number of participating planes at 600. The assault was the third this week against German industrial centers. On Thursday night a force of approximately the same strength smashed at the former Polish port of Gdynia, only a few miles west of Danzig on the Baltic sea, and at Kassel, a locomotive-building center. Monday night Wiesbaden and Frankfurt were the targets.

Nuernberg is the home of a tank factory and has a large aluminum works manufacturing piston rods and castings. The Siemens-Schuckert factory there makes heavy electrical equipment. In striking at Nuernberg, the RAF was attacking one of the best-known German garrison towns. In recent years, it had acquired considerable notice as the parade ground and sounding board for the annual Nazi party conventions.

Royal Canadian Air Force fliers on the raid said conditions were so nearly perfect last night that every detail of the streets and buildings of Saarbruecken stood out in relief.

LUMBER OUTPUT DROPS 3 PER CENT

WASHINGTON, Aug. 29 (AP) The National Lumber Manufacturers association reported today that lumber production for the week ended August 22 stood at 126 per cent of the average of the corresponding week 1935-39, and shipments 139 per cent.

Production totaled 262,418,000 feet, which was 3 per cent less than the previous week, and 13 per cent less than the corresponding week a year ago. Shipments aggregate 278,879,000 feet, which was 3 per cent less than the previous week, and 11 per cent less than last year's corresponding week. Orders booked were for 267,616,000 feet, which was 3 per cent less than the previous week, and 0.5 per cent less than the corresponding week last year.

to her and she left to talk with him. "They seemed to be arguing," Walter Jensen, 16, was quoted. "Then he grabbed her and threw her to the ground."

Jensen was knocked down in a brief fight which followed. The others carried Mrs. Dyer into the house. Her husband, Don Dyer, 26, also an aircraft worker, arrived home a few minutes later. They discovered Mrs. Dyer had been stabbed. She died soon after.

KLAMATH LAGS IN KITCHEN FAT DRIVE

Klamath Falls housewives are falling behind other communities in saving and turning in kitchen fats, it was reported here Saturday.

Frank Lowell, operator of the Klamath Packing company, which is an official rendering establishment for the reclaimed fats, said Saturday that Lakeview housewives are turning back more fat than is coming from the Klamath kitchens, despite the comparative sizes of the two communities.

Klamath Girls Win Honors at Business College

Betty Fairclo, daughter of Mr. and Mrs. Jay A. Fairclo, now attending Armstrong college, Berkeley, Calif., was one of the students named in the recently published dean's list. To obtain this honor, a B average has to be maintained. She is a member of the Private Secretarial club and the Beta Sigma Delta sorority.

Mrs. Fairclo visited her daughter recently at Armstrong college.

Another Klamath Falls student who made the dean's list is Eleanor Jo Lust, daughter of Mr. and Mrs. L. F. Lust, Miss Lust, who is taking the private secretarial course, is making an excellent record since beginning her first quarter. Both Betty and Eleanor are graduates of Klamath Union high school.

British order showing that the big Dieppe commando raid was the beginning of an allied second front invasion. You will understand, of course, that German propaganda dares to show it was just that and that it was BEATEN OFF by the power of German arms. That makes the German order of propaganda's continuing purposes.)

NO one outside the top leaders on our side knows what the Dieppe raid really was. It may have been just a rehearsal. If it had been outstandingly successful, it might have developed into an invasion.

SO far, we have been dealing today with the forthright activities of FIGHTING MEN. Let us turn now for a moment to the devious and far less admirable activities of politicians. Henry J. Kaiser's outfit, you must have noted, is under attack in the courts for buying some steel at higher than ceiling prices.

Why? Well, as nearly as this writer can determine, he wanted the steel to BUILD SHIPS NOW, when they are so sorely needed, to FIGHT THE JAPS AND THE GERMANS with. In order to get the steel, he was willing to pay higher prices for it, thus reducing his own profits. Instead of praising him, the bureaucrats set the dogs of the law on him.

A SMALLER man might have been resentful. A VERY SMALL man would have been resentful enough to sulk in his tent.

