(Continued From Page One)  
group has refused to go into caucus with the Steiwer group. McKenna replied that the Lee group feels the matter should be thrashed out on the floor before the public.  
Mahoney then replied that the public hasn't been invited to the numerous caucuses Senator Lee has been having, but McKenna replied these have been personal, private meetings.  
If the senate isn't organized by Friday, the pay of all senators will stop until they get organized.  
Senator Lee renewed her offer today to settle the argument by drawing lots, pointing out that ties in primary elections are settled this way.  
Different Situation  
But Steiwer answered: "I'm sorry I can't agree to that. There's a different situation here. In a primary election, the ballot is secret, so it is proper to draw lots where there are ties. But in this election, where there is an open ballot, it would not be proper."

horseplay might be looked upon as merely another sporting event. In war, it is sheer waste, and as such stirs the ire of citizens who are busy with important jobs.  
If the deadlocked senators are spoiling for a fight, they'd better get into uniform.  
IN the great Kaiser shipyards, which have led the nation in production, AFL and CIO are girding for a jurisdictional fight to see who collects the dues.  
Back in the shivering East some thousands of coal miners are on strike, oddly enough, because of a fifty-cent-a-month increase in DUES.  
Don't be cynical, even if you have a boy in the service. Remember that we have a LABOR GOVERNMENT and, everything considered, labor (especially labor that works with its hands) has been doing a pretty good job of production.

A BRITISH broadcast heard today quotes French General Giraud in Africa as estimating that the Germans now have about 70,000 men in Tunisia.  
That's quite a few, but still not much of an army as modern armies go.

## FUNERAL

**GEORGE EDWARD WOOLSEY**  
George Edward Woolsey, infant son of Mr. and Mrs. George L. Woolsey of this city, passed away Monday, January 11, 1943, following an illness of one week. He was a native of Klamath Falls, Oregon, and at the time of his death was aged 20 days. Surviving beside his parents are the grandparents, Mr. and Mrs. George Rochester of Detroit, Mich., and Mrs. M. Woolsey of Los Angeles, Calif. Funeral services were held Tuesday, January 12, 1943, in the chapel of the Earl Whitlock funeral home, Pine street at Sixth, at 3 p. m., with the Rev. Arthur Charles Bates of the First Christian church of this city officiating. Commitment services and interment Linkville cemetery.

## Oil From the Sea for the War in New Guinea

This isn't fish oil the boys are rolling up out of the ocean at an Australian base in New Guinea. The drums were dropped in shallow water by a United Nations supply ship. The gasoline they contain will be used to fuel war machines and planes in the fight against the Japs.

## NAVY IDENTIFIES SUNKEN CARRIER

planes dive-crashing to the decks. The explosions wrecked the superstructure and set the big ship aflame.  
Kept Firing  
Patrol planes from the Hornet opened the battle, Kindmark related, after spotting an enemy task force off the islands, some 350 miles northeast of Guadalcanal. American torpedo planes attacked and shortly Japanese bombers retaliated.  
Even after the Hornet was severely damaged, the carrier's guns kept firing and the survivor counted 25 falling enemy planes. Then, with the carrier burning fiercely, the order was given to abandon ship.  
Force Reduced  
Other American warships delivered the final blows to the carrier when it was found that she had been damaged beyond repair.  
Thus, the force of seven aircraft carriers with which the United States entered the war on December 7, 1941, was reduced to three—the Enterprise, Saratoga and Ranger. Of the other carriers, the Lexington was lost in the battle of the Coral sea, the Yorktown at Midway and the Wasp in the Solomons.

## Prowler Leaves Cigarette as Only Clue in Robbery

A half-smoked Chelsea cigarette was the only clue left by a prowler who entered the Lamar Townsend quarters, 214 Willits building, late Saturday night, according to city police who were investigating this week.  
A dressing cabinet was pried open and a watch valued at \$70, and a string of pearls valued at \$25, were articles taken, Chief Earl Heuvel said.  
If we all do our part, there will be (after the war) a new opportunity for the common man, that blend of liberty and unity which is the bright goal of millions who are bravely offering up their lives on the battlefronts of the world.—Vice President Henry A. Wallace.

