**Here's How I Licked Wartime Constipation!**  
It was easy after I was told it's often due to lack of "bulk"

"Seems like I was always 'doing' up on account of constipation. That sort of stuff gets a fellow down."  
"Then a friend pointed out that those war days were upsetting our whole way of living. Particularly in my meals. Said I ought to take care and make sure I got plenty of 'bulk.' Because lack of 'bulk' is one of the common causes of wartime constipation. Those medicinal laxatives gave me only temporary relief; they didn't get at the cause."  
"But, KELLOGG'S ALL-BRAN really fixed me up. It corrects this kind of constipation by supplying 'bulk.' And it tastes swell, too. Just eat it regularly and drink plenty of water. ALL-BRAN is made by Kellogg's in Battle Creek."

Prices subject to market changes and stocks

## READ WHY SAFEWAY CEILING PRICES ARE LOW

**First, what is a ceiling price?** A store's ceiling price is the highest price that may be charged by that particular store for those items governed by the ceiling price law.

**Second, why aren't ceiling prices the same in all stores?** Under the regulations each store establishes its own price ceilings within the limitations of the law. The ceiling price law fixes an amount above which prices may not go, but without restrictions as to how low prices may go.

**Why Safeway ceiling prices are low!** Because every Safeway price has been a very low price month after month, Safeway ceiling prices are naturally very low. For years Safeway has waged war on needless waste in distributing foods... cut out unnecessary expense... eliminated frills. And the savings thus made have been shared with our customers by giving them low prices. The ceiling price regulations will not, in any way, alter Safeway's policy of bringing you the finest foods the markets offer at the lowest possible prices.

Safeway is cooperating with the Government's effort to prevent inflation by rigidly adhering to the spirit as well as the letter of the ceiling price regulations.

Shop early in the week... avoid crowds... and save money, too!
