RAIL BUYING PUTS SUPPORT UNDER MARKET

By VICTOR EUBANK
NEW YORK, Oct. 22 (AP)—Late buying in rails put props under today's stock market and enabled assorted leaders to replace fractional declines with modest advances at the close. Volume was around 600,000 shares.

Diverting attention to the transportation section was the Union Pacific 9-months' statement reporting \$12.70 a common share compared with \$4.06 in the same 1941 time. Forecasts of mounting net for Santa Fe also were a bolstering influence. The former was up moderately while the latter tacked on about a point.

Attracting support were N. Y. Central, Southern Pacific, Northern Pacific, American Telephone, Bethlehem, U. S. Rubber, Chrysler, General Motors, American Airlines, United Air Lines, Eastern Air Lines, Westinghouse and Consolidated Aircraft.

International railways of Central America Directors took no action on a dividend for the 3 per cent preferred and the stock dipped several points to a new bottom since 1938.

Occasional losers were Du Pont, Kennecott, Republic Steel, Goodyear, General Electric, Union Carbide, Eastman Kodak and Allied Chemical. Bonds steadied.

Oregon Payroll Sky-Rockets
SALEM, Oct. 22 (AP)—Oregon's industrial payroll in September totaled \$32,074,268, compared with \$19,275,888 in September, 1941, the state industrial accident commission said today.

Multnomah county's payroll was \$19,097,797, against \$8,287,265 in September, 1941.

HARVESTING OF ONION CROP NEARS FINISH

There are enough onions in the ground to make the entire house-keeping population of Klamath county weep buckets of tears, but at that at least two-thirds of the crop has been harvested according to County Agriculture Agent C. A. Henderson.

Acres in the Klamath basin is somewhat over 100 acres, with the harvest running between 300 and 400 sacks per acre. Major portion of the crop runs to Yellow Danvers. There are some Sweet Spanish, both the yellow and white type, and some Australian Browns. Most of Klamath's onion crop goes to the southern market.

Weather has been perfect for the harvest which is somewhat late this year due to the slow start in late spring. Onions make up a comparatively new crop in the basin but it will probably remain at its present acreage inasmuch as hand labor is involved and of that there is a definite shortage, Henderson stated.

WHEAT
CHICAGO, Oct. 22 (AP)—Fractional price advances posted for most grain futures during early trading today faded away later when buying dwindled almost to nothing.

Scattered purchasing credited to mills in the wheat and rye pits and lifting of hedges to offset large corn sales to outside industries helped to raise prices of these cereals about 1/4 cent at times. Failure of flour demand to improve, even though prices are now below the ceiling, checked the advance in wheat.

Number of "Flu" Cases Reported To Health Unit
A number of cases of influenza have been reported to the Klamath county health unit, according to Dr. Peter H. Rozendal. This season's "flu" does not appear to be the severe type, however.

Parents are urged to keep their children home from school if they have any signs of a cold or temperature, Dr. Rozendal stated.

Our dollars did us no good at Bataan and Corregidor. It was rifles and ammunition we needed then. — Rear Admiral Clark H. Woodward, U. S. N., retired.

PUSHING THE JAP BACK THROUGH THE GAP

Australian troops on the offensive in southeastern New Guinea, backed by allied bombers, have regained most of the mountainous area taken by Jap invaders a month ago. Only a trail through the hills and jungle crosses the mountain range at the divide known as The Gap, making military moves precarious. Here the Japs were pushed back toward their main advance base at Kokoda.

Preservation of Meat Bagged During Hunting Season Advised for '42

Do you hunt for the meat obtained for the sport of obtaining your skill? This is an excellent year to hunt for the sake of the meat. Careful preservation of venison and elk meat will mean more cattle available for feeding our armed forces. The canning of this meat is a satisfactory method of preserving it. However, it is safely processed only in a pressure cooker. Directions for canning are as follows:

1. Wash jars in warm soap suds and rinse.
2. Cut meat into pieces of suitable size for serving and to fit the jar. Trim off excess fat. Remove large bones. Allow about 1 1/2 pounds of meat for each pint jar.
3. Method of packing meat: Packing meat hot assures better heat penetration, shrinks the meat, and results in fuller jars. The procedure is as follows: Make a broth by placing bones in cold water and simmering 3 hours. Place cut meat in broth

and simmer until thoroughly heated through, about 12 to 20 minutes. Instead of simmering, meat may be roasted, made into cakes or sausage and fried, stewed, or made into soup. Avoid starchy coating.

Pack the hot precooked meat in clean hot jars. Pack loosely. Add hot broth to 1 inch from top of jars. In case of roasting or searing, add hot diluted pan drippings instead of broth.

Add 1 teaspoon salt to each pint jar.

Remove grease or other food from sealing surfaces. Partly seal, unless self-sealing lids are used, and these should be sealed firmly tight.

Place hot jars in hot pressure cooker. Follow pressure cooker directions. Process at 16 pounds pressure in pint jars for 85 minutes, or in quart jars for 120 minutes.

Seal after processing, unless self-seal jar.

Caution: After emptying jar, and before tasting home-canned meats, fish, poultry, and nonacid vegetables, boil the food for 20 minutes on the same day eaten. Burn canned products that show

Retail Stores Warned to File Ceiling Price Lists

Nicholas E. Long, district executive secretary for the war price and ration boards, returned Monday from Medford, where he attended a meeting on price control. Ernest Klein, price officer from the Oregon state office of price administration, conducted the meeting and explained the rulings on the price ceiling program.

Long said that a warning was given to all retail stores who have not already filed ceiling price lists with the war price and ration board that they must do so immediately to avoid a severe penalty. Requirements, as listed in early summer, stated that such lists were to be filed by July 1, 1942. New items must be filed not later than the tenth of the month following receipt of the new items.

Tax Discounts Taken to Nov. 14

Tax discounts may be taken only up to Nov. 14 this year, instead of Nov. 15, Tax Collector Max Saunders said today.

Saunders said the law provides that discounts may be taken only through Nov. 15 regardless of what day in the week it should fall on. However, he said, Nov. 15 this year falls on a Sunday and the Klamath county tax office will not be open.

The office will close at 1 o'clock on Saturday, Nov. 14, he said.

Students Receive Immunization Shots

One hundred and eleven boys and girls of the Bly and Sprague River schools received their second shots in the diphtheria and smallpox immunization program as followed by the Klamath county health unit, Dr. Peter H. Rozendal stated Thursday. Shots were administered Wednesday in both schools. This completes the program for this district.

Dr. Rozendal will make his first visit to Summers, Henley, Keno and Weyerhaeuser schools next week.
