

CIVILIAN MEAT SUPPLIES CUT BY 20 PER CENT

WASHINGTON, Oct. 2 (AP)—The amount of meat for civilian consumption was cut nearly 20 per cent today by a government order intended to assure sufficient quantities for the armed forces and lend-lease.

A preliminary to the meat rationing program which will limit consumers to about two and a half pounds a week by the end of the year, the order was issued to meat packers last night by the office of price administration.

Limitations

The directive, effective until December 31, specifies the amount packers may distribute for civilian use. Large packers slaughtering more than 500,000 pounds quarterly were ordered to reduce beef deliveries to 80 per cent of the amount distributed in the same period last year. Pork deliveries were cut 25 per cent and lamb and mutton, 5 per cent.

Smaller slaughterers were instructed to limit deliveries only to the amounts of their 1941 deliveries.

OPA's food requirements committee previously indicated veal would be cut to 80 per cent of the 1941 delivery. OPA, however, explained the armed forces did not plan to consume as large quantities as expected and consequently, veal deliveries would be limited to the amount delivered in the same period last year.

BURTON ASKS UNITY ON ALASKAN FRONT

CHICAGO, Oct. 2 (AP)—Senator Harold H. Burton of Ohio, who recently returned from a trip to Alaska for a senate investigating committee, declared today the Alaskan front "must be held at all costs" and there "must be a unity of command there."

He spoke before closing session of the conference on wartime mortgage financing of Mortgage Bankers Association of America.

"The direct route to the heart of Japan obviously is the Alaska route," he said. "We are there only 2500 miles from Tokyo. The Japanese defenses to the north are far weaker than those to the south. The northern route is shorter for us. We must not lose control of one foot of it, nor neglect the opportunity we now have to open and prepare this route so that some day it will be suited to the needs of an irresistible avalanche by air, land and sea that will win our war with Japan."

NO APPEAL

PORTLAND, Oct. 2 (AP)—The democratic state central committee announced today it would not appeal the decision of Circuit Judge E. M. Page of Salem denying the party the right to insert President Roosevelt's picture in the Voter's Pamphlet.

The only peace I'm interested in is a peace that will assure the complete annihilation of the German and Japanese ideals of government. — Col. Roane Waring, new national commander of the American Legion.

I do not see that the United States will be able to disarm (after the war) as she did after the last war. — Louis A. Johnson, presidential adviser.

Mail Early to Give Boys Overseas a Merry Christmas

SEND: Candy, cigars, cigars, tobacco, soaps, toilet articles, fountain pens, stationery, Bibles, books of short stories, other unbreakable gifts in small packages.

DON'T SEND: Food, heavy clothing, perishable matter, intoxicants, poisons, inflammables like matches or lighter fluid.

Uncle Sam wants you to get the Christmas spirit early if you're playing Santa to any of the boys overseas. If you're planning a package for any of the U. S. armed forces in Alaska, Australia, Egypt, Iceland, England, Ireland, the West Indies, or elsewhere abroad, the postoffice department asks that you mail parcels and cards between Oct. 1 and Nov. 1, the earlier the better; that parcels be not over six pounds and not larger than a shoe box; that they be plainly addressed and labeled "Christmas mail."

OUR MEN IN SERVICE

ST. LOUIS, Mo. — Receiving instructions that will prepare him for advancement in the U. S. navy, Gail C. Lusk, 21, son of Mr. and Mrs. Herman Lusk, Klamath Falls, is now enrolled in the new training school for electricians at the St. Louis naval armory here.

Bluejackets attending the school are trained in the use and repair of all types of electrical equipment carried by the fleet, in addition to advanced practice in military drill and naval procedure.

On completion of the 16-week course, Lusk will be eligible for promotion to the rating of third class petty officer. He then will be assigned to a ship with the fleet, or to a naval shore station.

Enlisting in the Navy last June, he received his recruit training at the U. S. naval training station, San Diego, Calif.

Corporal James G. Crane, having successfully completed his three months course at the air forces officer candidate school at Miami Beach, Fla., has received his commission as Second Lieutenant in the air forces of the army of the United States. His duties will be to direct vital administrative and supply operations of the rapidly expanding army air forces ground forces, thus relieving trained pilots for full time flying duty.

As a civilian, Lt. Crane lived at P. O. 148, Klamath Falls.

Private William C. McClymonds of Tulelake, has been awarded a diploma qualifying him as a radio operator, after completion of a course at Fort Knox, Ky. He is in the armored force.

First Class Private Robert F. Anderson, route 1, box 915, Klamath Falls, has been promoted to the rank of technician, fifth grade, at the armored force school at Fort Knox, Ky.

Mrs. Albert Barrett, of route 3, box 305, Klamath Falls, who

has four boys in the service, has just received word from Marvin E. her boy in the navy, that he has been transferred to the Naval Air Base at Corpus Christi, Tex., for indoctrination. Barrett hopes to attend the Yeoman school after he finishes his indoctrination.

Barrett graduated from Keno high school this year and enlisted as apprentice seaman through the local navy recruiting office. In his letter to his mother he writes "the Japs can't possibly win when all these sailors and soldiers get under way."

James Frederick Lloyd, 20, of 203 Washington street, Klamath Falls, was enlisted in the naval reserve as aviation cadet in Seattle, Wash., September 26. Lloyd applied for enlistment through the local recruiting office September 24. Information as to where and when he will receive his training is not available.

Web "E" Van Meter, 39, box 555, Dorris, was sworn into the U. S. naval reserve, September 29 as motor machinist's mate second class. Van Meter was employed by Bill Raymond, logging contractor.

