

# CANNED, DRIED, FROZEN FOODS ON RATION LIST

(Continued From Page One)

canned and dried fruits and vegetables will be needed for military purposes, said: "On the average, 33 pounds of canned, frozen, or dried fruits and vegetables are expected to be available for each person in 1943 as compared with an average of about 46 pounds a year from 1937 to 1941."

"But that doesn't mean," he said, "we will be poorly fed. At present—assuming that we meet production goals and that military and lend-lease needs stay in line with present estimates—it looks as if we will have a civilian food supply about as big as we had in the last half of the 1930's."

**System Explained**  
Prior to the broadcast, Donald E. Montgomery, retiring consumers' counsel in the agriculture department, issued a statement protesting against advance announcement of plans for food rationing.

Wickard and Elmer Davis, OWI chief, said advance announcement was necessary to give the public time to become familiar with the point rationing system, which OPA explained as follows:

"With a few minor exceptions, such as individuals living in institutions every member of the civilian population from the new born infant to the oldest inhabitant will have exactly the same number of points to spend during each ration period. These periods will be announced in advance.

**96 Stamps**  
"The new point 'currency' for processed foods will be represented by the blue stamps in war ration book two, which contains both red and blue stamps. There are a total of 96 blue stamps and a numeral on the face of each shows its points value. Each stamp also bears a letter of the alphabet. These letters designate the ration period when stamps may be used.

"For example, all blue stamps bearing the letters A and B; or A through F; or any other combination, might be designated for use during a specific period. Since each letter of the alphabet appears on stamps totaling 16 points—one '8', one '5', one '2', and one '1'—the letters made valid in any one period determine the number of points that may be spent to buy the rationed foods. If only A and B stamps were validated, only 32 points could be spent during the first ration period, while if stamps marked A through F were designated, the holder would have 96 points to spend.

**Three Vital Facts**  
There are three important facts to be remembered in this connection:

"1. The total number of points that will be allocated to each civilian has not yet been determined; nor has the specific point value of any of the foods to be rationed. Points will be set for each commodity according to its supply at the time the ration period is announced.

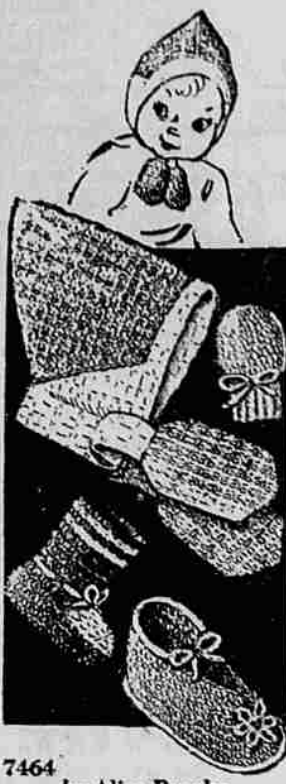

"2. Possession of points merely entitles you to buy your share; you must pay for the rationed merchandise, as usual, in dollars and cents.

"3. The housewife has complete freedom of choice. She can spend her points any way she wishes, although, of course, the items that are scarce will have a higher point value, and hence, will use up her points faster.

## TIP TO TOE WARMTH IN GAY ACCESSORIES

7464 by Alice Brooks

Here's smart "baby talk" for your crocheted needles—in a set of warm outdoor apparel. There's a pixie cap with attached scarf and mittens, booties and slippers—all easy and quick to crochet. Pattern 7464 contains instructions for cap and mittens in infant's and one year size; booties and slippers; stitches; materials needed.

To obtain this pattern send 11 cents in coin to The Herald and News, Household Arts Dept., Klamath Falls. Do not send this picture, but keep it and the number for reference. Be sure to wrap coin securely, as a loose coin often slips out of the envelope. Requests for patterns should read, "Send pattern No. \_\_\_\_\_ followed by your name and address."

## 3 PEDESTRIANS INJURED IN CITY

Three pedestrians were injured during the holidays, none seriously, according to reports filed with city police. Two accidents occurred at Sixth and Main streets, the third at Fourth and Main, officers said.

C. E. Dennis, 332 North Eleventh street, reported his car struck Eugene Dubold, 6, 155 East Main street. Police said the lad became confused while crossing with the lights and failed to walk with his father. He was badly shaken and bruised. The accident occurred Saturday at noon at Sixth and Main. At that same intersection C. A. Page, 2012 Etna street, reported striking a 65-year-old man whose name he did not learn. The man stepped in front of his car, Page said, and suffered a skinned knee. He refused medical attention.

