## STOCKS SLIDE DOWNHILL IN BUYING PAUSE

By VICTOR EUBANK  
NEW YORK, Oct. 14 (AP)—Stocks took a slow ride downhill today as a pause in buying activities coincided with a further profit selling movement. Transactions totaled about 600,000 shares.

An early 2-point drop in American Telephone dropped in other pivots.

On the minus side were DuPont, Eastman Kodak, Westinghouse, Air Reduction, Montgomery Ward, General Motors, Chrysler and Phillip Morris. N. Y. Central led a downward movement in the rails. Steels and Aircraft showed negligible changes either way. Homestake Mining, Dome and American Rolling Mill moved up just before the final gong.

Bonds and Commodities were irregular.

## CORN PRICES UP IN MARKET RISE

CHICAGO, Oct. 14 (AP)—Corn prices rose about a cent a bushel and wheat almost that much at times today as the grain market tried to extend its recovery following last week's broad decline.

However, buying was not on a large scale due to continued uncertainty regarding the ceilings which may be imposed on grains, and wheat later turned lower. Failure of flour business to expand and hedging of spring wheat checked the upturn of bread grain.

Good demand for cash corn was offset by reports that husking operations are increasing. The movement of new corn will be under way in a few weeks but marketings are expected to be restricted by record demand for feed in the country and high government loan rates.

Wheat closed 1-3 cent lower than yesterday, December \$1.24 1/2, May \$1.26 1/2; corn 1-1/2c higher, December 80 1/2c, May 85 1/2c; oats 1-1/2c up; soybeans unchanged to 1c lower; rye 1-1/2c lower.

## MOTORIST STO PAY TIRE CHECK COST

WASHINGTON, Oct. 14 (AP)—Motorists must pay the cost of periodic tire inspections in connection with nationwide gasoline rationing beginning November 22, the office of price administration announced today.

While details of the periodic inspection have not been completed, OPA said the motorist must pay a "nominal fee" for each inspection.

A large number of garages and filling stations will be designated by OPA to make the inspections. They will receive the entire fee paid by the motorist. Garages and filling stations will not be required to pay any fee for being designated as official inspectors, OPA said.

The number of inspection stations, OPA said, will be so large that the motorists will not be inconvenienced by long delays.

### BOSTON WOOL

BOSTON, Oct. 14 (AP-USDA) The Boston wool market was quiet today. Sales were mostly small lots for piecing out lines. Fine staple graded territory wool was sold at clean prices of \$1.18-1.21. A lot of Wyoming original bag wool running bulk to French combing was sold at a clean price of \$1.16. Sales of Australian tops of 70's grade were reported at ceiling prices.

Two American old-line aviation engine companies, together with their automotive licensees, have attained such a volume of production that each of them is outbuilding the entire aircraft horsepower output of Nazi Germany.

With tire and gas rationing, horse-sense may finally solve the traffic problem.

## POTATO CROP HARVEST OVER HALF FINISHED

Substantial progress in the harvesting of the Klamath basin potato crop in spite of a transient labor shortage, was reported Wednesday, and indications were that a continuance of community cooperation would bring the harvest to an orderly completion.

At Wednesday's meeting of the chamber of commerce directors, County Agent C. A. Henderson was quoted as saying the crop was more than half harvested. Mitchell Tillotson, president of the chamber, warmly praised all citizens who have helped in this emergency, and described the situation as an outstanding example of community cooperation.

Klamath county school offices announced that the high schools at Merrill, Malin and Henley will remain closed another week, so that students may continue to work in the harvest. The schools were scheduled to reopen October 19, but the reopening is now slated for October 26.

Principal Stanley Woodruff of Klamath Union high school, estimated that from 150 to 175 boys from that school are working daily in the potato fields. He said that about 20 girls are also out of school to help in the harvest.

## RECLAIM MEN SEEK NAMING OF WESTERNER

DENVER, Oct. 14 (AP)—A resolution urging President Roosevelt to appoint a western man, familiar with reclamation and other western problems, to fill the vacancy on the United States supreme court may be considered at the convention of the National Reclamation association.

The proposed resolution was discussed by the board of directors of the association late yesterday, it was disclosed today.

Robert W. Sawyer, state director of the association for Oregon is the leading candidate for chairman of the resolutions committee at the convention. State delegations met this morning to elect two state directors.

First results of the elections: Hugo B. Farmer, Yuma, Ariz., re-elected Arizona director, Clifford H. Stone, Denver, re-elected Colorado director; N. V. Sharp, Filer, Idaho, re-elected Idaho director; O. S. Warden, Great Falls, Mont., re-elected Montana director; Frank Raab, Canton, Okla., re-elected Oklahoma director; Robert W. Sawyer, Bend, Ore., re-elected Oregon director; Ora Bundy, Ogden, re-elected Utah director; J. A. Ford, Spokane, re-elected Washington director.

## GOOD HUNTING REPORTED FOR CALIFORNIA

SAN FRANCISCO, Oct. 14 (AP)—There'll be good hunting in California tomorrow, if wardens throughout the state are correct in their final reports, hunters thwarted by cancellations of the deer season should have a great time with ducks, geese and mudhens.

The fish and game commission said today there were "plenty of birds and feed," and predicted "successful shooting" for the opening of the 1942 season starting at sunrise. It is to end December 23.

Daily limits were set at 10 ducks, 2 geese and 25 mudhens. There is no open season on Jacksnipe or Wood duck. Of bagged ducks, only three in the aggregate may be Redheads or Buffleheads.

All hunters must have a state license, and those over 16 years old must have federal duck stamps.

The reports of most wardens were optimistic.

## First World War II Concrete Ship Slides Down Ways

NATIONAL CITY, Calif., Oct. 14 (AP)—The first concrete ship launched in the United States in the world war II building program stood at an outfitting pier here today.

The fact that it contained 40 per cent less steel than the average vessel was only one of the out of the ordinary things connected with the 14,000 ton liquid fuel carrier.

It slid down no ways at its launching yesterday. Instead a concrete gate was removed and seawater poured into its construction basin at the San Diego Bay drydock.

## REV. BRONSON BACK IN TULELAKE POST

TULELAKE — The congregation of the Tulelake Community Presbyterian church will welcome Rev. and Mrs. Hugh L. Bronson back on November 1, it was revealed this week following confirmation of his appointment at a recent meeting of the presbytery of southwest Oregon at Central Point. Rev. Bronson is returning to Tulelake following an absence of three years. His first pastorate following graduation was in Tulelake where he served three years before going into a wider field of service in eastern Oregon. After a few months he returned to Klamath Falls where he has for some time filled the pulpit of the Altamont Presbyterian church.

Mrs. Bronson, who is teaching in the Altamont junior high school, will continue with her work for the present.

TULELAKE — With business in the Tulelake postoffice more than tripled in the last few months, larger quarters become a necessity and this week postal inspectors, George G. Rolph and W. A. Foster are in Tulelake to seek better accommodations. The officials seek also prospects for the contract for the branch office at Newell. A number of empty buildings in town are under consideration and a decision will be reached within two weeks, it is announced.

Mail for Newell is handled through the local office, going later to the camp for distribution. All other obligations of the office including sale of stamps, acceptance of parcel post packages, money order and registry transactions and delivery of registered, insured and COD mail are handled at Newell.
