The annual union Thanksgiving service sponsored by the Klamath Ministerial association will be held Thursday morning at 10 o'clock in the First Presbyterian church, Pine and Sixth street. The service is being held in compliance with the president's request for a national day of prayer.

There will be a season of prayer immediately preceding the program at 9:30 a. m. and all worshippers are invited to attend.

Major W. C. Curry of the Salvation Army, vice president of the Ministerial association, will be in charge of the program and prayer service. Mrs. Dick Reeder will be the soloist. Offering will go to the local uses of the Salvation Army.

## Christian Science Church to Hold Holiday Service

"Thanksgiving" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Thanksgiving day.

The Golden Text will be "I will praise the name of God with a song, and will magnify him with thanksgiving" (Ps. 69:30).

Among the citations which will comprise the Lesson-Sermon is the following from the Bible: "Give thanks unto the Lord, call upon his name, make known his deeds among the people. Glory ye in his holy name; let the heart of them rejoice that seek the Lord" (I Chron. 16: 8, 10).

The Lesson-Sermon also includes the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We plead for unmerited pardon and for a liberal outpouring of benefactions. Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech." (p. 3.)

## Thanksgiving Communion Service Planned at Church

The annual Thanksgiving candlelight communion service will be held at the Community Congregational church, Garden avenue between East Main and Martin streets, Wednesday night at 8 o'clock and will last about one hour.

This is a service of worship and meditation open to all who wish to attend. Rev. Eugene V. Haynes stated. At this service, in addition to the administration of holy communion, the sacrament of baptism for infants and adults will be observed.

Music is under the direction of Mrs. Henry W. Moore and the choir will sing one number and Mrs. Moore will sing, "I Hear Thy Voice Within the Silence." Rev. Haynes will conduct the service.

## SABOTAGE ORIGIN

The term "sabotage" is said to have originated when European peasant laborers kicked their sabots, or wooden shoes, into factory machinery, pretending it to be accidental.

## Red Cross Notes

By ROSE POOLE Publicity Chairman

Most important today is the news that we find it necessary to enlarge the surgical dressing workroom, and so will need more workers to fill the new tables when they are ready. The response for this vital work has been most gratifying and the dressings turned out have been of high quality, so much so that they met with praise from the headquarters inspector.

Mrs. MacIntyre, head of this department, informs us that we now have 9000 dressings packed and ready for shipment. Another important item is that night classes in surgical dressings will start on Tuesday, December 1. There will be two classes each week, on Tuesday and Thursday nights. This is in response to the many requests we have had from teachers, stenographers and others who cannot attend the day classes.

We still have kit bags to be filled for the boys going overseas. The following letter, written by a major who received one of the Red Cross comfort kits, is passed on to you, and needs no comment:

On the Pacific Ocean To the American Red Cross Chapter Tucson, Ariz.

My Dear Friends: When our ship's chaplain handed me the little cotton bag with your label inside, together with a lot of other useful things, including this pad, my thought whirled back to Christmas day, 1918. It was on a transport then, in the Bay of Biscay. We had left Bordeaux the day before for HOME.

I remember clearly the note I made in my diary—"Well, Santa Claus hasn't forgotten us after all, even out here." Needless to say, it was the Red Cross then, too. I am indeed grateful for both remembrances.

Thank you, sincerely, William F. McCanahay, Major, F. A.

We would also like to tell you that in the past 12 months over 440,000 American fighting men received counsel and assistance from Red Cross workers operating in the large army camps. Already there are 2997 Red Cross workers assigned to the armed forces, 300 of whom are on duty in Australia, Ireland, Iceland and New Caledonia, working with the local workers in these countries.

What we would like is for you to see personally what your own chapter is doing. Come into headquarters at 418 Main street, see the workers there, look over the work that is being done and that has been done—in other

## "JAN VALTIN" TO BE INTERNED IN U. S.

WASHINGTON, Nov. 25 (AP)—Attorney General Biddle announced Tuesday that Richard Julius Herman Krebs, who wrote a widely-sold book in his experiences as an agent of the gestapo and the OGPU under the name of Jan Valtin, had been arrested near Bethel, Conn., on a warrant ordering his deportation to Germany.

The next step presumably will be to intern Krebs as an enemy alien, since he cannot be returned to Germany during the war.

His book was entitled "Out of the Night." Krebs was arrested by immigration and naturalization service officers on a warrant issued by Commissioner Early G. Harrison, after Biddle had approved a deportation order based on alleged violations of the 1917 and 1924 immigration acts. The violations were described as illegal entry into the United States after once having been arrested and deported and after committing a crime (perjury) involving moral turpitude.

# This Is No Time for Panic Buying!

There is no shortage of essential things in America... especially of Women's Apparel. Let us be happy and proud that we are living in a land where we have the privilege of reading and writing and saying and thinking as a God-given right, and let no bloodthirsty conqueror take those privileges away from us.

From time to time we are asked to make small sacrifices, but all that we are asked to do here at home is a mere trifle when compared to the human sacrifices of our Fighting Men... sacrifices willingly made that our type of Freedom may be preserved. One of the small sacrifices we are asked to make is to assume normal buying and invest our savings in War Stamps and Bond.

Due to the present onrush of buying, much of it entirely out of line with actual needs... we urgently recommend normal buying of only the things you need and no more.

Sure we are in the Apparel business—Coats, Suits, Dresses, Furs and Sportswear—and we are selling them by the hundreds, but right now we would like to recommend your purchasing more War Savings Stamps and Bonds. YOU are the only one that profits. It's you who save your money for less bountiful days to come and it's YOU who will be awarded with profits in accumulated interest plus the heartfelt joy that comes to all of us when we can say conscientiously "I have done my duty when my country called."

So buy less apparel and invest your savings in interest bearing United States guaranteed War Stamps and Bonds.