Fortunately Kaiser is BIG. His Richmond yards have just launched a 10,000 ton ship in 24 days—faster than a ship of similar size was ever built before since the world began. Instead of being sulky and hurt and resentful, Kaiser announces today that he and "his boys" (meaning the men who work for him) will turn in and build a ship before long in EIGHTEEN DAYS. That is how BIG men react when their country is in dire peril.

WHEN this war is finally won, it will be men of imagination, initiative, courage and patriotism, like Kaiser, who will have been chiefly instrumental in winning it. The piddling political bureaucrats will only have hampered and delayed.

market suggested. In announcing the queen, Frank Jenkins made the suggestion enthusiastically received, that next year a 4-H wholesale market be established to aid in disposing of produce grown and to supply part of the million dollars worth of garden truck imported annually into this area. He pointed out that such a project would provide an added incentive to gardeners because of the financial returns and also give excellent training in grading and marketing to 4-H club members.

Awards of a 4-H summer school scholarship and a \$25 war savings bond went to Nancy Masten, named as having the championship exhibit at the show, and the highest rating in division 1, the display of five vegetables by boys and girls nine, 10 and 11 years old. Her sister, Virginia Masten took second place honors in this division and John Burnett, third. They were to receive summer camp scholarships.

town of Pakong and driving the Japanese southward. Several other points since have been taken in quick succession, including Kutungshan, Kweitouling and Nanchangau, and the Japanese still are retreating, with the Chinese in hot pursuit, the agency said. Meanwhile the Chinese in Chekiang province to the north reinforced their hold on the newly recaptured Chushien airfield from which United Nations planes may one day bomb Japan. Dispatches from the front said Chushien and Changshutan, five miles to the east, both had been occupied.

Talent Sawmills Purchases Timber On Umpqua Divide

ROSEBURG, Aug. 29 (AP)—Sale of eight million feet of timber on the Rogue-Umpqua divide to the Talent sawmills, was reported here today by V. V. Harpham, supervisor of the Umpqua national forest. The timber was sold on competitive bids and brought \$3.76 per thousand board feet for Douglas fir and \$2.10 per thousand for fir and hemlock. The company is preparing to move in logging equipment immediately and plans to take out five million feet of logs by the first of the year, Harpham reports. The tract carries a high percentage of peeler stock.

He Chinned Himself A Little Too Well

NEW YORK, Aug. 29 (AP) Matthew Mallahan, 20, was partly scalped on a subway train last night—and there wasn't a redskin in sight. Feeling energetic, Mallahan grasped two hand straps and went into a chinning routine. He had failed to consider the whirring electric fan above. Fordham hospital doctors said his head injuries were not serious.

4-H GARDENERS CARRY OFF PRIZES

demonstration team, Cora Young and Muriel White, were also presented at the afternoon program at which talks were made by H. C. Seymour, state 4-H club leader and A. H. Bussman of Murphey's Seed store, who provided all of the seed used by garden club members.

In announcing the queen, Frank Jenkins made the suggestion enthusiastically received, that next year a 4-H wholesale market be established to aid in disposing of produce grown and to supply part of the million dollars worth of garden truck imported annually into this area. He pointed out that such a project would provide an added incentive to gardeners because of the financial returns and also give excellent training in grading and marketing to 4-H club members.

Her sister, Virginia Masten took second place honors in this division and John Burnett, third. They were to receive summer camp scholarships.

Winner of a summer school scholarship for the best display of five vegetables by a boy and girl over 13 years old was Patricia Benoit, with Muriel White and John Bradley qualifying for summer camp scholarships with second and third places, respectively.

Awards of summer camp scholarships for top ranking displays of a single kind of vegetable went to the following: corn, Eva Ferber, first; Patricia Benoit, second; Barbara Dickson, third; carrots, Margaret McClellan, first; Daniel Hoffman, second; Melvin Meehan, third; beets, Eva Ferber, first; Melvin Meehan, second; Jean Thomas, third; cabbages, Daniel Hoffman, first; Melvin Meehan, second; Taylor High, third; onions, Gloria Stewart, first; Virginia Masten, second; Daniel Hoffman, third.

