

HATE YOUR FOES, SAYS MUSSOLINI

ROME (From Italian Broadcasts, Oct. 1 (AP))—Premier Mussolini told Italian blackshirt battalions today that "to love Italy more than anything else and to hate her enemies more than anything else" was the watchword for the 20th anniversary of the foundation of the fascist movement.

The occasion of his address was the first anniversary of the founding of the blackshirt battalions. He distributed decorations to members cited for bravery and reviewed some units newly assigned to front-line duty.

Mental and physical strength characterize the blackshirts, the premier said.

"You are worthy of living in this most important period of the war and to have a share in its decision," he said.

UNHAPPY STOMACH
BALTIMORE, (AP)—An apprentice seaman who declared his wife gave him nothing but canned food in their six months of married life was granted a divorce by Judge George A. Solte.

The seaman, John G. Kasin, said he lost 25 pounds and had to undergo treatment for a physical disorder.

OUR MEN IN SERVICE

AVIATION CADET—The Boyd Bruners of Olene have received word that their son, Lewis Alden Bruner, has been transferred from Palm Beach, Fla., to Maxwell Field, Ala., where he is taking training as an aviation cadet.

Before being sent to Florida, he had been in training as a radio technician at Scott Field, Ill.

The Herald and News sometimes get some oddly directed information for the "our men in service column."

An example is an army release from Camp Polk, La., directed to the Evening Herald, Klamath Falls, California, received a few days ago. The release bore the information that Private Harold Gess had arrived at Camp Polk and gave Private Gess' address as General Delivery, Eureka, Calif., stating also

that the Evening Herald is the newspaper generally read in Private Gess' home town.

OVERSEAS—Private Jack Bowers is somewhere overseas with a chemical warfare division, and has not been heard from for four months. Young Bowers, who was a student at KUHS, enlisted in the United States army in December, 1941, took his basic training at Edgewood, Md., and was transferred back to Palo Alto, Calif., prior to his departure for points unknown on June 1. He is the son of Mrs. Virgil Andersen, now of Silverton, Ore., and the grandson of Mrs. Anna Richards of the Klamath county library staff.

George M. Parker says he thinks "the navy is a fine place" in writing from San Diego, where he is stationed, to friends

in Klamath Falls. He formerly lived at 4621 Blisbee street and was employed by the Weyerhaeuser Timber company. He is known to many here, having been an active member of the Loyal Order of Moose, the AF&AM and the First Baptist church.

Lester E. Thayer, box 522, Klamath Falls, is now undergoing a four-week non-commissioned officers' course at Camp Roberts, Calif.

FORT KLAMATH—Alfred B. Castel, Jr., 19-year-old son of Mr. and Mrs. Alfred B. Castel, Sr., is awaiting the call to service with the aviation cadets. He successfully passed the examina-

tion held September 18 in Klamath Falls. Young Castel has been employed locally by the Algona Lumber company this season, and will continue to work in the woods until called to service.

DAIRY—Mrs. Martha McCumber has received word that her son, Harry, has been promoted to sergeant. Sergeant McCumber is stationed in Santa Barbara, Calif.

FORT KLAMATH—"Dear Mom, I am still all right and hope you have not worried too much. Lots of love, Don." Mr. and Mrs. Bert Gray of Fort Klamath were mighty glad to receive the above brief mes-

sage last week from their son, Private First Class Donald Gray, who dropped into silence when he left with the U. S. marine corps for parts unknown on June 7.

Probably the most unique communication to pass through the local postoffice, the note, dated August 18, was pencilled on a square piece of corrugated cardboard evidently cut from a carton of canned food, as it bore the imprints of cans on it, and was without an envelope. It was unstamped, too, being "free" mail.

Assuming that their son is somewhere where stationery is an unknown quantity, his parents immediately sent him a supply of paper and envelopes—

addressed to Camp Elliott, Calif. The 17-year-old Don enlisted over a year ago in the marine corps, and had been stationed at San Diego, Calif., prior to shipping out.

DAIRY—Dunham Arant, son of Mr. and Mrs. Herbert Arant of Dairy, has been transferred from South Carolina to St. Petersburg, Fla., for further training in the U. S. army medical corps, according to word received here.

BELL RINGER
KANSAS CITY, (AP)—Louis Kutchko threw a 24-inch bell on the scrap metal pile near his home. It was, he learned, a mistake.

The bell went bong! Bong! Every time someone else threw on another piece of metal. Children kept ringing it, too. Unable to sleep nights, he finally went out and reclaimed the clapper.

CONSERVATIVE MEASURE
In England, it is now against the law for a motorist to stop his automobile without stopping the engine. This is done to conserve fuel.
