 Peltier, Mr. Chas., farmer, two tires, two tubes.
 Seutter, J., farmer, two tires.
 Shaw Lumber Co., logging, two tires, two tubes.
 Shaw Lumber Co., logging, two tires, two tubes.
 Smith, Geo. E., farmer-hotel, one tire, one tube.
 Sullivan, M. J., sheep-herder, two tires.
 Thompson, Thomas, rancher, four tires, four tubes.

WLB PERMITS SINGLE WAGE ADJUSTMENTS

WASHINGTON, Oct. 15 (AP)—The war labor board announced Wednesday that employers may make individual wage adjustments without its approval if such adjustments fall within certain prescribed limitations set forth in a board order.

These adjustments would have to be "incident to the application of the terms of an established wage agreement or to established wage rate schedules covering the work assignments of employees" and would have to be the result of:

- Individual promotions or reclassifications.
 - Individual merit increases within established rate ranges.
 - Operation of an established plan of wage increases, based upon length of service.
 - Increased productivity under piece-work or incentive plans.
 - Operation of an apprentice or trainee system.
- The board's action was taken under President Roosevelt's program to stabilize wages and prices.
- The order stated that the board "further finds that adjustments of wages made under this order should not result in any substantial increase of the level of costs and shall not furnish a basis either to increase price ceilings of commodity or service involved or to resist otherwise justifiable reduction in such price ceilings."

SEARCH FOR ROMANCE

NEW YORK, (AP)—The president of Queens is out looking for a big blonde—but don't get the wrong idea.

He's doing it for a soldier. James Burke, the Borough's chief executive, said the soldier asked him in a letter to locate a girl he had met in a Queens ballroom and then lost in the subway.

She said she was blonde, six feet tall in high heels and—charming.

HEADQUARTERS ALASKA DEFENSE COMMAND, Oct. 15 (AP)—

Recognizing unusual navy aid and cooperation with army air forces in the Aleutians, Maj. Gen. Simon Buckner has awarded the army air medal to three navy officers and a navy radio operator. Two of the four men were lost in action.

She said she was blonde, six feet tall in high heels and—charming.

Ensign Reuben N. Smith, Garden City, Kansas, went as an observer on day and night flights during icing conditions in the western Aleutians.

Japs Better Keep Honorable Grip on Honorable Stick; Here's Sad Story of One

BALTIMORE, Oct. 15 (AP)—Tip to the Japs — don't thumb noses at Uncle Sam's gunners.

They proved the death warrant for one Jap pilot in the battle of Midway, but let Sergeant Francis E. Hall of Baltimore, a gunner on the ill-fated carrier Yorktown, tell the story:

"Bombs and shrapnel were falling all around us, but the gun crews were firing as coolly as if it were target practice.

"One Japanese torpedo plane came roaring by, not more than 50 feet over the water, and the pilot thumbed his nose at us.

"Every gunner who could do so swung his weapon on the plane and it flew to pieces like a clay pigeon."

Hall, a 26-year-old marine is on leave visiting his mother. The only thing he salvaged from the fight was an empty pocketbook, he said.

Aphelion is when the earth is at its farthest point from the sun, 94,422,000 miles.

More than 900 languages are in use on the continent of Asia, according to estimates.

If it's a "frozen" article you need, advertise for a used one in the classified.

KLAMATH INDIAN IN LIQUOR GUILT

MEDFORD, Oct. 15 (AP)—Convicted of selling liquor to an Indian, Einar Frettie, 54, Klamath Falls, faced a four and a half year prison sentence and a \$100 fine today.

A trial jury convicted him in federal court here yesterday, and Judge James A. Fee sentenced him.

He was accused of selling liquor to Elmer Lynch, Klamath county Indian.

The Martin Mars, world's largest flying boat, has a wing span of 200 feet and the wings are of sufficient thickness to permit the crew to walk in them in order to service the engines in flight.

Ninety per cent of the peacetime travel in the United States was by passenger automobile.

HEROES DECORATED FOR ALEUT DEEDS

General Buckner's announcement of the awards were for these acts of bravery:

Lieut. Clark A. Hood, Jr., Nacoma, Tex., flew as a navigator of an army Liberator bomber because he was dissatisfied with his usual opportunities for combat duty. The bomber, attacking enemy vessels near Kiska, was shot down by heavy anti-aircraft fire on its first run.

Radio Operator William F. Boyce, Route 1, Chillicothe, Ohio, seaman 1st class, was a member of a bomber crew which was directed to bomb and photograph enemy ground installations and naval concentrations in the Kiska area. He made the last radio contact with his base but the plane failed to return.

Lieut. Robert L. Donley, Clintonville, Wis., brought his FBY plane down in heavy seas near liferafts carrying the crew of an army bomber, which had been forced down 50 miles off shore. He took them aboard and gave first aid and brought them safely ashore.

Ensign Reuben N. Smith, Garden City, Kansas, went as an observer on day and night flights during icing conditions in the western Aleutians.

MISERIES OF Baby's Cold Relieved As He Sleeps

NOW... here's a wonderful home-proved medication that works 2 ways at once to relieve distress of child's cold—even while he sleeps. Just rub throat, chest and back with Vicks VapoRub at bedtime. Instantly VapoRub goes to work to relieve coughing spasms, ease muscular soreness or tightness, and invite restful, comforting sleep. Often by morning, most of the misery is gone. For baby's sake try Vicks VapoRub tonight. It must be good, because when colds strike, most mothers use Vicks VapoRub.

COUGHING SPASMS—To relieve distress, melt a spoonful of VapoRub in a bowl of boiling water. Inhale the steaming, medicated vapors. Feel relief come right with the first breath!