His car skidded into Joe Thornton, 60, Baldwin hotel, at Fourth and Main streets Christmas eve, according to a report by Robert Vandendoele, 1602 Esplanade. Thornton was not hurt.

## FUNERAL

**GEORGE STEPHEN BIGBY**  
The funeral service for the late George Stephen Bigby, who passed away in this city on Friday, December 25, 1942, will take place from the chapel of Ward's Klamath Funeral home, 925 High street, on Monday, December 28, 1942 at 6 p. m. A minister from the Assembly of God will officiate. Following the service the remains will be forwarded via Southern Pacific to Stillwater, Okla., where the final rites will take place. Friends are respectfully invited to attend.

Hans Norland, Insurance.

## SP PASSENGER CAR HIT BY SNOW SLIDE

(Continued From Page One)

announced some navy personnel was aboard. The accident occurred at 9:05 p. m. near Wicope station 87 miles south of Eugene, Ore.

A hospital train took the injured to Eugene and the remainder of the passengers and crew continued the journey aboard the first nine cars of the 20 car train which were ahead of the slide.

There were no Klamath Falls passengers aboard the third section of train No. 20 which was derailed in the Cascade mountains 129 miles north of here. Klamath passengers on Sunday's train, including a large number of college students, were on the first section which passed through the mountains well ahead of the slide.

Klamath passenger train service was disrupted by the slide, but may be restored by late Monday or early Tuesday.

No. 20, northbound on Monday, went north by way of the Siskiyou line. Nos. 23, 17 and 13, southbound on Monday, went south by that route. Southern Pacific arranged to send Greyhound buses to Medford to pick up or take out Klamath passengers on these trains.

Cliff Reeves, district freight and passenger agent of the Southern Pacific, visited the scene of the derailment near Oakridge Monday morning.

Local wrecking crews were not called out on the job, which was being cleaned up from the Eugene side. A ditcher crew from Chiloquin went out to clear up a slide which occurred south of the derailment. The third section of No. 20 struck one slide and was missed by another which came down behind it. Snow and rain in the mountains were blamed for the slides.

## J. D. WALTZ, 79, PASSES IN DORRIS

Jacob Daniel Waltz, 79, familiarly known to old timers of Klamath Falls as "Jackie" Waltz, died early Sunday night at his home in Dorris, Calif., where he had resided for a good many years.

Mr. Waltz, native of Willard, O., came to this section in the early 1890's. He operated a saloon in Bonanza at one time, and in 1906 moved to Klamath Falls where he operated the bar at the old American hotel, situated where the Klamath Billiards now stands on Main between Fourth and Fifth streets. The American burned and later Mr. Waltz and Mr. Taber operated a bar in the rear of Hotel Hall.

When Oregon went dry, Mr. Waltz moved to Dorris and entered the wholesale liquor business and also operated a flour mill. He organized the Bank of Dorris and from 1920 to 1933, when he retired due to ill health, served as the president of the institution. Mr. Waltz is survived by a daughter, Della, with whom he made his home in Dorris, and a second daughter, Mrs. E. J. Morgan of Minneapolis, Minn. One sister, Mrs. Margaret Buzzard of Elyria, O., is here at the present time. Mr. Waltz had been an invalid for the past five years. Funeral arrangements are being made by Whitlock's. Services will be announced later.

North Africa and other parts of the French empire. His plan coincides with the report that Albert Lebrun, president of the republic until the armistice, has escaped to Switzerland, a report that has been denied in Vichy, however. It is understood that a number of members of the chamber of deputies also are residing in North Africa, where they might be recalled to service.

Gen. Giraud, unanimously selected as high commissioner and chief military and civilian authority in North Africa by the imperial council following the assassination of Admiral Jean Darlan, has not yet secured complete control of the entire army in North Africa, some sources said.

## WALLAN FACES SECOND DEGREE MURDER CHARGE

(Continued From Page One)

Sisemore prepared the second degree murder charges.

Wallan was out on bond under the lesser charge, but officers took him again into custody Monday afternoon. No bail is permitted under a second degree murder charge.

J. C. O'Neill is attorney for Wallan, who is shop foreman at the Douglas garage. Bowman was a mechanic there.

A post-mortem examination of Bowman's body was underway Monday afternoon. No inquest will be held. Wallan was taken into custody at the garage, where he was working on Monday.

