# IWA SIDESTEPS BRIDGES ISSUE FOR TWO YEARS

**SPOKANE, Oct. 9 (AP)**—The International Woodworkers of America (CIO) have sidestepped for at least two years the problem of supporting Harry Bridges' fight against deportation to Australia.

Delegates to the annual convention consumed closing hours of the meeting—already forced into an extra day—in acrimonious debate yesterday over a resolution to ask Aitj. Gen. Biddle to reconsider the deportation order, then tabled the measure until "the second day of the convention at 2 p. m., 1944."

Strongest support for the resolution had come from northern Washington, northern California and northern Middle-west delegations.

Delegates, however, had previously voted to ask the attorney general to review the case of William (Bill) Anderson, Aberdeen, Wash., union leader who is serving 11 months in prison for improper entry into the United States.

Passed almost without discussion were resolutions confirming the convention's support of President Roosevelt and denouncing John L. Lewis as a menace to the nation.

**Sacramento, Calif.**, was named as the 1943 convention city.

**LA GRANDE, Ore., Oct. 9 (P)**—Two convicts ran up against the army late yesterday and their escape from the Washington State Penitentiary came to an abrupt halt.

**After eluding police** in a series of bold dashes in stolen automobiles, Merle Luby, 25, and Cecil Brown, 30, encountered an army convoy south of Haines.

**State Policeman Roy Nelson** said an army officer fired on the two fugitives after they attempted to force the convoy off the road. The convict who was driving ran the car off the road and the two men were recaptured.

**After escaping from the prison** at Walla Walla yesterday morning, the two were chased from La Grande to Union, where they ran through a highway barricade and a barrage of gunfire laid down by officers, before going to Haines. Bullet holes were found in two of the cars stolen by the convicts but neither man was wounded.

**Last Indictment Against Boylen Is Dismissed**

**PORTLAND, Oct. 9 (P)**—Last of the indictments against Thomas Boylen, Jr., Pendleton sheep man, were dismissed by Federal District Judge Claude McColloch today.

**Two of them were among the first** brought against the sheep man, charging conversion of mortgaged property to his own use.

**The last indictment, one in which Robert E. McGreer, eastern Oregon rancher, was co-defendant, was dismissed against McGreer a month ago, and today Boylen was freed of it.**

**Motion for dismissal** was brought by Assistant U. S. Attorney William H. Hedlund, on advice of the attorney general.

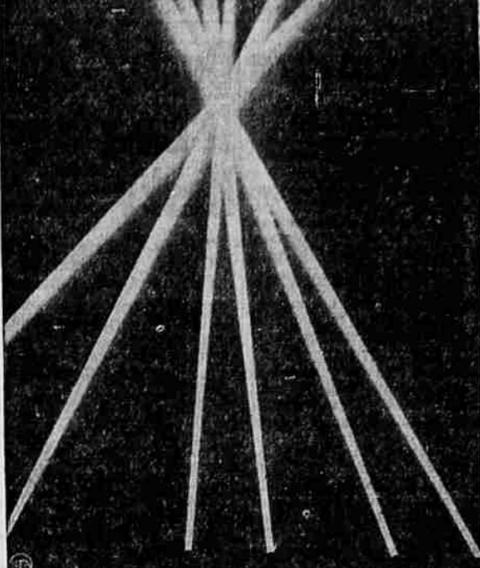

**BOY GREET'S GIRL—IN CODE**

**BALTIMORE, (P)**—A girl at third service command headquarters telephoned Pratt library asking help decoding an official message.

"I can't understand what went wrong," she told Miss Mildred Donohue. "I know the soldier who sent it, and he's very smart. The first part is clear enough—just some army orders. But there is a line that doesn't make any sense."

Miss Donohue went to work with a radio telegraph code book. Then she called the puzzled girl. "I've translated the message," she told her. "It reads: 'I love you.'"

# RESOLUTIONS BY VETS HIT JEHOVAHITES

Resolutions condemning Jehovah's Witnesses and approving the action of the police department in handling the recent "Jehovah incident" were announced Friday by the local post of the American Legion and the Herbert Applegate post of the United Spanish War Veterans.

The Legion in its resolution asserted that the Witnesses "have become a general nuisance in their manner of operations on the streets in this city and have openly defied, challenged and threatened the officials and law-enforcing bodies of the city and county to stop them."

"We feel that special privileges should not be granted to them . . . and their hindrance to our war effort should immediately cease," said the Legion statement.

The USWV post declared that the "conduct and practices of Jehovah's Witnesses are reprehensible . . . as is likewise the conduct of those who defend Jehovah's Witnesses . . . and criticize those who stand foursquare for the United States of America."

# MYSTERY COVERS DEATH OF THREE

**NEW WESTMINSTER, B. C., Oct. 9 (P)**—The queer quirk of fortune by which a 21-year-old boy escaped the tragic death of his parents and seven-month-old sister puzzled police today as they investigated circumstances surrounding the triple deaths.

The curiosity of a neighbor over an un milked cow led to the discovery last night of the broken bodies of Mrs. Elizabeth Huta and her baby daughter in one room of their small farm home near here and the body of the husband and father, Steve Huta, hanging from a rafter in the kitchen.

## STOCK MARKET SOARS TO NEW HIGH FOR 1942

**By VICTOR EUBANK**  
**NEW YORK, Oct. 9 (P)**—The stock market today pushed into new high ground for 1942 on the second heaviest trading of the year but leaders eventually stumbled over urgent profit-taking and initial gains running to a point or so were reduced or cancelled at the close.

Transfers for the full proceedings again were in the vicinity of 1,000,000 shares. Slightly mixed trends ruled when the final gong sounded.

A little more short covering and overnight buying orders stepped up prices at the opening. Short selling then appeared in sizable blocks.

Out in front, at one time or another, in the new high division, were American Telephone, N. Y. Central, Standard Oil (N. J.), Texas Co., General Motors, General Electric, Loew's, Westinghouse, DuPont, and U. S. Gypsum. Several ultimately backed away.

In the faltering class were Santa Fe, Southern Pacific, U. S. Steel, Chrysler, Goodyear, Public Service of N. J., American Smelting, Warner Brothers and U. S. Rubber.

Western Union attracted a following when the company reported net for eight months of \$5 a share against \$4.54 in the like period a year ago.

Bonds were relatively steady. Commodities turned a bit uneven.

## EARLY GAINS IN GRAIN WIPED OUT

**CHICAGO, Oct. 9 (P)**—Grain prices derived only temporary strength today from upward revision of ceilings on various types of flour and early gains of fractions to about a cent a bushel were soon wiped out. Losses ranging up to almost a cent were posted.

Failure of flour business to expand and trade expectations that the government crop report to be released after the close would contain large estimates of cereal production caused some of the late selling, brokers said.

Wheat closed 1/4 cent lower than yesterday, December \$1.25 1/2 to \$1.25 1/4, May \$1.28 1/4; corn 1/4 cent down, December 81 1/2-c, May 86 1/2-c; oats 1/4-c off; rye 1/4-c lower.
