WITNESS TELLS MONEY DEAL IN TREASON TRIAL

CHICAGO, Oct. 31 (AP) — A witness at the trial of six Chicagoans on charges of treason testified today that Hans Max Haupt, one of the defendants, gave him \$900 to hide the day after the FBI announced the arrest of eight Nazi saboteurs.

The money was in \$50 denominations, Carl Eggert, a Chicago plasterer, said. It has been testified that money of this denomination was carried by the saboteurs to finance their mission of destruction in the United States.

Haupt's son, Herbert Hans Haupt, was one of the six saboteurs executed in Washington August 8.

Two Bills
It was on last June 28, Eggert related, that he read about young Haupt's arrest in a German paper and then saw the elder Haupt outside a Chicago tavern. They went inside to have a beer and Haupt paid Eggert \$95 for a job of plastering that he had done as Haupt's sub-contractor.

"How did he pay you?" asked Assistant U. S. Attorney Richard Finn.

"With two \$50 bills," the witness replied, adding under questioning that that was the first time Haupt ever had paid him in such large denominations.

Held Money
A few minutes later, Eggert testified, Haupt whispered, "Let's go into the back room." "I want to tell you something," Eggert said that when they went into the back room Haupt said, "Carl, I have \$900 of my own money, and I am expecting the FBI to search my home. I want you to hold it for me, because I don't want the FBI to get it."

Eggert said he agreed to hold it, and that about an hour later Haupt brought the money in a sealed envelope.

SMALL DIM-OUT FINES PROTESTED

SAN FRANCISCO, Oct. 31 (AP) — The small fines assessed against dim-out violators by local courts on the Pacific coast drew a strong protest today from James C. Sheppard, director of the Ninth Civilian Defense region.

"It is amazing," Sheppard said, "to note the easy unconcern with which certain courts are treating violators of the dimout on the Pacific coast. Some courts are imposing fines of \$1 and \$2.50. This is not law enforcement; this is pitching pennies."

"The public realizes—and the courts should be aware of the fact—that one illegal light may become the reference point by which enemy planes destroy the continuity of production essential to the maintenance of operations in the Pacific."

"To treat violators of the dimouts as if they were parking violations is incomprehensible."

OREGON LABOR GROUPS Favor Earl Snell For GOVERNOR

In 1938, The Oregon State Federation of Labor Said:
"Earl Snell, republican candidate, has brought to the office of secretary of state a high degree of efficiency. As a member of the state board of control, he has made a commendable record for fairness and for business judgment. In view of Mr. Snell's excellent record . . . we recommend that union members vote for Mr. Snell."

In 1942, The Oregon State Federation of Labor Said:
The Oregon State Federation of Labor declared, "Secretary of State Snell, in more than 7 years of service in that office, has won the confidence and esteem of labor to an unusual degree. As a member of the state board of control, he has vigorously supported the policy of requiring the payment of prevailing wages and observing prevailing work conditions in contracts awarded by the state. He was the lone member of the board of control who defended the right of public employes to organize." Although he did not receive an outright endorsement of the state executive board, he has been endorsed by many locals and crafts who have given his candidacy enthusiastic support.

Oregon C.I.O. Endorses EARL SNELL for Governor
From a Radio Address by Mr. Ralph Peoples, Secretary of the Oregon State Industrial Union Council, C.I.O., October 28, 1942:
"Our (C.I.O.) people, believing in the democratic processes, held a convention in Portland, Oregon, on Sunday, September 13, for the purpose of making such endorsements of men and measures as appeared in the best interests of Oregon and its citizens. The delegates to this convention were elected by and from the membership of the various local unions scattered throughout Oregon, and were truly representative of the men and women employed in Oregon's mills, woods, and factories."
"After giving full consideration to the respective merits of the candidates for public office whose names will appear on the ballot on November 3, it was the considered judgment of the delegates that Earl Snell should be elected as Oregon's next Governor."
"We reviewed the record of Earl Snell as a legislator, as Speaker of the House of Representatives, and as Secretary of State. We believe that record justifies our confidence in his fairness and the sincerity of his concern for the welfare of the working man. His record is impressive in the quality of his leadership and the effectiveness of his administration. We concur that 'Snell Gets Things Done!' We believe Earl Snell has the vision and aggressiveness to weld every element of the state into a unity of effort that will build a greater state."
