The St. Louis Cardinals look like they're just a deep breath and a loud sneeze away from the National League pennant now, and it's probably just as well for the cardiac condition and the nervous systems of Gus G. Fan and the kiddies that it's almost over.

Each time they go to the post, both outfits are keeping everyone—including themselves—in suspense from start to finish before making up their minds either to pull a game out of the fire or blow it.
They've been doing it with such regularity, as a matter of fact, that Gus and the kiddies now have their fingernails just about chewed down to the wrists. On Monday, for instance, the Cards had to go nine innings before they decided to knock over the Pirates.

And yesterday it was a case of "this is where we came in" again, although St. Louis didn't let it last as long this time before pounding the Pirates 9-3 to remain 2½ games up in the pennant race. With the win, the Birds moved into a spot where all they need to clinch are three victories, three Dodger losses or any combination of same.

But the Bums, on the other hand, had to come from behind three times yesterday against the Giants, and then Dolph Camilli had to club his 25th homer out of the ball park in the 12th inning to break it up and give the Dodgers a 9-8 victory.

Otherwise, pitching dominated the league front. Paul Deringer and Johnny Vander Meer served up a five-hitter and a three-hitter, respectively, and the Cincinnati Reds rolled over the Chicago Cubs with scores of 4-1. It was no trick at all for the New York Yankees to take a 3-1 decision from the Senators behind Alcy Donald's five-hit riffing. Dizzy Trout tossed a six-hitter as Detroit trounced the Chicago White Sox 9-2.

Whitman Squad Finds Only Few Veterans Left

WALLA WALLA, Sept. 23 (AP)—When Whitman college puts its 1942 gridiron squad into action against the Walla Walla Army Air Base team in the season's opener Saturday night, only a handful of veterans from last year's north-west conference second place eleven will be in the lineup.

R. V. Borleske, veteran coach, is accustomed however, to having to rebuild with a generous sprinkling of first-year men.
Borleske always has contended that baseball players make the best football backs, and this season he is recruiting some of Whitman's Diamond Stars to help fill the gaps.

Washington Body Downs Move to Cut Fish Limit

SEATTLE, Sept. 23 (AP)—The Washington State Sports Council Sunday defeated the Seattle Trail Blazers resolution to go on record for a reduced bag limit of 15 trout per day. It also voted down a resolution from the Thurston County Pogle club asking the state game commission to reconsider its action opening a game preserve between Budd Inlet and Mud Bay to deer hunters.

Joe Orvis, Olympia, was named to head the Sports Council's legislative committee; Will H. Cross, Spokane, big game; Paul Davies, Okanogan, trout; Lou Watson, Everett, migratory waterfowl; J. L. Wilkinson, Tacoma, resolutions; A. R. Larkin, Bremerton, spiny-ray fish; S. B. McDonald, Tacoma, predators.

Benny Hogan, Longworth Nip Portland Pros

PORTLAND, Sept. 23 (AP)—Ben Hogan, Hershey, Pa., golf's leading money winner, teamed with Ted Longworth, Portland professional yesterday and led the way to a 1-up victory over Al Zimmerman and Larry Lamberger, Portland pros.

The 6600-yard Alderwood course was lengthened for the war relief fund exhibition match, but Hogan turned in a 34-35-69, three under par.

The other pros responded, and the foursome turned in 10 birdies and an eagle. Longworth got the eagle, and Hogan four of the birdies. The match was not decided until the 16th hole, when both Zimmerman and Lamberger slipped over par.

Cardinals to Pit Fine Hurling Staff Against Yanks

(This is the first of a series comparing prospective rivals in the 1942 world series.)
By GAYLE TALBOT
NEW YORK, Sept. 23 (AP)—"Sure," conceded the American league man, "I wouldn't be surprised to see Mort Cooper pitch a whale of a game against the Yankees. They can be pitched to like any other club. Cooper

might hold them to four or five hits and maybe a single run."

He and the National league man had been losing the coming world series around orally for some time when the American made his disarming concession. The National leaguer beamed his surprise and delight, but before he could think up a suitable appreciative reply, his antagonist said, "And

you know what'll probably happen to Cooper? Spud Chandler or Ernie Bonham or somebody else on the Yankee staff will be having a hot day and Cooper will get beat about 1 to 0. That's what I mean about Cooper not winning the series for the Cardinals."

The writer regards this as a graphic summing-up of the pitching potentialities of the two

clubs that probably will play the first game of the big series a week from tomorrow in St. Louis. Brooklyn still has a mathematical chance to beat out the Cards in the National league, but actually the Dodgers were licked a week ago.

The American leaguer, of course, was giving only his side of the argument. The same thing could and probably will happen to one or more of the Yankee flingers if the Yankees have the best pitching staff in baseball, as is widely believed, then the St. Louis Cardinals certainly have the second best.
It should be one of the best pitched world series in a long time, with the scoring exceptionally low. The Cardinals staff must be regarded as stronger than the Brooklyn staff of a year ago. Manager Billy Southworth of the Cards, at least, will not have to start a couple of such veterans as Curt Davis and Fred Fitzsimmons, who led off against the Yankees in the first and third games of the '41 series. While Cooper, with his fine fireball and great variety of stuff, is the one who will have to turn the Yankees back a time or two if the Cards are to have a chance of winning the series, he lacks considerable of being the "Cardinal staff."

