

SEATTLE MEET TO DISCUSS SHOP ISSUE

Representatives of the Pine Industrial Relations committee and CIO International Woodworkers of America will meet with a war labor board panel in Seattle Thursday in an effort to settle a three-month-old union shop issue, it was announced today.

Merton T. Owre, secretary-manager of the PIRC, said that the panel, a part of the WLB's west coast organization, is composed of three men and is headed by Nathan P. Feinsinger.

The union shop issue is a hangover from May negotiations between the PIRC and the Klamath Basin District council of the CIO-IWA which resulted in a 7 1/2-cent per hour wage increase for 4500 of the unions members. The union is seeking a complete union shop with provisions for hiring new employees through the union.

The case will be the first question to go before the WLB and the ruling may constitute a precedent for the balance of the industry, Owre said.

He said the PIRC is taking the position that there should be no restrictions or conditions upon employment, particularly under the present emergency. Firstly, Owre asserted, the status quo should be maintained for those in the armed forces who may return to find that they must join a union to get their old jobs back, a condition which was not in effect when they left and in which they had no voice. Secondly, he said, there are a great many key men in war industry jobs who object to unionism and whom, if forced to join, would rather resign.

George Brown, district representative of the CIO-IWA, said that the union position is that if employees are not requested to become union members, the importation of outside labor, allegedly a current practice, will mean the gradual disorganization of the union. Brown said that the union must be maintained for the thousands of members now in the armed forces.

J. M. White of Weed, Calif., W. E. Lamm of Modoc Point and A. J. Glasgow and C. L. Isted of Bend, will represent the PIRC at the Seattle hearing.

BULLOCK CONFIRMS ATROCITY STORIES

PORTLAND, Sept. 2 (AP) — The Chinese are great fighters and if they had the equipment the Japanese have, Nippon couldn't make a dent in their land, said the Rev. Ralph B. Bullock, Portland.

The Rev. Bullock returned to America aboard the exchange ship Gripsholm and arrived in Portland Tuesday. He has been in the Orient as an independent missionary for 10 years, escaped from Kowloon to Hongkong island a short time before the Japanese seized.

The Japs, he went on, are fierce fighters who know no surrender. "They lack nothing in organization and courage. They had spies, maps and they knew where they were going."

He said the stories of Jap cruelties are "not propaganda. They had absolutely no regard for life, their own or others. They lined up 16 Canadian soldiers, tied their hands with ropes and bayoneted them. They bayoneted hospital beds, too. One man escaped by fixing bed covers so it appeared he was there, then ducked under his cot. The Japanese knife pierced mattress and slats, scratched his chest. He escaped."

VITAL STATISTICS

SWINDLER—Born at Klamath Valley hospital, August 30, 1942, to Mr. and Mrs. Homer J. Swindler, 4753 Frieda avenue, Klamath Falls, Ore., a boy. Weight: 7 pounds 13 ounces.

SCALA—Born at Klamath Valley hospital, August 31, 1942, to Mr. and Mrs. Dominico Scala, route 1, box 922, Klamath Falls, Ore., a boy. Weight: 7 pounds 4 ounces.

AMBROGETTI—Born at Klamath Valley hospital, September 2, 1942, to Mr. and Mrs. W. A. Ambrogetti of Sprague River, Ore., a girl. Weight: 6 pounds 1 ounce.

When It's Wash Day in the Tropics

With a clothes line strung from the fuselage (background) to tall assembly and a five gallon tin for a wash tub, members of the crew of a U. S. bomber do their washing at a tropical Pacific island base while curious natives look their plane over. The soldiers doing the wash are, left to right, Sgt. Eugene Davis, Williamstown, Mass., and Sgt. Russell Goodness, Nekeoosa, Wis.

Commando Service Club Room Opening Plans Made

Plans for the grand opening of the Commando Service Club room at 815 Main street are being formulated, with the date tentatively set for September 12, according to Commando Captain Bernie Heidemann.

A gala affair to which the public will be invited is being arranged to initiate the building, which is to be devoted to the entertainment and comfort of members of the armed forces while in Klamath Falls, she said.

Thanks Expressed

Rapid progress is being made in redecorating the large room donated for the purpose by T. B. Watters, with Commandos and many volunteer helpers giving it a "face lifting" with paint and kalsomine, hammers and mops. Dozens of items of furniture have been contributed by townspeople, eager to assist.

"Everyone has been amazingly generous and the Commandos want to express their appreciation for the fine cooperation they have received," said Captain Heidemann today. "Only a few more furnishings are needed now, especially overstuffed pieces and lounging chairs of all kinds. We have plenty of lamps and even a piano, but we will be glad to accept contributions of anything else along that line which people would like to donate or loan."

Building Donated

She said that the Commandos would like to publicly thank the persons and business firms whose assistance had made possible the realization of their service club plans. She listed them as follows:

T. B. Watters for donation of the building; California-Oregon Power company for lighting fixtures, wall plugs and installation; Klamath Heating company for heat and installation of fixtures; Laird's Freight line and the teamster's union for assistance with moving of furniture; George Conners for radio installation, phonograph and records.