## The Guy to Get in 1943

Meet Mr. Hirohiterin, our common enemy, the guy we're gunning for in 1943. Hitler's hair and moustache, Hirohito's eyes and gold braid, and Mussolini's famous chin make this gruesome composite that should inspire every soldier to fight harder, every civilian to buy more war bonds.

## JURORS QUIZZED FOR FLYNN TRIAL

LOS ANGELES, Jan. 12 (AP)—Most of the prospective jurors have seen Errol Flynn in his romantic and adventurous screen portrayals, but agree that it won't affect their deliberations if they are selected to try him on three counts of statutory rape.  
As questioning of venire members went into its second day today, attorneys continued to concentrate questions not only on Flynn's movie roles, but on their acquaintance with principals or attorneys or with several other individuals—including Actor Bruce Cabot and Blues Singer Lynne Boyer.  
For the third time, a prospective juror acknowledged a relative in the movie industry. But Mrs. Theresa A. Wood, who said her husband had been a studio carpenter for 16 years, observed that this would make no difference in her deliberations. Neither, she added, would the fact that she had seen Flynn's latest film.

around that endangered nazi stronghold.  
Flag Flying  
Russian mountain troops, along with the Cossacks, were given credit for an important part in the gains deep in the Caucasus.  
Battlefront dispatches said they had planted the red flag on the summit of the Mashuk and Beshtau mountains overlooking Pyatigorsk.  
The mountain slopes, river valleys and rail lines were reported strewn with the Nazi dead where the Russians had overwhelmed the line after line of defenses.  
These dispatches said Georgievsk and Mineralnye Vody, cores of the German defense fell in particularly hard fighting. There Germans launched several counterattacks in an attempt to regain Georgievsk, but finally fell back with the Russians pressing hard upon them.

## Japs Believed Reinforcing Kiska By Night Action

(Continued From Page One)  
Andreanof islands, only 125 miles from Kiska at the nearest point.  
About the same time the Japs withdrew from Attu and Agattu, where they had taken a heavy pounding, and strengthened their hold on Kiska apparently with the intention of digging in for the winter. Beginning in October the American attacks let up somewhat because of bad weather, storms and fogs being characteristic of the region.  
Late in November a communiqué disclosed that the Japs had sent new forces into Attu and set up anti-aircraft defenses which on November 26 were strafed by army fighter planes. Since then American aircraft have noted various cargo or transport ships in the Kiska area.  
Military and navalmen, discussing the general Aleutians situation, said the long northern nights—leaving only about three hours of daylight around noon—greatly limited American reconnaissance and bombing operations and gave the Japs excellent cover for reinforcing movements.

## ELLIOT NAMED TO SCHOOL BOARD 1

(Continued From Page One)  
at Klamath Union high school, taking over duties the beginning of this semester. This is a one-half day assignment, according to Gralapp. Mrs. Stone is also teaching half-days at Pelican school.  
Joe Peak, supervisor of physical education for the joint districts, appeared before the boards and explained the obstacle course which he recommended as an addition to the high school physical education program. This set-up was accepted by the board and construction will start at one to be located in the area between the present high school gym and the irrigation canal. This includes at least a dozen hand-cap events now being used in the training programs of the army, navy and air corps.  
Stanfield Job Open  
At the next meeting of the board the remainder of the school calendar will be established, Gralapp advised.  
Gralapp told the boards that no appointment had been made to fill the vacancy caused by the resignation of Charles Stanfield, high school music director, but that contacts were being made with likely applicants. In the meantime Andrew J. Loney Jr., is taking over the band and a cappella choir and Mrs. David Burgoyne is handling orchestra classes.