Flower Awards Eva Ferber was judged to have the largest selection of different kinds and varieties of vegetables grown in her garden, and Lois Schultz to have the newest and most unusual varieties. Each of them was awarded \$5 in war savings stamps. June Dickson and Barbara Schultz each received a summer camp scholarship for taking top ranking in the flower specimen and arrangement divisions respectively.

Canning Prizes Winners of the four divisions in the canning exhibit were Patricia Stewart, Gloria Stewart, June O'Brien and Cora Young, with Cora named grand champion, for which she received \$5 in war savings stamps in addition to the summer school scholarship awarded each of the first place winners.

In the flower show of the Altamont Garden club, sponsors of the joint show, awards were made to the following division winners: horticulture, Mrs. Bert Schultz, for tall phlox and Collette Schroeder for roses; novelty and artistic arrangements, Margaret McClellan, centerpiece arrangements, Mrs. W. H. McPherson; living arrangements, tall, Margaret McClellan; low, Mrs. Lee S. McMullen.

436 WAAC's Get Commissions at Iowa Ceremony

Rogers (R-Mass.) in her graduation address. Maj. Gen. J. A. Ullo, adjutant general of the army, administered the oath to the new officers, while Maj. Gen. Frederick Uhl, commanding general of the seventh service command, handed diplomas and commissions to the women.

They are scheduled for another two weeks' training—they began their schooling July 20—as officers before assignment to posts. Some will go to major recruiting offices, more will remain at the school to train other classes, and some may go overseas.

Among those receiving commissions were the following from the Pacific northwest: Louise A. Kennedy, Portland; Dorothy R. Bussard, Spokane; Dorothy J. Danton, Bellingham; Katherine P. Drahm, Olympia; Madeline M. D'Urbal, Spokane; Isabel B. Kane, Tacoma; Mary E. McGlenn, Bellingham, and Hazel H. Milbourn, Snohomish.

BATTLE OF NEW GUINEA GROWS IN INTENSITY

ians were in close contact with the enemy and indicated that the fighting was growing in intensity. A United Nations spokesman said torrential rains which hampered the early phases of the land and air battle had eased, but the troops still were fighting in heavy mud.

Overhead, American bombers escorted by Australian fighter planes raked Japanese beachheads, and a communique said "numerous fires were started." In the battle of the Solomon islands official silence hid any new developments since the navy's announcement that two Japanese naval squadrons had withdrawn under attack by United States fliers.

Farm Prices Stand At 163 Per Cent Of Pre-War Level

(Continued from Page One)

WASHINGTON, Aug. 29 (AP) Farm prices today stood at 163 per cent of the pre war level. The agriculture department reported that higher prices for meat animals, livestock products, tobacco and truck crops had resulted in a 9-point increase in the general level of farm products in the month ended August 15.

The increase raised the department's index 32 points above that of one year ago. All groups except cotton and cottonseed, grain, fruit and dairy products averaged above parity August 15.

Frozen Foods' Price Increase Gets OPA Oke

(Continued from Page One)

WASHINGTON, Aug. 29 (AP) Retailers and wholesalers of the 1942 frozen fruit, berry and vegetable pack were authorized yesterday by the office of price administration to pass along to consumers the exact amount by which packers' maximum prices were recently increased.

OPA warned, however, the increase to consumers must not exceed the amount of the increase in the packers' maximum prices. OPA estimated the retail price increase would average about 15 per cent.

Justice Court Records Moved to Memorial Building

(Continued from Page One)

Justice court records and files this afternoon were being moved from the county courthouse to the Memorial building where the court is moving into new quarters.

For years in the basement of the courthouse, the court will be held beginning Monday in offices on the ground floor of the recently renovated Memorial building directly across from those of the Klamath County Public Welfare commission. Justice of the Peace J. A. Mahoney, Constable Gary Corad and Mrs. Paul Bernadou, court secretary, will occupy the new quarters.

Dairy Men Appoint Committee on High Production Costs

Thirty-five local dairy men met in the office of County Agent Charles Henderson Saturday morning to consider problems imposed by the high cost of production which, they said, was threatening to force some producers out of business. A committee was appointed to represent them in efforts to work out a solution. Members are Lee Holliday, chairman, Elmer Scott, D. W. Turnbaugh, E. Tilton, Russ Leever and U. E. Reeder.
