NEWS BEHIND THE NEWS BY PAUL MALLON

WASHINGTON, Sept. 16.—The Japs wormed their tricky way through the Owen Stanley mountain pass, and have hidden themselves in holes and trees almost on the rim of Port Moresby...

The hard air bombing blow, which General MacArthur threw at their air bases last Sunday and Monday, has confirmed our superiority in the air throughout that whole area...

When and if they come out of their holes, they must also face heavy strafing and bombing from our free-flying air forces...

ASTRAKHAN is likely to be the next Nazi objective in Russia, after Stalingrad. The bulk of Hitler's great force, accumulated for the conquest of the key city of the Volga river...

Hitler's hold on Stalingrad will always have to be protected by a heavy defense line just north of the city, until he is able to push on eventually and free it from this natural pressure...

There is little to add now to the general popular understanding of the reasons for the unsuccessful defense of the city which bears Stalin's name...

Mr. Henderson's OPA, and Mr. Eastman's ODT, have been pulling under the table in a rather spirited inner contest for control of national gas rationing...

Klamath's Yesterdays

From the files—40 years ago and 10 years ago. From the Klamath Republican September 18, 1902 The Olene Land and Livestock company through its agent, I. D. Applegate, purchased 3800 head of fine sheep from Louis Gerber and A. T. Langell, last Saturday.

Last week L. M. Rhoads sold his ranch, one mile from town, to Louis Dennis. Portland markets—Potatoes, best Burbanks, 60 and 65 cents per cental; ordinary, 50 and 55 cents.

From the Klamath News Sept. 16, 1932 Ruth O. Bathiany, city treasurer, filed petition for reelection today.

Roy Francis Durbin, former proprietor of the Klamath Clothing Company, died Wednesday as a result of injuries received in an auto accident near Heppner.

Dick Reeder, advertising manager for Golden Rule, won a national prize for an ad written in a contest sponsored by a rubber company. Dick received a check for \$100.

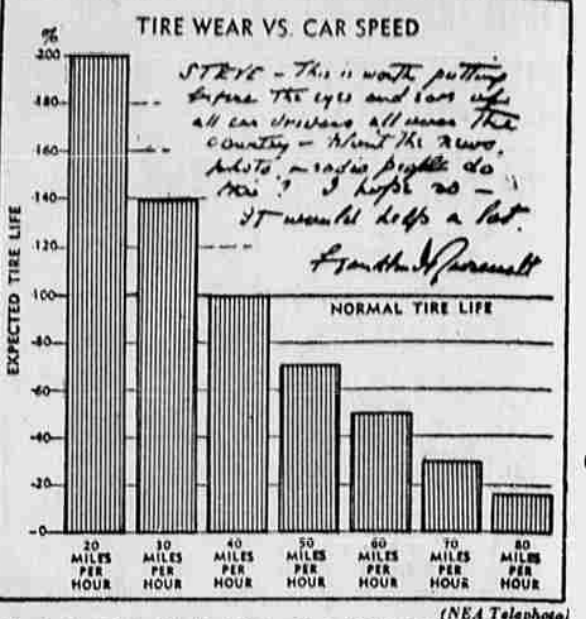

Pelicana, KUHS Radio Program, Resumes Thursday. With emphasis on variety, Pelicana, weekly radio presentation of one of the Junior English classes of Klamath Union high school, will be on the air again beginning September 17, 7:15 p. m., over KPJI.

This year, an entire new series of Pelicana will be given. A newscast will be presented one week, and a forum will be featured on alternating weeks. Lester Bishop is editorial manager of the newscasts and George Brown is editorial manager of the discussions. The class, consisting of 16 students, is directed by C. G. Woodhouse.

The great speed of the Flying Fortress enables them to carry out missions which the slower British bombers cannot attempt. —Col. John H. Jouett, president of the Aeronautical chamber of commerce.

Battles are not won by soldiers or sailors who think first of their own personal safety.—President Roosevelt.

Here's What Speed Does to Your Tires

This chart, sent by President Roosevelt to White House Secy. Stephen Early for distribution, shows how different auto speeds wear your tires. Look it over, motorist, and take heed because rationing is upon you. The chart was prepared by the Auto & Rubber Industries Tire Committee of the War Engineering Board. The note in the upper right-hand corner is to Mr. Early from the President.

Telling The Editor

Letters printed here must not be more than 200 words in length, must be written legibly on ONE SIDE of the paper only, and must be signed. Contributions following these rules, are warmly welcomed.

LOSS OF PET DEPLORED KLAMATH FALLS, Ore., (To the Editor)—This is war time. Everyone is supposed to drive at a moderate rate of speed, and in such a way as not to endanger life and to save his car, tires and gasoline.

Out here in the country we have a stretch of road that is a disgrace to any country and only by driving at a moderate rate of speed does one get by without shaking his car to pieces.

