

SUGAR EXPERT FORESEES NO RATION LET-UP

Ronald B. Hayes, merchandise manager of the Spreckles Sugar company, addressed the Klamath Rotary club Friday noon, expressing the opinion that consumers and industrial users of sugar can expect the present rationing allowance to be maintained.

Hayes outlined the basis of sugar rationing and emphasized the importance of sugar as energy-building food for the armed forces.

Supply Noted

"We are now in our seventh month of rationing," said Hayes, "but I still find lots of confusion among consumers as well as the trade.

"The question I am constantly being asked is this: 'Aren't there tremendous quantities of sugar on hand in the warehouses?'"

"As a matter of fact, there are large supplies of sugar in the warehouses of our normal sources of supply.

"Normally, 10 per cent of our sugar comes by boat from Cuba, Puerto Rico, Hawaii and the Philippines. Only 30 per cent is produced domestically. Twenty-five per cent of this is beet sugar, and 5 per cent cane which is grown and refined in Louisiana and Florida.

"Still, under rationing, approximately 50 per cent must come by boat, and sugar can't swim. Now that we have started our second front in Africa, the question in the minds of the members of the sugar industry and our government is: 'What will be the availability of ship bottoms 30 days, 60 days, 90 days hence?'"

Labor Shortage

"The domestic beet sugar industry now has the responsibility of supplying to the U. S. 40 per cent of our rationed sugar. One-third of this 40 per cent is produced on the west coast. We can be thankful that at least we will never be completely without sugar, regardless of the shipping situation.

"The domestic beet sugar industry is now in the midst of its harvest. Many serious problems confront the industry, particularly the shortage of field labor. However, it is expected that production this year will materially exceed that of 1941.

"In order to maintain the present ration of sugar, which is eight ounces per person per week, approximately the same amount of sugar for home canning as allowed last summer, 30 per cent for institutional users and 70 per cent of last year's use for industrial users, we must enter 1943 with an inventory of 2,000,000 tons of sugar.

"The one question mark is: Will the present shipping schedule be maintained from the off-shore sources?"

Wartime Food

"It is, however, my opinion, in view of the factual information that we have at present, that consumers and industrial users of sugar can expect the present rationing allowance to be maintained.

"The reasons for sub-normal supplies of sugar are lack of transportation and dislocation of sugar stocks.

Sugar is a very important wartime food. The heads of the military of warring nations classify sugar as the 'nerve of war.' Being a concentrated energy food, it is easily, quickly and cheaply transported. Sugar is converted into energy in the blood stream almost immediately after it enters the stomach. It gives our fighting men the power to lift the gun and pull the trigger.

U. S. Consumption

"The present daily ration for our fighting forces is five ounces per day per man. This is one ounce per day per man more than World War I and double the allowance during the Civil War.

"The United States uses the greatest amount of sugar in the world. In the last decade, our yearly consumption has been 135,000,000 100-pound bags. This is approximately 100 pounds per person per year.

"Sixty per cent of this sugar is purchased over the grocery counter and taken into the home. Forty per cent is used by industry."

FLYING TIGER HOME

SEATTLE, Nov. 20 (AP) — Joseph Rosbert, Seattle "Flying Tiger" pilot home from China, was en route east with his wife today to keep a New Year's eve rendezvous in New York City with other veterans of the American Volunteer Group, before returning to India to resume flying cargo planes to China. When the "Flying Tigers" were disbanded as a fighting group last July 4, Rosbert took over a transport job on the "Burma Road of the Air." He returned to this country on leave two weeks ago.

COLORFUL STITCHERY IN CROCHETED BASKETS

7392 by Alice Brooks

Tulips—roses—gladioli, and lilacs, too, can be yours all year round on a pair of towels, a scarf or a tea cloth. This simple crocheted basket fits all of them. Pattern 7392 contains a transfer pattern of 10 motifs ranging from 5 by 12 to 3 by 34 inches; directions for crochet; materials needed.

To obtain this pattern send 11 cents in coin to The Herald and News, Household Arts Dept., Klamath Falls. Do not send this picture, but keep it and the number for reference. Be sure to wrap coin securely, as a loose coin often slips out of the envelope. Requests for patterns should read, "Send pattern No. _____ to _____ followed by your name and address."

Clearance of Snow Asked to Aid In Mail Deliveries

On account of the manpower shortage, mail carriers are required to work longer hours and travel more miles. Snow on the walks in the city and around mail boxes on rural routes puts an additional burden on the carriers. The travelling is more difficult and more time is consumed. This causes late deliveries on the routes.

In pointing out these facts Friday, Postmaster Burt E. Hawkins requested that patrons remove snow from walks and in front of mail boxes, to simplify the mail delivery problem.

Oregon War Bond Campaign Slated

SALEM, Nov. 20 (AP)—Governor Sprague proclaimed last night the 18 days ending December 7 be devoted to a "buy the battleship Oregon campaign" to sell \$10,000,000 war bonds in the state.

At a conference attended by 26 county war bond chairmen, the governor placed a state order for \$400,000 more bonds, bringing the state investment in those securities to \$9,904,000.

