

# NEW SCHEDULE FOR TRAINS AT KF ANNOUNCED

## HIGH SCHOOL

News Notes and Comment

By ANITA GWYN

Dr. Robert Huber, professor of speech at the University of Oregon, was introduced by Walter Eschebeck at a junior-senior assembly Wednesday afternoon.

Harold Rhea and David Waite, students of Dr. Huber's at the university, spoke to the students on present and post-war plans. One of the young men named three questions that should be faced when problems arise:

What are the problems and how serious are they? What are the best solutions? Which is the best solution? Several questions were asked by high school students after the talks were concluded.

The Latin-America exhibit is now on display in various parts of the county. Those interested may see it at the high school Tuesday. Call Mrs. Waters at the high school or come to the freshman-sophomore library in room 304.

The drive to raise funds for the Barbed Wire Legion began Thursday. If you didn't get your tag, which is 10 cents, be sure and get it tomorrow. Some of this money may go to help some of your relatives or friends who have been captured by the enemy.

Bring your old hats and worn nylon and silk to your home room. Do your part in this war effort.

Young Wilkinson caught at brush as he slid down the hill, receiving a deep cut in the hand. He received emergency treatment at Klamath Valley hospital.

# GERMAN PEACE MOVE HINTED BY NEUTRALS

By EDWARD D. BALL

LONDON, Feb. 4 (AP)—The belief that Adolf Hitler may be preparing another peace offensive was expressed today in neutral quarters in London who said action might be initiated through Spain or Sweden or both.

These sources, which insisted on remaining anonymous, said there have been strange developments in Berlin since the Casablanca conference which suggest an impending move for a negotiated settlement in spite of the unsolicited denials from the Spanish embassies in Brazil and Chile that General Franco had been designated a peacemaker.

The Spanish denial evoked considerable speculation concerning its motive especially in the absence of any widely circulated reports that Spain had been chosen as a peacemaker.

BUENOS AIRES, Feb. 4 (AP)—Diplomatic quarters cast about today for the reasons which impelled the Spanish government to instruct its embassies in Rio de Janeiro and Santiago to deny last night that Adolf Hitler had asked General Franco to act as intermediary in a peace proposal.

Some observers saw the move as an indication of apprehension on the part of Spain lest her prestige in South America be compromised by suspicions that she was ready to serve as a Nazi cat's paw.

### UNBELIEVERS

FARRAGUT, Idaho, (AP)—Two Bluejackets at the Farragut naval training station were penalized for smoking while at work.

They were painting signs which read: "No Smoking."
