Has Pneumonia—Roland Ittner, Camp White soldier, was admitted to Klamath Valley hospital suffering from pneumonia after midnight Saturday. The youth had been on furlough in Washington and was returning to Camp White by bus when taken ill. He stepped into a local pool hall where he passed out. City police were called and they rushed the man to the hospital, where he was reported improved Monday.

Recovering—Charles Bye, 39 Gibbs street, is recovering from a recent illness in Klamath Valley hospital.

KINDNESS PAYS
LITTLE ROCK, Ark.—(P)—Police arrested a youth on a traffic charge, and to be nice about it, offered a ride into town for his 15-year-old girl friend. Escorting the young man into headquarters, they heard the sound of breaking glass coming from the direction of their squad car.

By the time they could hurry back to it, she had broken all the windows except the rear one, and was aiming an attack at it.

RINGSIDE RECORDING
SMITHBURG, Md.—(P)—When Deputies Kenneth Stangle and Howard Horn arrived to quell a street fight the battle had ended but the melody lingered on.

A neighbor hung his microphone out the window and preserved a blow-by-blow description of the affray on his home recording machine. "It was terrific," Horn said, adding he was going to obtain disorderly conduct warrants and prevent the recording to the judge.

CINCINNATI, Jan. 4 (P)—Patrolmen Dave Flach and Earl Soden, manning a rowboat in evacuation work during the Ohio river flood, were summoned by a woman leaning from a second story window.

As they edged their craft closer, she offered a quarter and asked: "On your way back would you bring me a bottle of beer?"

The officers' reply was not recorded.

FOREWARNED
LOS ANGELES—If you don't you'll be sorry," two chance acquaintances warned Freddie Ancheta who refused to drive them to Long Beach because he had only an "A" card. Ancheta didn't, and sure enough, he's sorry.

When he went to his car he found all four tires slashed beyond repair.

News of the Commandos

Here is Second Lieutenant Mabel Soderstrom, our fourth and last ranking officer. It is her duty to keep a record of the financial status of the Commando unit.

She sees that each member's monthly dues are paid and does all the banking for the unit. Now that the holiday season is over, things are beginning to return to normal at the Service center. Quite a number of soldiers visited the Center the past weekend, but in comparison with the Christmas holiday crowd it was comparatively quiet. Numerous cards and letters have been received at the Commando room from the service men who were guests in Klamath Falls over Christmas.

The following is an example of the sincere appreciation which was expressed in these notes: "Dear Mrs. Serruys:—The convoy from the 363rd Inf. arrived back to camp 'safe' but not 'sound' in mind. I fear many of us are still punch drunk from Klamath Falls hospitality. Fifteen minutes after we arrived we were the envy of all who could only experience the grand Christmas holiday second-hand from us.

"I know how the boys in our company feel and I imagine the parents of all of us will have a special little place in their prayers for the ones who made a home Christmas possible for so many.

"Sincerely,
"Pvt. Walter Hoale."

CAN'T FRAME IT, EITHER
LOS ANGELES—Wayne R. Allen, former Los Angeles county manager, drew a 40-cent check for his five months' service with the WPB.

Allen's overseas with the army now, but his wife couldn't have the 40 cents even if he endorsed the check.

The county will take it. Allen remained on the county payroll and can't draw two salaries.

BING CROSBY HOME GUTTED BY FLAMES

HOLLYWOOD, Jan. 4 (P)—Charred framework and a mass of blackened debris were all that remained today of Crooner Bing Crosby's 20-room colonial mansion and his valuable collection of musical recordings, golf awards and horseshoe trophies.

The residence, a rambling two-story film colony showplace situated on a four-acre landscaped estate fronting suburban Toluca lake, was gutted last night by fire, believed to have started from a short-circuit while Mrs. Crosby, formerly Actress Dixie Lee, and their four sons were dismantling Christmas tree decorations.

Battalion Chief Joseph C. Roeder of the Los Angeles fire department tentatively placed the loss at \$250,000, but declared an exact valuation would await complete inventory of furnishings and personal effects.

Mrs. Crosby and the children ran safely from the blazing dwelling to a neighbor's home, where fire companies from Los Angeles, North Hollywood, Burbank, Glendale and Van Nuys were summoned. Firemen, however, were unable to check the swift course of the flames.

Crosby, who had a golfing date late yesterday with dancer Fred Astaire, rushed home from Bel-Air Country club when notified of the fire, only to find the house a charred ruin.

KANSAS CITY—The wild quail population at the University of Kansas City has doubled twice in ten years.

A decade ago a covey of the game birds made the campus its home.

There are now four coveys, and the birds will approach within 15 feet of spectators to be fed.

NO FURLOUGHS
WASHINGTON, Jan. 2 (P)—Secretary of War Stimson said Thursday that no army officers or men who are members of state legislatures would be given furloughs to attend legislative sessions.

The department, however, will permit a man to be "honorably separated from the service to attend to his legislative duties," he added. Stimson explained that there had been a long-time policy against issuing extended

furloughs for any reason except an emergency. In wartime, he said, this policy must be adhered to.