BOARD AWARDS ONE NEW TIRE, THREE BIKES

One new car and three bicycles are shown in the latest list of successful rationing applicants compiled by the war price and ration board. Here is the list:

New Passenger Tires and Tubes
Hudler, Mildred, farmer, two tires, one tube.
Arney, Lyman, shovel operator, two grade II tires.
Lagood, Harry, box handler, two grade II tires, two tubes.
Minton, Paul E., rancher, one tube.
Sutton, Richard, hauler, one tube.
Wampler, Albert E., rancher, two tires.
Grey, Raymond, machinist helper, one grade II tire.
Loomis, Albert, brakeman, two tubes.
Ryan, James, lumber worker, two grade II tires, two tubes.
Soria, Moses, steel foreman, three grade II tires, three tubes.

Passenger Bicycles
Barker, Roy, yard foreman, two recaps.
Brewington, Wm. E., timber faller, four recaps.

New Car
Nonnan, Michael, farmer, one bicycle.

Other Bicycles
Hunnswell, Lawrence, carrier, one bicycle.
Green, Otis, messenger boy, one bicycle.
Sheldon, Sydney, Postal Telegraph, one bicycle.

We are going to hold on in Yugoslavia's wooded hills and mountains as long as necessary. The fact that America with her heroic fighters has entered the world battlefield has made our faith in the approaching victory absolute.—Gen. Draja Mihailovitch, Yugoslavian guerilla chieftain.

The Horse Won All Right, But Almoslino Has Troubles

SEATTLE, Nov. 20 (AP)—A horse named Dick's Choice in the second race at Longacres last July 4, looked good to Sam Almoslino and he decided to back his hunch—even though he was in Bremerton.

Almoslino sent bets of \$22 to win, \$22 to place and \$22 to show on the horse to the track by wire. Dick's Choice won and Almoslino felt richer by \$816.

Only when he came to collect he learned the Western Union Telegraph company "had negligently, carelessly and unlawfully failed to place the said wa-

LIQUOR RATIONING HELD UNNECESSARY

PORTLAND, Ore., Nov. 20 (AP) There is no reason now for rationing liquor in Oregon.

So said Administrator L. F. Allen of the Oregon liquor control commission late yesterday after the commission held its first meeting since Washington restricted sales to one quart per week per customer.

"The hysteria and excessive buying resulting from the Washington curb . . . has subsided," Allen said. "Large purchases have been effectively discouraged. Due to wise buying

months ago, the commission has a large supply of liquor stocks."

BAD MEMORY

AURORA, Ind. (AP) — Those husbands who get into trouble because they forget to mail letters to their mothers-in-law can always say they weren't as bad as Carl Buchanan, Guilford postmaster.

Buchanan, a veteran of World War I, decided he wanted to see his old uniform again. He dug it out and in a pocket in the blouse was a letter given to him in 1917 by Clayton Nocks of Aurora to mail to Mrs. Nocks. Both men were in France at the time.

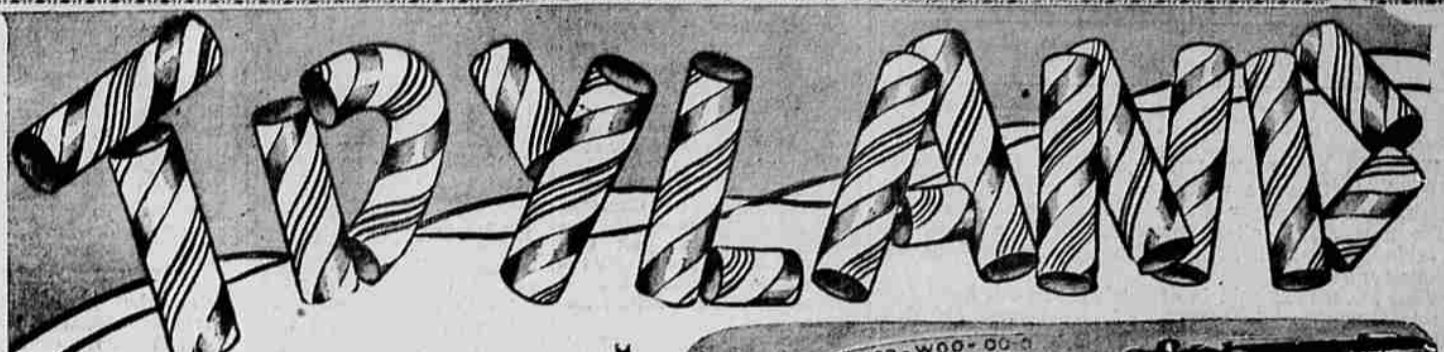

Buchanan mailed the letter to Mrs. Nocks with a letter of apology.

New Division Opened for RC Dressings Project

Women of the Weyerhaeuser and Stewart-Lenox districts who wish to contribute more time to the war effort, are invited to become part of a surgical dressings class which will be held in this community.

Those interested in making surgical dressings for the federal government and who can give six hours per week to this project, are asked to get in touch with Mrs. Fred LaForge, House No. 9, Weyerhaeuser townsite, route 3, box 232 S, or telephone 5927.
