

MRS. STEARNS, 81, KLAMATH PIONEER, DIES

Mrs. Orson Avery Stearns, 81, early day resident of Klamath county, died at her home in Ashland late Sunday, February 7, according to word received here. Mrs. Stearns was found by neighbors Monday morning.

Since 1918, the Stearns family has lived in the valley, but in the history of early Klamath they figured prominently in civic life. Mrs. Stearns was born July, 1862, a native of Ohio, who came with her parents as a child to Talent. Her maiden name was Luella M. Sherman. In the early 1890s, Miss Sherman and her brother, Charles, took up a homestead in Yonah valley. On January 10, 1897, she was married to Orson A. Stearns, the first man to homestead in Klamath county. They lived for several years on the old Stearns place on the Keno highway, now known as the Hiram Murdoch place. Mr. and Mrs. Stearns moved to Klamath Falls in 1905 and resided on South Riverside. In 1918, they left here for Ashland where they made their home at 74 Pine street.

Historian
During her years of residence in this city, Mrs. Stearns was active in civic affairs. She served as the first president of the Klamath Falls Woman's Library club, was active in WCTU circles, the Women's Relief corps of GAR, and a member and officer of Mt. Ashland chapter, DAR, Ashland.

Mr. Stearns died in Ashland on July 29, 1926, at the age of 83 years. He was a Civil War veteran and also served at Fort Klamath. As a young man he was sent to Stearn's mountain to help build Fort Alvord and aid in protecting emigrants from marauding bands of hostile Indians. As a historian, well versed in Klamath county and southern Oregon history, Mr. Stearns was regarded as probably the most authentic source during his lifetime.

Services for Mrs. Stearns will be held in Ashland with interment in the mausoleum at the side of her husband. She is survived by one son, Ernel, Ashland, two step-daughters, Mrs. George Ager of the Keno road and Mrs. Carl O. Worley of this city, one brother and two sisters, Charles Sherman and Mrs. Alice Roberts of Visalia, Calif., and Mrs. Hendrick Goddard of Talent. Fred Goddard, former Klamath county judge, now of Wagner creek, is a nephew.

Wood Pulp Output Hits Record in 1942, Report

SAN FRANCISCO, Feb. 9 (AP)—Wood pulp production hit a record of 10,142,000 tons in 1942, going some 133,000 tons above the previous record set in 1941. Fred G. Stevenot, president of Puget Sound Pulp and Timber company, said consumption out-ran production and also set a record at around 10,923,000 tons. That was some 76,000 tons more than in 1941.

The excess of consumption over production was accounted for by imports.

TOKYO TO TOKYO
PORTLAND, Feb. 9 (AP)—From Tokyo to Tokyo is the hope of Raymond L. Comer of Willamina, Ore., who entered the navy here recently. He was born in Tokyo, N. D.

A laughing hyena escaped from a circus. You may find him just behind you in a movie theatre.

OUR MEN IN SERVICE

MUSICIAN—Corporal Frank M. Berglund, son of Mrs. Mary Berglund, 838 Walnut street, has been awarded a six months' scholarship in music at Whitman college, Walla Walla. He will study band instruments and other advanced work.

Corporal Berglund graduated from KUHS in 1937, and enlisted as an aviation mechanic in Dec. 1941. He trained at Sheppard field, Tex., until June, 1942, when he was sent to San Diego to study construction of B-24 bombers. He then went to Salt Lake City and then to the army air base at Walla Walla. He was transferred to the band which was being formed in November.

Frank played in Miss Lillie Darby's first grade school band for three years, and under Ray Cooney at the high school. He also played a baritone in the Sons of the Legion drum corps, and in the Eagles drum corps.

John Schnabel, son of Mrs. Rose Schnabel of this city, is working hard on second class exams in the United States navy, according to word received here. Young Schnabel is located at the naval air station, Norfolk, Va. Mrs. Schnabel has a second son, George, now serving with the army engineers. Both boys are graduates of Sacred Heart academy and were former Herald and News carrier boys.

Ray Darby, machinist mate first class, serving overseas with the Seabees, is now somewhere in the Pacific, according to word received by Mrs. Ray Darby of this city. Darby enlisted in October and took his two months' basic training at Camp Endicott near Davisville, R. I. He is a former Copco employee.

MERRILL—Staff Sergeant Glenn E. Chase, who was inducted into the service last June, has finished his basic training as an aerial engineer at Blythe, Calif., and has received his silver wings. He concentrates his efforts on keeping a B-17 in trim. Chase for 13 years was employed by W. E. Hammond and his father, E. M. Hammond, and is well known in the Merrill community.

A recent item from an army source stated that Anton Suty, Jr., attended the University of Oregon. This was an error. He attended Oregon State college.

MERRILL—Word has been received here that Earl (Junior) Heaton, son of Mr. and Mrs. Homer Heaton, former residents of Merrill, has been hospitalized at Douglas, Ariz., where he is training as an air corps mechanic. Mrs. Heaton, who with Mr. Heaton is now living in Vallejo, recently visited Earl who,

when training became rigorous found he was suffering from a leg and foot injury contracted some time ago when he played football on the Merrill high school team. He is reported to be recovering satisfactorily and when able to travel will have a 30-day sick leave to visit his parents.

Homer Heaton is employed as a machinist in a defense plant at Vallejo and Mrs. Heaton writes that men employed in the plants

in the bay region are really doing a fine job in rushing work. Mrs. Heaton is employed in the Vallejo postoffice but states that they miss old friends at Merrill.

The marine corps received its first group of men, all former college students, under the war manpower commission's apportionment induction program yesterday, the Associated Press reported Tuesday. Among them, inducted as a private and trans-

ferred to San Diego for training, is William P. Reagan, 18, Lakeview, Oregon State college freshman football player last fall.

U. S. NAVAL TRAINING SCHOOL, Tucson, Ariz.—Ensign Adolph Zamsky Jr., 27, of 429 North Second street, Klamath Falls, Ore., is among 478 naval reserve officers scheduled to graduate from this indoctrination school, February 11. The son of Mrs. Charles J.

Cizek, of 730 North Ninth street, Klamath Falls, Ensign Zamsky was an auditor with the city of Klamath Falls prior to entering the naval service.

After attending Klamath Union high school, he matriculated to the University of Oregon at Eugene, graduating in 1940 with a degree in business administration and accounting.

Cold Weather, Drunks Seem to Go Together

The boys at the police department say that cold weather brings in the drunks. A late reading of Monday's thermometer and the arrival of 10 drunks, one drunk and disorderly and one vag, proved this theory, according to officers. All

appeared in police court Tuesday morning. Eight traffic tickets were paid.

Farmer Here—Jack Marshall, well known farmer of the Olney district, was a business visitor here Tuesday.

BUY WAR STAMPS AND BONDS

Save your WASTE FATS to make explosives!

1. Don't throw away a single drop of used cooking fat—bacon grease, meat drippings, frying fats—every kind you use. After you've got all the cooking good from them, pour them through a kitchen strainer into a clean, wide-mouthed can. Keep in a cool, dark place. Please don't use glass containers or paper bags.
2. Take Them to your meat dealer when you've saved a pound or more. He is co-operating patriotically. He will pay you for your waste fats and get them started on their way to the war industries. It will help him if you can deliver your fats early in the week.
3. The Need is Urgent War in the Pacific has greatly reduced our supply of vegetable fats from the Far East. Fats make glycerine. And glycerine makes explosives for us and our allies—explosives to down Axis planes, stop their tanks, sink their ships. We need millions of pounds of glycerine.
