PESKY SPARROWS

Sparrows, unknown in Australia until imported by settlers, have become such pests in some parts of the continent that, in one district, there is a price on them and their eggs. The Italians lost 2000 more guns at the battle of Caporetto, in 1917, than the allies lost in Belgium in the present war. As fixed by law, there is one chaplain for each 1250 of the total personnel of the United States navy and marine corps. Lakes Ontario and Huron have a larger area in Canada than in the United States.
