

### Frau Hess Reported Eager To Join Husband in Britain

LONDON, Oct. 15 (AP)—Frau Ise Hess, wife of the one-time deputy fuhrer of Nazi Germany, Rudolf Hess, wants to join her husband in his British internment, a report reaching the house of commons said Wednesday.

where Frau Hess is now living. (Very little is known of Frau Hess' movements since her husband left Germany in a Messerschmitt fighting plane May 10, 1941, and landed in Scotland, presumably in an effort to negotiate a peace between Britain and Germany or to invite Britain to join in a war on Russia.) (After Hess' flight she was reported to have gone to Italy and, later, to Switzerland, but these reports apparently were not true. She was seen in Ber-

lin a week after Hess left. (A brunette, mannish-dressed woman she always shunned the society events which attracted the wives of other leaders in the Nazi hierarchy and spent much time in her Munich home, caring for her only child, five-year-old Ruediger Hess.) A small airplane with a range of 350 miles and designed for landings on highways has been developed for air ambulance use.