HORSE NONSENSE

JEFFERSON CITY, Mo. (AP)—The horse, now that it has the auto on the run, is showing no mercy.

John Carter's horse crashed headlong into a motor car. The headlights were damaged, but not the horse. Cain explained he "lost control."

About the first thing Coach Monk Simons said yesterday when he arrived here with 31 Tulane university football stalwarts was:

The traditional place for a coach during a game is the players' bench on the field. Sports reporters, however, say they get a better view of what is going on from the top of the stadium.
"I'm sure I can do better work from up there and I believe I'll try it," Schwartz observed today in discussing his proposed change of directional position.

RAILS SPARK UPSWING ON DAY'S MARKET

By VICTOR EUBANK

NEW YORK, Sept. 23 (AP)—Rails sparked a general upturn in the stock market today and leaders showed closing gains ranging from fractions to around 2 points.

Interest in the carrier shares was the chief factor in a rise in stock exchange volume to the best figures in three months at more than 700,000 shares.

Steels and aircraft kept pace with the rails most of the session widening their gains on expanded buying near the close. In this late drive many other industrial overcame fractional losses to finish moderately higher.

Expectations of further dividend resumption on rail shares and favorable interpretation of the day's war reports bolstered bullish sentiment in speculative quarters.

Several carriers entered new high ground for the last year or longer.

Up a point or more at the end were U. S. Steel, Bethlehem, Boeing, United Aircraft, Sperry, Du Pont and Atlantic Coast Line.

Fractionally improved were Santa Fe, Great Northern, General Motors, Chrysler and J. C. Penney. Eastman Kodak and Douglas Aircraft each pushed more than 2.

Rail loans stretched their recent rise in the bond market.

Four New Nazi Warplanes Indicate Retooling Swap

By WES GALLAHER

LONDON, Sept. 23 (AP)—Qualified British observers said Monday that the appearance of four new German high-performance warplanes on the world's battlefronts in the past few weeks indicated that Reich-Marshal Goering had achieved a major retooling "swap over" in the German aircraft industry.

They said the use of the new model fighters and bombers in battle showed that they were in mass production despite the opinions expressed by some air experts that the Germans would be unable to make major changes in models during the heat of the Russian campaign.

The latest German fighter was reported by the Russians yesterday to have made its appearance in action on the Russian front. It is the Messerschmitt 109-G described as a high altitude, partly armored plane with a liquid-cooled 1700-horsepower engine. Experts here said such a plane would be a formidable addition to the Luftwaffe's vaunted Focke-Wulf 190, already reported followed up by an improved model.

(Red Star, the Russian army

newspaper, said the Me-109-G, although armed with three cannon and two machineguns, lacked the speed of earlier model Messerschmitts. The newspaper said the 109-G would do 250 miles an hour at 3000 feet and 325 at 12,000 feet.)

It has been confirmed officially that the Germans have used a new Heinkel 177 four-motored, two-propellered heavy bomber over Britain recently.

Unofficial sources have reported the appearance, also, of a pressure-cabined junkers 86-P bomber reconnaissance plane with a ceiling above 40,000 feet.

Regarded as a significant feature common to the JU-86-P, the new FW-190 and the ME-109-G was the fact that they all were reported capable of operating above 35,000 feet—out of anti-aircraft range.

Sources here said the Heinkel 177 can operate at about 23,000 feet on bombing missions, and that this was about the height from which the Flying Fortresses of the United States army air force bombed German-held territory in Europe successfully by daylight.

WHEAT

CHICAGO, Sept. 23 (AP)—

Wheat prices gained about a cent a bushel in early trading today, reaching best figures in the last 3 to 4 months, and then spent the remainder of the session fluctuating nervously just below the day's highs.

Washington reports of a move in the senate to revise the basis of calculating parity prices so that ceilings on farm commodities may be higher than present parity figures stimulated buying. Demand also came from mills and lifting of hedges in connection with sale of more than 300,000 bushels for shipment out of Chicago, largest business of this nature in weeks, added to support.

Wheat closed 1-1¢ higher than yesterday, December \$1.28 1/4, May \$1.31 1/4; corn 1-8¢ up, December 86 1/4, May 90 1/4; oats 1-8¢ higher; soybeans 1-4¢ advanced and rye 1-8¢ higher.

Oregon has an excellent record in reducing accidents involving school children, declares a statement from the state traffic safety division. This record can be maintained if parents, teachers and children all cooperate in developing safe walking practices this year. Walk only to the left, keep off the paved portion

of the highway and avoid walking two or more abreast in the path of traffic.

We should trim our sails for a very long war—Admiral Stark, commander U. S. naval forces in European waters.
