

HALF OF 1943 FOOD PACK SET ASIDE FOR WAR

WASHINGTON, Dec. 10 (AP)—The war production board today ordered approximately one-half of the 1943 pack of popular canned fruits, vegetables, and juices set aside for purchase for the armed forces, lend lease, and other government agencies, thus reducing the supply available to civilians substantially below pre-war levels.

The order directed canners to set aside various percentages of their 1943 pack of 31 fruits and vegetables, based on the amount packed in 1942 (citrus products, 1941-42 crop year), which range from 19 per cent of the grapefruit pack to 100 per cent of the blueberry, fig, blended fruit juice and carrot pack.

Frozen Foods, Too
WPB estimated the portion of the 1943 pack allocated for civilian use would provide a maximum of about 33 pounds of canned foods per capita in 1944, when most of the 1943 pack will be consumed. This compared with an annual average per capita consumption of canned foods of about 46 pounds in the pre-war period, 1935-39.

The order also applies to processors of frozen, dried, dehydrated, pickled, preserved, and other non-perishable products. Previously, it applied only to canned foods. The order did not direct these processors to set aside specified amounts of their products, but WPB said they may be directed to do so in the future.

COSTLY, BUT WORTH IT
WILLIAMSPORT, Pa., (AP)—It cost Arthur S. Thompson \$25 to save his own life.

Thompson told game wardens a 420-pound bear charged him while he was hunting deer and he shot it when it was only 30 feet away.

The wardens checked tracks in the snow and substantiated the statement but nevertheless Thompson paid a \$25 fine—bears are out of season.

"Boy, it's cold at this air-raid post!"

"Well, it's your own fault, Bill. You wouldn't be shivering if you'd changed from Summer underwear to middleweight HANES WINTER SETS, as I did."

He's right. These garments keep you warm outdoors without being too hot indoors. Particularly comfortable if you're conserving fuel with a cooler house this winter. You also have the gentle athletic support of the HANESKIN Crotch-Guard. Conveniently placed opening. Flexible waistband. You're really unaware of underwear.

CHOOSE FROM THESE HANES WINTER SETS Wear a short-sleeve or sleeveless shirt with ankle-length Drawers (shown above) or with mid-thigh Shorts (Figure A). Ask for HANES WINTER SETS for boys, too.

HANES UNION-SUITS (See Figure B.) For men who need even warmer underwear. Fluffy and comfortable. Tailored to exact chest width and trunk length—they won't pinch or pull. Ankle-length legs. Long or short sleeves.

The HANES Label assures you quality garments at moderate prices. We are making every effort to keep you supplied. But if you cannot obtain your favorite style of HANES Underwear, remember that much of our production is going to our Armed Forces. P. H. Hanes Knitting Company, Winston-Salem, N. C.

NOVEMBER WAS A WET, COLD MONTH

November was both wet and cold, according to the US weatherman, who said the minimum of 14 degrees on November 20, was coldest for the month since 1938 when the mercury slipped to 14.

Precipitation was chalked up to 4.19 inches, wettest since 1926 when 7.94 inches virtually established a record. Normal for these parts is 1.72 inches. Stream year to date, 4.48, as compared to a normal figure of 2.72.

Maximum temperatures were registered on November 1, 12 and 13, as 62 degrees. Mean maximum, 47.1; mean minimum, 29.2; mean, 38.2.

There were nine clear days, eight part cloudy, and 13 cloudy days during the past month.
