## LEADERS HOLD TO DOWNWARD COURSE TODAY

By VICTOR EUBANK  
NEW YORK, Sept. 11 (AP)—Stock market leaders generally held to a downward course today although scattered specialties put on a fairly strong performance.

The list extended Thursday's decline by small fractions at the start. Sizable blocks in the low-price bracket again accounted for most of the turnover of around 350,000 shares.

Bullish thinkers found little in the war news to inspire bidding. Two odd-lot, or 10-share trading units, U. S. Distributing preferred and Twin City Rapid Transit preferred, achieved popularity. The former was up 2 points to a new top since 1931 and the latter jumped more than 7 to the best level since 1937. Twin City common also made a new seven-year mark.

In the backward column the greater part of the day were Santa Fe, American Telephone, Standard Oil (N.J.), Sears Roebuck, Kennecott, Dow Chemical, Eastman Kodak, International Harvester, U. S. Gypsum and Standard Oil of Indiana.

Occasional gains were recorded for Market Street Railway preferred, Western Union, Bethlehem Steel and Johns-Manville. Bonds were mixed.

### CHICAGO WHEAT

CHICAGO, Sept. 11 (AP)—Government estimates of record and near-record wheat crops in Canada and the United States, as well as total domestic harvest of all cereals exceeding that of any previous year, caused grain futures prices here to decline fractions to about a cent a bushel today.

Reflecting the government estimate of a 211,000,000 bushel U. S. soybean crop, soybean prices tumbled about 2 cents.

Milling demand for wheat was not as good as earlier in the week and traders interpreted this as an indication that there has been a let-up in flour business.

Wheat closed 1-1 cent lower than yesterday, September \$1.22 1/2, December \$1.26-1.26 1/2; corn 1-1/2 off, September 83 1/2, December 85 1/2; oats 1-1/2 lower; soybeans 2c lower; rye 1-1/2c lower.

Soybeans fell as much as 4 1/2 cents at one stage but rallied. Despite the wide price fluctuations, trade was light.

### Third Suicide Try Successful

WALLACE, Idaho, Sept. 11 (AP)—The determined efforts of Richard Mikkola, 34, of Mullan to commit suicide were successful on his third try yesterday when he hanged himself in his garage.

Coroner H. C. Mowery said Mikkola drove his car off Look-out Pass highway Wednesday night and the machine rolled down a 500 foot embankment but did not seriously injure the driver. Later, Mowery said, Mikkola apparently attempted to end his life by burning his home down around himself. He left two notes but did not indicate a motive.

### FEW INFRACTIONS OF LAW REPORTED

DORRIS—Law enforcement officers of Dorris said this week they were pleased with the way residents and out-of-town visitors conducted themselves over the rodeo weekend. They reported only a few infractions of the law.

Captain George Daley of the state highway patrol, arrested Jack Ernest Delzell, Yreka, for reckless driving. Delzell was charged with standing up on the seat of a motorcycle and riding through the Dorris main street. Judge L. M. Chase suspended a \$5 fine.

Captain Daley also arrested George D. Northrup of Chiloquin on Labor day for drunk driving, no lights and unsafe equipment. Northrup was unable to pay a \$75 fine and was held in jail until Thursday.

Lawrence R. Hemenway of route 3, Klamath Falls, was cited by Highway Patrolman L. R. Linville Saturday for reckless driving involving a collision south of Cal-Ore tavern. Hemenway paid a \$25 fine. His car sideswiped another, badly wrecking both vehicles, it was stated.

### JOB 'FREEZE' STARTS EXODUS FROM DORRIS

DORRIS—Announcement of a government order freezing lumber workers to their jobs for the duration caused a general exodus of dust bowl states lumber employes from Dorris Tuesday and Wednesday, seriously crippling the city's output of lumber for war construction, it was stated.

Thirty-three workers had left the Dorris Long-Bell mill and Associated Lumber and Box company by Thursday. None had quit at the Dorris Lumber and Moulding company plant, 21 Cent.

A. Douglas Tennant, superintendent of the Long-Bell mill, said 12 men, all from Broken Bow, Okla., had quit and were heading back to their home state. All were employed on the night shift, and the mass resignation forced the night shift to shut down.

According to George Doran, manager of the Associated plant, 21 dust bowlers had quit almost in a body upon news of the freeze order. Doran said Thursday the night shift at his plant had not yet been forced to close down, but he declared other employes were working 16 hours a day to keep the mill open.

Both mill operators said they had received no specific instructions on the job freeze. Replacement of the men was found impossible because no workers were available.

Dissatisfaction with Dorris living conditions and prospect of a "freeze" here during the winter in unsuitable houses was the reason the workers quit, in the opinion of the mill operators and many local residents.

Whether or not the government will order the employes to return to their jobs here could not be learned.

### Public Officer With Armed Forces Can Be Candidate

SALEM, Sept. 11 (AP)—A public officer on leave with the armed forces may be a candidate for reelection, regardless of whether he is on duty in a foreign country, Attorney General I. H. Van Winkle ruled today for District Attorney George L. Anderson Jr. of Union county.

Van Winkle cited a constitutional provision that any man in the armed forces still retains his legal address in his home precinct.

He also ruled constitutional a 1941 law providing that public officers and employes entering the armed forces shall retain their jobs, and that a temporary successor be appointed.

| Municipal water works fund | 10,096.11   |
| Total                      | \$64,011.12 |

The audit further revealed that as of June 30, 1942, the treasurer's balance (general fund) was \$2625.01; bond fund, \$6260.72; street improvement fund \$315.98; municipal water works fund of 1940, \$46.89.

Uncle Sam swings no whip over your head, drives you with no gestapo in the support of his and your war funds. Investment in U. S. A. war savings bonds is voluntary, the democratic way. Make it in a big way.

The measure of opportunity to every American to share in the defeat of barbaric despotism is the measure of his responsibility through investment of more than 10 per cent in war savings bonds.
