## KLAMATH STUDENTS MAKE HIGH GRADES

Klamath county students at Southern Oregon College of Education who have made high grades for the first term of the year, were named in a recent report of the college registrar as follows: Robert Collins, Constance Earheart, Mildred Shultz, Berthel Nelson and Dolores Trout. Each made a grade-point average of 5.5 or better. All are enrolled in the teacher-training department of the college, except Miss Trout who is in the junior college department.

Robert Collins was recently initiated into Theta Delta Phi, honorary teachers' fraternity. Dean Jones, likewise of Klamath county, has also been initiated into Theta Delta Phi.

Mildred Schultz was recently a winner in an essay contest sponsored by the Ashland USO center.

Berthel Nelson has been chosen yell leader by the college group.

## Allied Subs Believed to Have Sunk Jap Vessels

CHUNGKING, Feb. 3 (AP) — The official Central Daily News said in a dispatch Tuesday that two Japanese warships were damaged and several rice-laden ships sunk January 11 in an attack by allied submarines about 40 miles off Shanghai.

The two damaged warships were forced to return to Shanghai for repairs, it was reported.

## Coast Dwellers Are Eating No Fish

ASTORIA, Feb. 3 (AP) — If there are fish on the coast, they are not in butcher shops.

Meat counters were almost bare yesterday and a few smelt were the only fish offered for sale.

The same situation was reported at Seaside.

With horse meat plentiful you should have no trouble getting your filly.

## WAKE UP YOUR LIVER BILE —

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 3 pints of bile into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then you have to get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills. 10¢ and 25¢.

## HIGH SCHOOL News Notes and Comment

By ANITA GWYN

Clifford Rowe and the Journalism class have gone to all the trouble of planning a year book for the seniors.

The seniors voted to have the year book but from recent reports it seems as if they aren't doing so well in paying their \$1. It is necessary to collect the money before publication, so if you want a year book order it from a Journalism student or in room 316, before or on Friday.

Mrs. Waters, director of the Freshman-Sophomore library, made the first semester report of business. On an average, 11 books were signed out to each freshman and sophomore; 72 per cent of the books were fiction and 28 per cent non-fiction; \$38.35 in fines was collected, not counting the money for lost books. The money is to be used for supplies and equipment.

Girls over 17 met in the auditorium Tuesday morning to hear Perry Starr of Western Union. Training in telegraph work was discussed for those who graduate this spring.

The Hi-Y is starting its part of the high school war program. Thursday morning a drive will start to collect funds for the "Barbed Wire Legion."

The YMCA has the job of taking care of religion, recreation and education of those in enemy prison camps. This is a national program and each student is asked to remember his dime for it. May help someone you know. Marshfield has a challenge to KUHS as to the amount raised, so everyone do his part. Klamath Knights will be selling war stamps and bonds tomorrow.

Listen to Pelicana tonight at 8:15.

## LOGGING CONFAB

KETCHIKAN, Alaska, Feb. 3 (AP) — Problems of the southeastern Alaska spruce logging program will be up for discussion at a general panhandle logging industry conference here tomorrow. Operators, federal officials and representatives of northwest companies now engaged in producing Alaska spruce for airplanes are expected to attend.

## COUNTY SCHOOL BOYS TO AID FIRE PATROL

Klamath county high school men will augment the fire patrol this coming season and may prove the answer to the pressing man power problem in the opinion of John Sarginson, chief in charge of Rogue River National forest.

At least 50 boys will be used in the Rogue River forest this summer.

Classes were under way at Klamath Union high school with an enrollment of 50 boys, under the direction of Don Norland of the Klamath Forest Protective association office. Classes are also being held at Bonanza and Henley.

Charles Ogle of the KFFA office, is now attending legislature in Salem and as chairman of the Forest Fire Fighter service will open the 1943 summer program upon his return. Sarginson, member of the committee, said many new plans have been made, one which will probably include the services of women.