Bowman had lived in Klamath Falls three years.

He is survived by his wife, Edna, of this city, one son and three daughters.

## Two Shot by MP's As White, Negro Soldiers Riot

(Continued From Page One)

broke up the disorders last night. Leo Arthur Shaw, 18, wounded in the left arm, and George Carpenter, 26, shot in the left leg, were the only casualties of the marine patrol's shooting. Both are negro sailors.

The previous night four white sailors were treated for slight wounds after fights with negroes.

Navy orders sending all sailors, white and negro, and marines to their ships virtually cleared this populous town near the Mare Island navy yard of uniformed men overnight. It was not announced how long the confinement of service men to naval establishments would last.

City police said friction between negroes and whites started several days ago after the arrival here of several hundred negro sailors.

The trouble began last night after about 200 negro sailors gathered at a night club and advanced into the street, police said, planning to "clean up" the town.

A half-block from the night club, a marine patrol ordered the negroes to halt. When they failed to do so, police declared, a marine fired seven slugs from his tommy-gun. Two negroes were hit. A marine non-commissioned officer fired three pistol shots over the negroes' heads.

The negro sailors halted, and waited while shore patrolmen and city police rounded up all other service men in the area and ordered them to quarters. The negro sailors, thoroughly calmed by standing an hour or more in the cold, then were marched away.

## SOVIETS RING AXIS IN SECOND GREAT CIRCLE

(Continued From Page One)

bodied Lightning fighters, battered the Tunisian east coast port of Sousse yesterday for a second successive day, showering the waterfront with explosives and blowing one axis ship to bits.

The swift Lightnings and P-40 Curtis Warnawks also swept the Tunisian front, strafing the roads along which the Germans are trying to supply their advance positions.

In every phase of fighting, on land and in the air, from the Russian front to North Africa, the allies were keeping to the attack and the axis battled for time, on the defensive.

**French Forge Ahead**  
On the mud-clogged Tunisian land front, Gen. Henri Honore Giraud's French North African troops were proving their worth in the allied battleline.

They announced an important advance south of Pont-Du-Fahs, some 30 miles south of Tunis, where they held the southern flank of the allied line with Americans in the center and British to the north.

This was one of two French forces reported to have thrust through stiffening German defenses to positions roughly 35 miles from the gulf of Hammamet on the Tunisian east coast, threatening thus to cut the axis Tunisian front in two. The second column was near Kairouan, about 50 miles farther south and 35 miles west of Sousse.

Allied ground forces continued to hold the important hill position six miles northeast of Medjez-El-Bab, which they won Christmas day in a fierce fight in which the height changed hands three times.

## Advance Notice of Rationing Scored; Hoarders Warned

(Continued From Page One)

in advance may be found in the magnitude of the job to be done before rationing can begin."

Henderson asserted 1,500,000 OPA volunteers would have to be recruited and trained in connection with the registration for ration book No. 2, under which the foods will be distributed. He appealed to Americans to "play fair with the nation's food supply" and not stock up. Secretary of Agriculture Wickard and OWI Director Elmer Davis supplemented this appeal in radio addresses.

Rep. Fulmer commented in Washington:

"The procedure is ridiculous. The announcement this far in advance can only result in a wave of buying and hoarding which will aggravate the situation. It is only natural that housewives who use canned foods extensively will start stocking up, especially when they are warned in advance that they had better get all they can while the getting is good."

Administrator Henderson pointed out that each consumer registering for the new ration book would have to declare all commercially processed foods in his possession, and "heavy penalties are provided for any applicant who makes a false declaration."

## YANKS BOMB JAP SUPPLY ATTEMPT

(Continued From Page One)

divebombers attacked the Japanese airfield at Munda on New Georgia island, the navy said.

**U. S. Planes Outnumbered**

One of the heaviest blows against the Japanese in the air was dealt by American Lockheed Lightnings in the skies above the Buna coastal battlefield in New Guinea.

Outnumbered more than three to one, 12 of the swift American pursuit planes engaged a force of 25 fighters and 15 bombers. A communique from allied headquarters in Australia said the Lightnings shot down 15 planes—13 fighters and two bombers. None of the Lightnings was lost, and only one was listed as damaged.

**Ground Forces Gain**

Other allied bombers heavily damaged a 15,000-ton transport and set three cargo vessels afire at Rabaul, New Britain. Allied ground forces were said to have made gains on both flanks of the last heavily fortified Japanese lines at Buna.
