GOLD ENTERTAINS TWO MISSIONARIES

TULELAKE—Honoring Mrs. F. H. Millican and Rev. Forrest C. Travaille, returned missionaries from the Orient, the Guild of the Tulelake Community church entertained last Sunday afternoon, November 23, at a tea in the church annex. Both honor guests spoke on missionary work during the social hour.

Mrs. J. Merton Brown, president of the Guild, welcomed the guests with Mrs. A. E. Ryckman reading from Mayfield in appreciation of the work accomplished by those who brave the fields of missionary work.

Rev. Travaille spoke of the missionary enterprise as a whole, emphasizing the reservoir of good-will for the United States found almost without exception in other countries of the world. Missionaries are largely responsible for this attitude, he stated. He remarked that the bond of fellowship and love for one another is almost unbreakable the world around.

Rev. Travaille, at one time pastor of the Presbyterian church of Merrill, spent some time in Bangkok, Thailand. Mrs. Millican spoke briefly on a similar topic.

Gift tokens were presented to the visitors and Mrs. Elmer Gilliland and Mrs. F. E. Caley played two piano duets.

The attractive tea table was centered with autumn leaves. Pouring were Mrs. Gilliland and Mrs. J. E. Barkwell.

Rev. Travaille and Mrs. Millican held a service in Merrill before leaving for Roseburg and Coos Bay to hold similar meetings. They were greeted here Sunday afternoon by 50 friends.

The Golden Text will be "Watch ye, stand fast in the faith, quit you like men, be strong" (I Cor. 16:13).

Among the citations which will comprise the Lesson-Sermon is the following from the Bible: "Deliver me, O Lord, from the evil man; preserve me from the violent man; which imagine mischief in their heart; continually are they gathered together for war. They have sharpened their tongues like a serpent; adders' poison is under their lips" (Ps. 140:1-3).

The Lesson-Sermon also will include the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As named in Christian Science, animal magnetism or hypnotism is the specific term for error, or mortal mind. It is the false belief that mind is in matter, and in both evil and good; that evil is as real as good and more powerful. This belief has not one quality of truth" (p. 103).

A meeting which includes testimonials of Christian Science healing is held every Wednesday evening at 8 o'clock.

Frills Are Disappearing From America's Kitchens; WPB Trims Gadgets Trade

Editor's note: War touches every home and every citizen. This column, based on official government information and prepared by the Office of War Information, shows how the war will affect Mrs. America and her home.

Egg beaters and can openers have survived the latest WPB trimming of household gadgets. Among the other kitchen articles which you should still be able to find are wire strainers, food mills and food choppers and grinders. But you'll not be seeing silent butlers and dust pans of metal. The use of metal also is completely prohibited by a WPB order in wash boards, clothes wringers and crumb sets.

Look out for a rainy day and take good care of your umbrella. It isn't that Uncle Sam expects to issue a priority on showers, but you see there will be a reduction in the number of umbrellas manufactured in the

OWEN TURNS DOWN MEAT CAMPAIGN

SALEM, Nov. 27 (AP)—State Civilian Defense Coordinator Jerrold Owen said today he would refuse to sponsor the office of price administration's "share the meat" program in Oregon.

The campaign's purpose is to influence all persons to voluntarily limit their meat consumption to 2 1/2 pounds per week until the meat rationing program can be placed in effect.

"We can't see any point in sponsoring such a campaign in Oregon, for the obvious reason that in many communities there will be virtually no meat to share," Owen said.

"To ask persons to restrict their consumption to 2 1/2 pounds weekly when there is not even a half pound a week available—due in a large measure to restrictions on packing houses which do not take into consideration population increases in the area served—does not make sense."