## RAMSEY FINED ON BASIC RULE COUNT

One of the few violations of basic rule cases to come into police court since tire rationing went into effect was heard Tuesday morning when Samuel Ramsey, 2061 Wantland avenue, railroad employe, was brought before Police Judge Harold Franey. Ramsey was charged by city police and received a \$20 fine and 10-day sentence, the latter suspended on payment of fine. The arrest was made on Spring street.

Jack Renie, charged with liquor to Indians, was fined \$50 and 30 days in jail, the sentence suspended on payment of fine with Renie to leave town immediately. One drunk also appeared.

## PENETRO

Many users say "first use is a revelation." Has a base of old-fashioned mutton suet, Grandma's favorite. Generous jar 25¢, double supply 35¢. Demand stainless Penetro.

## Dr. Noble to Speak at Dinner Meeting Saturday

Dr. G. Bernard Noble of Reed college, will be the speaker at a dinner meeting set for Saturday evening, February 6, at 6:30 o'clock at the Willard hotel. Dr. Noble, who is president of the northwest regional commission to study the organization of peace, will speak on the subject, "The Shape of Things to Come." He is an authority on the problems of the war and the peace to follow.

His appearance here is sponsored by the Klamath County League of Women Voters, the American Association of University Women and the Klamath Falls Business and Professional Women's club. The meeting, originally scheduled for noon, has been changed for Dr. Noble's convenience.

Special invitations have been extended to members of Klamath Falls service clubs, and all others interested in Dr. Noble's topic are cordially invited to attend the dinner meeting. Reservations may be made by calling the Willard hotel not later than Thursday evening, February 4.

## New Deal Revealed In WPB-Army-Navy Lumber Program

Consolidation of some of the functions of the army-navy munitions board lumber committee with the war production board was announced today by Ferdinand Eberstadt, war production board program vice chairman. Hereafter, the lumber and lumber products division will handle functions other than procurement which have previously been performed by the ANMB lumber committee.

With the consolidation, J. Philip Boyd, chairman of the

ANMB lumber committee becomes director of the WPB lumber and lumber products division. Arthur T. Upson, who has been director of the division, has resigned.

## Motorist May Have To Take Own Advice

WILMINGTON, Del., Feb. 3 (AP)—A motorist who yelled "get

a horse" to a crowd waiting for a street car may have to take his own advice.

One of the group reported the license number to the man's rationing board which ruled he

was "cruising" and ordered the surrender of all but one of his current "A" coupons.

You cannot get a certificate for new or used tires if your present tires are recappable. If you get a Certificate for Recapping, let Wards do a Recapping conforming to Government Regulations. Warranted against defects in materials and workmanship.

# Keep your car up to par with Studebaker service

Expert mechanics do the work efficiently, quickly and at moderate cost

**How rationed mileage and slower driving affect your car**

- Less frequent driving means more danger to your car from corrosion, sticking parts and leaking engine gaskets.
- Slower speeds make small irregularities of engine performance more bothersome.
- Your car should be lubricated and inspected on the basis of time rather than mileage intervals.
- Sluggish temperature controls can waste fuel in hard starting and slow warm-up. Your battery should be checked regularly and kept charged at all times.
- Studebaker dealers have up-to-the-minute information on the effects of rationed mileage and slower driving—and will gladly advise you on the needs of your car.

STUDEBAKER dealers are fully mobilized to give first class maintenance care to the vital motor cars and trucks in their communities.

Drive in frequently and have your car inspected, no matter what make it is.

There is no charge for car inspections unless disassembly or other mechanical work is required. Official tire inspections of course must be paid for at the rates set by the government.

If adjustments or repairs on your car seem necessary, you'll be given a checklist of what needs to be done—and, usually, the Studebaker dealer can provide you with an exact cost estimate in advance.

Studebaker dealers' mechanics, like all other automobile repair men with the necessary skill and experience, have been classified as essential war workers. Don't wait until your car starts giving you trouble. Have it checked regularly.

You may be eligible for a brand new Studebaker

Thousands of motorists whose driving is considered essential can apply for brand new Studebaker Champions, Commanders and President Eighties built before car production was suspended. You may be eligible.

**KWIK START BATTERY**