However, Saturday when the family was away, a car came racing by at such a rate of speed that a little white dog who was patiently watching for the family to return was run over and killed, and two little girls are heartbroken over the loss of their little playmate.

The little dog was just part cocker spaniel, a good little hunting dog but of no special use other than being a pet of the little girls. Surely if the one who thoughtlessly killed the dog had heard the heartbroken sobs of the girls

Grew Sounds Grim Warning to U. S.

BRIDGEPORT, Conn., Sept. 16 (AP)—The American people had a solemn warning Tuesday from Joseph C. Grew, former ambassador to Japan, that they were in danger of being enslaved unless they came quickly to a realization that the war "is the real thing, played for keeps."

The ambassador who returned from Tokyo on the exchange ship Gripsholm, addressing employees of the Remington Arms company Monday night, said the war would be "doubly long and hard and bloody" unless Japan's military might was "correctly assessed," but said the allies would win if everyone gave "his utmost support."

SING-SONG BONG

DENVER, (AP)—Burglars in a cafe scooped up six cartons of candy, contents of seven gum machines, and two pies. They also broke open a juke box and stole a record entitled: "Why Don't We Do This More Often?"

A Stern Warning to Us

WHATEVER else it may be, the Jap incendiary bombing incident in Curry county is a stern warning to us NOT to relax our home defense vigilance. Over at Brookings, only a few minutes away, as reckoned in terms of modern airplane speeds, all was quiet one moment. The next moment an enemy plane was roaring over to drop its fire eggs in the forests.

That can happen here. It can happen at any moment. In the Klamath country, as elsewhere, we were all stirred up over home defense in the tense days following Pearl Harbor. Then, as the days passed into weeks and the weeks passed into months and nothing exciting happened on the home front, our vigilance began to weaken.

We've kept up our organization, but it can't be denied that in recent months we've been just going through the motions instead of really putting our hearts into it. Not consciously, of course, but nevertheless actually we've come to feel that the war is a long way off and that nothing is going to happen here.

The Curry county incendiary bombing is a sharp warning to us to perfect our home defense organization so that it will be ready for any emergency that may arise. If and when the emergency arises, it will be SUDDEN. There will be no time for getting ready then. We must BE READY.

This thought isn't pleasant, but it must be faced: There can be no guarantee that Japanese incendiary bombing will be confined to the forests. Lumber is an increasingly important and vital war material. Lumber production can be effectively hampered by burning the mills. As one of the largest and most concentrated of the Pacific coast's lumber production centers, Klamath Falls might at any moment be the target for a Japanese incendiary bombing attack.

We've got to take off our coats and go to work anew on our home defense organization. It must be kept as nearly perfect as we can make it. If we should be caught unprepared, or only partially ready, the consequences would be terrible.

NOW is the time to get to work.

Extension Unit News

Monthly home extension unit meetings are to be held this fall as in the past, it was announced by Winnifred Gillen, home demonstration agent. Two of the early meetings will be on remodeling of clothing and cooking with war substitutes, including some simple desserts to satisfy those with a sweet tooth, she said.

Some of the units are having rally meetings this month. There will be installation of officers, a discussion of the program and filling out of program books. Plans will be made for future meetings and there will be discussions of local problems arising from the war situation.

Rally meetings which have already been held were those of the Weyerhaeuser Camp 4 unit on September 9 at the community hall, and the Bonanza-Langell valley group on September 15 at the home of Mrs. Ben Dixon. Scheduled to meet on Wednesday was the Fairhaven unit at the home of Mrs. C. T. Williams of Stewart-Lenox addition.

Meetings to be held during the remainder of the month are as follows: Altamont, Tuesday, September 22 at Mrs. Wes Harshey's, 4525 Bisbee street; Bly, Saturday, September 19 at the high school home economics room, Chiloquin, Wednesday, September 23 at the home of Mrs. Robert Allen.

Henley, Thursday, September 24, at the home of Mrs. Fred Mueller; Modoc Point, Thursday, September 17, community hall; Poe valley-Olene, Tuesday, September 22, at the home of Mrs. Rex High; Shasta-Homedale,

Friday, September 18, Shasta school cafeteria. All meetings will start at 1:30 p. m. except that of the Bly unit, which will be at 2 o'clock.

The Nova Scotians think it would be a swell idea to elect Roosevelt to a fourth term.—W. Raper, columnist.

Kept Promise

Lt. John James Powers, USN, above, missing in action, made good his word for the "folks back home," and for it was honored by President Roosevelt with a Medal of Honor. In a heroic action, Powers' dive bomber was destroyed by the explosion of his own bomb which he virtually laid "on the flight deck" of a Jap plane carrier in the Coral sea. He promised he'd get the carrier and he did.
