

CHURCH WAR RELIEF GROUP SET UP HERE

The Klamath Falls headquarters of the Christian Science war relief committee has been established at 129 South Seventh street through the courtesy of B. S. Grigby, owner of the building. Hours are from 1 to 4 p. m. every Thursday.

Anyone willing to help with this work is welcome to attend, according to local committee members. Donations of money and clothing are needed.

Garments Distributed
The national committee has assembled since Pearl Harbor over 66,000 pounds of durable clothing and bedding, in waterproof, moth-proof, wooden cases, at convenient locations on the Atlantic and Pacific coasts, ready for instant use should emergencies arise because of local enemy action.

More than 32,000 garments have been distributed, through military distribution centers, to men in the United States forces. A large British transport vessel which had arrived from tropical waters and was being repaired at Boston received 100 overcoats for officers. Folding coats have been given to overcrowded seamen's clubs. Civilians arriving in the United States suffering because of war conditions or action have been provided with clothing and other forms of relief. Among them are refugees from the far east, who landed in California; and merchant seamen rescued from ships torpedoed along the Atlantic coast have been similarly cared for. This work is carried on by the committee without regard to creed or race.

CEILING SET FOR RECLAIMED TIRES

WASHINGTON, Nov. 26 (AP)—The office of price administration established ceiling prices Wednesday for new passenger car tires made of reclaimed rubber.

The maximum retail price for a size 6.00 by 16 was set at \$13.25 with other ceiling prices as follows:

Size 7.00 by 15, \$17.80; 8.25 by 16, \$18.25; 8.25 and 5.50 by 17, \$12.20; 5.25 and 5.50 by 18, \$11.10; 4.75 and 5.00 by 19, \$9.95; 4.50 and 4.75 by 20, \$11.05.

Tires of reclaimed rubber are the only kind now being manufactured for passenger cars. They may be sold only to persons holding ration certificates.

OPA said the ceiling of \$13.25 for a 6.00 by 16 tire of reclaimed rubber is about 2 per cent below the ceiling for a first line tire of the same size.

SMALL WORLD
HELENA, Mont. (AP)—In 1934 in San Francisco Byrle Payne met a man named Johnson as they were checking out of the navy.

He met him again yesterday. It was at a recruiting office where they both were trying to enlist.

NINE COLORFUL RUGS YOU CAN EASILY MAKE

7410 by Alice Brooks

Put odds and ends of material to work the smart way. Make nine different scatter rugs—some crocheted or braided—others woven, hooked or tufted—and all easily made! You'll find just the rug you need for any room. Instructions 7410 contain directions; materials needed; pattern parts where needed.

To obtain this pattern send 11 cents in coin to The Herald and News, Household Arts Dept., Klamath Falls. Do not send this picture, but keep it and the number for reference. Be sure to wrap coin securely, as a loose coin often slips out of the envelope. Requests for patterns should read, "Send pattern No. 7410 to _____ followed by your name and address."

SUSPENDED TERM METED NEWSMAN

BARRIE, Ont., Nov. 26 (AP)—Edward G. Rohrbough, American-born Toronto newspaperman, pleaded guilty Wednesday to a charge under the defense of Canada regulations which involved the transmission to Time magazine of a story on a disturbance at the Bowmanville camp for German prisoners of war.

He was given a two-year suspended sentence. The charge said Rohrbough transmitted information prejudicial to the safety of the state and the efficient prosecution of the war, in violation of censorship requirements.

The incident occurred October 10 when the Nazi prisoners resisted shackling by their guards, an act taken by Canada in reprisal for German shuffling of British prisoners—chiefly Canadians captured at Dieppe.

Canada later complained to the United States that Time magazine's story contained "distortions and inaccuracies." The Canadian government contended the magazine version would provide the enemy with propaganda material and might lead to further ill-treatment of allied prisoners in Germany.

Whipping Cream Order "Not the Answer," Report

PORTLAND, Nov. 26 (AP)—The WPB order prohibiting the sale of whipping cream for consumer use "is not the answer to the milk shortage in this market," Joseph Mapes, Oregon milk control board administrator, said last night.

"In this market a more workable scheme to spread the milk among more consumers would be to limit the sale of skimmed milk," Mapes said. "Under ceiling prices fixed by the OPA it will not pay most Oregon milk producers to divert their product to the butter market."

Mapes said the situation in the east where low-test milk is the rule was not comparable to Oregon where Guernsey and Jersey herds produce milk of high butterfat content.

There is one type of motor accident that happens only in the fall—skidding on wet leaves, often covered by dry leaves, on the roadway.

FAMILIES ATTEND SELLING CLASSES

Evening classes in retail selling at Klamath Union high school conducted by Mrs. Sally Louis, local coordinator, are proving to be a "family gathering." There are four families represented. Three mothers are studying with their daughters and one sister is attending with her brother.

The class attendance has increased steadily since the opening night, it is reported, and employers are urged to call Mrs. Louis at the high school office for extra salespersons or permanent staff members.

Classes have included personality, store organization, psychology of selling and actual work experience in wrapping, cashing, selling, counter care and stock and merchandise information.

Interest is being shown by local clubs and merchants in the annual pre-Christmas training classes and the gift wrapping class sponsored by the vocational coordinator in cooperation with the high school. Mrs. Louis announces that classes this year will cover a two-week period and will be taught by experienced persons on staffs of local stores.

The first week will be devoted to the study of psychology of selling, for those who are already employed, and the second week will be open to all those over 16 years of age who would like to learn gift wrapping. Registrations will be accepted for this class on December 4 at 7 p. m. in room 214, KUHS.

Flood Victim's Body Discovered

PORTLAND, Nov. 26 (AP)—The body of George Willis Scott, 28-year-old logger, victim of Monday's Sanny river flood, was recovered yesterday.

Scott, inside a cottage when it was undermined and toppled into the stream, made his way out and was last seen clinging to a tree that was swirling down the rain-swollen river.

Thiokol can be bonded to the surface of a tire by heat and pressure and becomes an integral part of the tire without use of an adhesive.

Registrations will be accepted for this class on December 4 at 7 p. m. in room 214, KUHS.

W. W. HALE GIVEN S. P. PROMOTION

Appointment of W. W. Hale, formerly of Portland, as vice president in charge of system freight traffic for Southern Pacific, succeeding the late J. T. Saunders, was announced Monday by A. T. Mercier, president of the company.

Hale has had 41 years of experience with the Southern Pacific, first on the Pacific coast, later in Texas and Louisiana, and for the last four years as general traffic manager for the company with headquarters at Chicago. He arrived in San Francisco Monday to take up his duties, effective at once, in charge of freight traffic for all S. P. lines.

His first job with the company was in 1901 as a clerk in the general passenger office at San Francisco.

PENNEY'S Practical Gifts AT SENSIBLE PRICES

WE'LL REMEMBER THIS CHRISTMAS!

Warlike Christmas live in the memory long after the happy, carefree ones are forgotten. For the shadow that war casts over every home, is intensified at this season.

We must not let the radiance of Christmas be dimmed. Joyous occasions like this are part of our way of life. And Christmas is one of the things we're fighting for.

With families scattered, more of our Christmas presents must go into parcel post bags, on trains, planes and ships, for no one must be forgotten. And those that remain at home, must preserve the Christmas spirit there.

There must be giving... generous, but thoughtful, giving. Every gift must be chosen with care... and no gift should be extravagant.

For the Gift of Gifts, for all of us, is the Victory we are working for... and to achieve it, we're going to have to buy lots of War Bonds, however much we must sacrifice to buy them!
