

# GRANGE BACKS AMENDMENT OF PARITY BASIS

WENATCHEE, Nov. 23 (AP) A 15-point program, embracing demands for immediate amendment of the parity formula, subscribing to universal service as a means toward winning the war, and touching upon numerous other problems of American life, has been drawn by the executive committee of the national grange as agriculture's 1943 platform.

The committee consisted of Chairman Ray W. Gill, Portland, Ore.; Eugene A. Eckert, Mascoutah, Ill., secretary, and Kenneth S. Bagshaw, Holidayburg, Pa.

**Extend Deferment**  
Included in the platform were the following statements: "Universal service is favored if it is necessary to winning the war, provided it includes property, all branches of industry, capital and labor and is terminated when hostilities cease."

"Selective service's plan to defer essential farm workers on dairy, livestock and poultry farms is a step in the right direction, but it should be extended to other types of farming."

**Parity Formula**  
"Continuing loss of farm workers to industry, because farmers cannot pay wages high enough to compete with industry, emphasizes that farm income is too low. Asking farmers to work long hours while workers in industry receive higher pay for shorter hours, invites a food shortage. Fair prices to producers, stimulating production are a safeguard against inflation and a protection to consumers."

"The president's definition of parity has been the goal of the grange for 20 years. Toward achieving it, the grange asks immediate amendment of the parity formula to:

- Price Ceilings**  
A. Include all farm labor in cost of production.
- B. Make use of current price levels, instead of those of 30 years ago."

A demand was made for more flexible price ceilings and subsidies were termed "wrong in principle" because they are "used to hold down the general price level to consumers while the impression prevails they are payments to farmers."  
A floor under farm prices was seen as necessary to prevent another post-war depression and development of a definite rubber program, including manufacture of synthetic rubber, was proposed.

## Moose Bond Rally Flouts Quota, Reaches \$11,500

An original goal of \$5000 was sideswiped by the Merrill Loyal Order of Moose and Merrill Women of the Moose at their big bond rally at Broadway hall in Malin Saturday night, and purchases reached \$11,500 in one of the most enthusiastic war savings sales held this year.

More than 500 persons gathered in the hall and dancing followed the program. Ray S. Van Meter, Malin, deputy regional director and membership chairman, LOOM, was master of ceremonies. Of the \$11,500, only \$50 worth of stamps were purchased, the visitors going out for bigger "game" including one purchase of \$5000 worth of bonds by Mrs. Marie Zump of Malin. Mrs. Zump, as largest individual purchaser, was given hand embroidered pillow cases on which the American flag was worked.

An auction sale was held with Jim Reeder of Merrill in charge. Mrs. Zump paid \$1000 for a pig, \$1000 for four quarts of wine, and \$1000 for a sack of flour. Among the other articles auctioned was a rooster for which Andrew Collier, Klamath county war savings chairman and principal speaker of the evening, paid \$880. A cake baked by Mrs. Van Meter brought \$400 in bonds, Harry Wilson purchasing the confection which was immediately consumed. Donations to the sale were made by business men and farmers.

Uel Dillard of Merrill, manager of the bank there, was in charge of bond and stamp sales. During a musical program special numbers were sung by "Rose and Barbara."

Army experts found more perfect flying weather in Arizona than anywhere else in the United States.

**Swea Swanson to Head Sorority Salvage Campaign**  
UNIVERSITY OF OREGON, Eugene, Nov. 23 (Special)—Swea Swanson, Klamath Falls, has been appointed salvage chairman of Gamma Phi Beta, women's living organization, according to Bill Lilly, co-chairman of the campus salvage department.

This salvage campaign, which began November 19, is sponsored by the university war council primarily for waste fats, but all other salvage materials that are available will also be collected.

## You can enjoy Your Thanksgiving Dinner

You will have greater enjoyment from your Thanksgiving dinner if you have been able to prepare it with a few quick twists of the wrist instead of making yourself a holiday slave to the kitchen. Simply use a dough blanket over your turkey—no basting—no watching. Result—a beautiful golden browned bird with no trouble at all!

### Method

Brush the cleaned, stuffed and trussed bird with shortening; place securely, breast up in a large flat pan. Prepare stiff dough, using 6 to 8 cups of flour depending on the fowl's size. Add just enough water to form mixture that can be rolled. Knead mixture well; roll out 1/4 to 3/4 inch thick and large enough to form a blanket that will drop clear down on either side of the bird. Place over bird (no tucking under, mind you). Be sure to let it hang free and be sure that it covers the bird! Pour 1 cup of water in pan; place immediately in hot oven (450° F.) for 15 minutes to allow blanket to set. This is absolutely necessary. And don't let the turkey stand with the dough blanket on. If blanket should stretch thin at legs or thigh, take it off and re-roll it. When blanket is set, reduce heat to 350° F. and continue cooking.

So, no basting is necessary, but water must be replenished in pan as needed, keeping about 1 cup in the pan all the time. Remove blanket by cracking with a small hammer about 1/2 hour before roasting period is through. Be careful not to break skin when removing blanket. Brown uncovered if a deeper color is desired.

### For Roasting Time

Turkey generally takes 15 to 25 minutes per pound depending on the way the bird has been fed. The smaller the bird, the longer the time per pound required for roasting. Cook at 325°-350° F.
