this tax bill, if passed in its present form, will probably end its existence. I say this with all seriousness."

Bowman testified he had been urged by members of the senate defense investigating committee to protest against provisions of the revenue measure. He said that because Boeing has suffered heavy losses during the base period of 1936-39 while it was developing the Flying Fortress and other craft, and because it could claim only a low invested capital credit 96.6 per cent of

its net income would be subjected to the proposed 90 per cent excess profits tax.

"It is curious that I should be here to plead for the life of this company at a time when in Seattle the company and its employees are being given the army's a v. y. production efficiency award," Bowman said.

BILL VETOED

WASHINGTON, Aug. 13 (AP)—President Roosevelt vetoed a bill today to authorize temporary appointment or advancement of commissioned officers of the coast guard and geodetic survey in time of war or national emergency.

ACQUITTED

SOMEWHERE IN BRITAIN, Aug. 13 (AP)—The first United States army general court martial in Britain today acquitted Private Travis P. Hammond, 25, of charges of rape.

Drivers, do you know about how much mileage you have left in your poorest tire? If you don't, the state traffic safety division suggests you have a tire expert estimate the mileage, then budget this distance over the next two years. That shows you how far you can drive each week. And don't forget, high speeds cause greater tire wear so keep under 40.