Daniel Horgan, 43, Lakeview,

OREGON GOP CLUB CONVENTION OPENS

EUGENE, Oct. 2 (AP)—With a large attendance expected despite wartime travel restrictions, the ninth annual convention of Oregon republican clubs was scheduled to get underway here this afternoon at 2 p. m. when Ben F. Dorris, Eugene, general chairman, calls the session to order.

Already more than 200 delegates have been certified to the convention, with several additional clubs yet to be heard from. Keynote of the opening session will be Niel Allen of Grants Pass, chairman of the Oregon State central republican committee. Committee and officer reports will follow with the major part of the afternoon scheduled to be devoted to an introduction of republican candidates for the state legislature.

79TH SHIP

PORTLAND, Oct. 2 (AP)—The Oregon Shipbuilding corporation launched the Salmon P. Chase today, its 79th Liberty ship. The Chase was named after Lincoln's secretary of treasury and was constructed in 29 days.

was enlisted September 30 in the naval reserve. Horgan was born in Ireland in 1899, and came to this country in 1925 and made his home in Lakeview, where he has been with the state highway department.

ARNOLD, BACK FROM PACIFIC, LAUDS PLANES

SAN FRANCISCO, Oct. 2 (AP)—Lieut. General Henry H. Arnold, chief of the U. S. army air forces, returned to the United States last night from a 22,000 mile aerial tour of the South Pacific, highly pleased with what American airmen are accomplishing, the Fourth Airforce announced today.

General Arnold made the two week trip in an army bomber, accompanied by Brigadier General "Bill" Street and other staff officers, to get a first hand view of what American warplanes are doing in action.

Flying Forts Tough

"Our fighter planes are doing a splendid job," General Arnold said during a brief stopover in San Francisco after flying back to Washington. "In combat they are bringing down an over-all average of two and a half Zeros to one of our planes lost. In August this average took a tremendous leap of five to one. That is a record that speaks for itself.

"Our bombers in the South Pacific are in a class by themselves. Pilots swear by the Flying Fortresses and the B-24s. The Flying Fortress is the toughest plane in the air, as had been proved time and again in Java, the Solomons and recently in Europe. Japs, heat and tropical storms are all taken in stride with almost no combat losses of the big planes.

"Nor can too much be said for the boys who are flying these planes in that theater of war. They have, and are, winning battles and returning to their bases under staggering hazards."

TALL REQUIREMENT

NEW YORK, (AP)—The Stratoliner club, a group of girls over six feet tall, is giving a dance Saturday night and they want dates they can look up to, literally.

With most of the men in the club wearing uniforms, the girls have opened the dance to all soldiers, sailors, marines and merchant seamen who meet their one requirement — they have to be at least six feet two inches tall.

The general purpose ration books will be out by Christmas. That's one thing you won't be able to exchange.

MITTENS AND SOCKS MATCHED IN KNITTING

by Alice Brooks

Be ready for winter days—knit this smart set of mittens and socks. The pattern stitch is easy and yet so effective. The socks can be made ankle or knee length. Pattern 7409 contains directions for making mittens and socks in small, medium and large size; illustrations of them and stitches; materials needed.

To obtain this pattern send 11 cents in coin to The Herald and News, Household Arts Dept., Klamath Falls. Do not send this picture, but keep it and the number for reference. Be sure to wrap coin securely, as a loose coin often slips out of the envelope. Requests for patterns should read, "Send pattern No. to followed by your name and address."

Speeder Reports Quashed in Idaho

BOISE, Oct. 2 (AP)—Gov. Chase Clark forbade state policemen today making reports on speeders direct to tire rationing boards so that applications for new tires would be denied them.

"This would convict—or at least apply the penalty to—these people without giving them an opportunity to be heard," he said.

SPRAGUE, OWEN TO CONFER ON DEFENSE

SALEM, Oct. 2 (AP)—Governor Charles A. Sprague and Jerrold Owen, state defense coordinator, will fly to Seattle tomorrow morning for a conference with military, naval and civilian defense officials for the purpose of forming a closer relationship.

Others attending the conference include Admiral C. S. Freeman, commandant of the 13th naval district; Major General James I. Muir, commanding the northwest sector of the western defense command; Stanley W. Donogh, director of the northwest sector office of civilian defense; Governor Arthur B. Lange of Washington; Colonel J. W. McCaully, commanding the fourth fighter command in the northwest sector; and civilian defense officials of Washington state.

Two Narrow Escapes Were Enough — The Third Backfired

TILLAMOOK, Ore., Oct. 2 (AP)—Two narrow escapes were all the C. W. Bruce family got yesterday—its luck played out on the third.

Bruce returned from work to find one of his children chewing on what looked to him like a dynamite cap. His wife said she had been about to throw it into the fire when the child asked for it.

Bruce pried into the object with a toothpick—and it turned out to be a dynamite cap all right. It exploded, blowing off two fingers of his left hand and also severely injuring his right.

1200 Workers Now Imported To Kaiser Yards

PORTLAND, Ore., Oct. 2 (AP) Kaiser special train No. 3 rolled into Portland today (the first two discharged at Vancouver), bringing 310 easterners to work in the Swan Island shipyards. This lifted the total of imported workers for Portland-Vancouver yards to 1200. All told the Henry J. Kaiser operations expert to import about 20,000.

The newcomers will be housed in recently-constructed one-room apartments at the University Homes emergency housing development.

The political sniper today is just as dangerous as the Jap

sniper in a palm tree. The man who stirs up differences between racial and religious groups is as dangerous as the stuka. — Secretary of Navy Frank Knox.