Swan Lake Moulding company, Home Lumber company, Builders Lumber company, Big Basin Lumber company, Drake Lumber company, General Paint store, F. R. Hauger company, Lorenz company and Goeller's Paint store for 300 pounds of kalsomine.

Built-ins Made

Members of the carpenters' union headed by Earl Johnson, who worked nights to put in partitions, also furnished the lumber. Those assisting were Earl Godding, L. C. Wishard and Howard Burkhart. Gerhard Klinkhammer has agreed to construct bookcases and other built-ins needed.

Debbs Potts, Bud Ableman and Emmett Gillings for assisting with kalsomining, part of which was done by the girls themselves. In addition, members of the group have done all of the painting, both inside and out.

Sears Roebuck and company deserved special mention, Capt. Heidemann said, for the donation of 1000 sheets of stamped stationery, a large rug and a

len has been employed by the Balsiger Motor company.

Enlisted as electricians mate second class is Jess Frank Goheen of 422 Mt. Whitney. Dean Leslie Jones, of 2640 Kane street, is in the navy now, enlisted in the naval reserve, Class V-1, and will continue his studies this year at Oregon State college.

Additional enlistments announced today by the recruiters include: Thamer Ray Gonderman, Oroville, Calif.; Warren LaVerne Long of Lodge Pole, Neb.; Darrel Wayne Snow, 1800 Crescent avenue; Charles Hamilton Williams of Dumas, Ark.; James Walter Hamersly of Lakeview and John Joseph O'Gorman of Lakeview.

THREE DAYS PAY

The U. S. Marines Corps manual states that any Marine absent without leave on February 28 loses three days pay instead of one.

BARNEY DESCENDANT

Major General Clayton B. Vogel of the U. S. Marines is a descendant of Commodore Joshua Barney, famous sea fighter of the Revolution.

HIGH SCHOOL

News Notes and Comment

By ANITA GWYN

Along with it's being a bit on the warmish side yesterday, many students wished they were some place besides where they were and that doesn't necessarily mean in class. If you had been in any of the queues that wound down the halls, you'd know exactly what is meant. There were two columns zigzagging away from the doors leading to long-awaited for combinations and locker numbers, and another line of pushing, yelling humanity trying to get or rearrange a schedule. If the combinations were only sold in the home-rooms, it certainly would avoid all the mix-up and congestion in the halls and believe all of the students would heartily agree that something can be done. It is almost impossible to perfect a schedule system, so we'll just have to grin and bear it.

—Comart

freshmen, better known as rooks. These students will receive their inauguration in due time and until then we will wait patiently (?) for our just rewards, which were applied when we were but wee freshmen. Ahhhhhhh!

By the grapevine news service, we hear that the football is being kicked around down at Modoc field, but no official word has come from Coach Frank (Izzy) Ramsey. (Izzy Scotch or Izzy Irish?) He came from Corvallis this summer, but four years ago he coached the Wildcats here at good ol' KUHS. Welcome home, Coach.

Oh yes, the first game of the season will be played September 19 with Grant High of Portland.

TIRES REFUSED

PORTLAND, Sept. 2 (AP) — Rationing boards were ordered Tuesday to refuse tires to trucks reported by the state as having violated overloading rules, and to drivers arrested for reckless driving, Chief Rationer Clark Van Fleet reported.

BOXING COACH

Colonel Harvey L. Miller of the U. S. Marines has been secretary of the Washington, D. C., boxing commission and head boxing coach for Maryland University.

STATE BONDS

SALEM, Sept. 2 (AP) — The state of Oregon now has \$23,282,945 invested in government, state and municipal bonds, of which \$7,746,975 is in government bonds, State Treasurer Leslie M. Scott said Tuesday.

DUNCAN URGES NAVY ENLISTMENT

"Any able-bodied man can now enlist in the navy right up to the actual moment of his induction," announced Chief Gunners Mate F. R. Duncan, local navy recruiting officer, today, in encouraging men awaiting the draft call to investigate the opportunities offered by the naval service.

Continuing, Chief Duncan said, "the navy is wholly dependent upon volunteers to furnish its manpower. The army, with all its millions of selectees, is dependent upon the navy for safe conduct to the combat zone. Therefore, the strength of the navy is a determining factor in the opening of the second front."

Emphasizing that qualified men are enlisting daily in the naval branch with advanced non-commissioned officer ratings, Chief Duncan pointed out that all naval volunteers are given the chance to choose their own occupations while in the service.

That Extra Something!

...You can spot it every time

ON the campus or off, Coca-Cola has that extra something that rates with youth. That's why Coca-Cola—a long-established product—belongs to the younger set year after year. Choiceest, special ingredients and special care in its making, give Coca-Cola a special refreshing taste and quality.

This unique taste comes from a finished art in its making, unknown to others . . . a blend of flavor-essences merging the ingredients of Coca-Cola into a taste all its own. And it leaves that unmistakable after-sense of refreshment that everybody recognizes . . . and welcomes.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing . . . the real thing . . . "a single thing coming from a single source, and well known to the community".

"Let's go see if the Coke's in", and off they troop to enjoy youth's ritual of refreshment . . . a custom particularly "special" in these war days when there's less Coca-Cola.

The best is always the better buy!
