said, confirming previous reports and Tokyo's own admission that Japanese troops had given up the fight for the prize island.

**In Burma**  
On the Burma front, British headquarters reported that RAF planes carried out widespread attacks against the Japanese yesterday, blasting storehouses, river steamers and rail communications in a 200-mile sweep through the Irrawaddy River valley.

Other RAF planes bombed the vicinity of Akyab, big Japanese base on the Bay of Bengal, and strafed enemy positions in the Rathaung sector 25 miles north of Akyab.

## Kaiser Shipyard Hearing Still Being Debated

**PORTLAND, Feb. 11 (P)**—Kaiser shipyard hearing Trial Examiner Robert N. Denham ruled yesterday that the national labor relations board could not enter dispositional testimony of George Smith, former president of the CIO Shipyard union here. Upholding Kaiser attorneys, Denham said if the NLRB wants Smith's testimony in the record he must be brought here from San Francisco. He now is a civilian inspector at Mare island navy yard.

The hearing is the result of CIO charges that three Kaiser shipyards in this area negotiated closed shop contracts with the AFL illegally.

## Little Change Seen in Portland On 48-Hour Week

**PORTLAND, Feb. 11 (P)**—Industry and labor agreed today that President Roosevelt's order for a 48-hour week would make little difference in Portland area war production.

Plant and labor officials pointed out that most of the area's war industries have been on a 48-hour week for some time. Many workers on five-day week shifts are working the extra day off in war plants, they said.

George Sullivan, Portland General Electric company vice president, objected to the time-and-a-half pay called for in the 48-hour program, estimating the extra cost to his company would run from \$400,000 to \$800,000 a year.

# CHURCHILL SEES ACTION WITHIN NEXT 9 MONTHS

(Continued From Page One)

over one and a quarter million tons.

"That is to say," he added, "our joint fleet is one and a quarter million tons bigger today than it was six months ago."

It was recalled that Churchill credited the nazis' lack of knowledge of allied shipping for the ease with which the allies occupied French North Africa.

## U-boat Successes

"We have had hardly any losses in our heavily escorted troop convoys, and out of about three million souls who have been moved under protection of the British navy only 1348 have been killed or drowned, including the missing."

"The rate of killing of U-boats has steadily improved," he said. "From January to October, 1942, inclusive, a period of ten months, the rate of sinkings certain and probable was the best we have seen so far in this war."

"But from November to the present date, a period of three months, the rate has improved more than half as much again."

**Justice Seen**  
At the same time, Churchill added, "the destructive power of the U-boat has undergone steady diminution. In the first year of the war the operational U-boat accounted for an average of 19 ships; in the second year, 12; and in the third, seven and a half."

Of the meeting January 14 to 24 with Roosevelt, Churchill said: "Our inflexible insistence on unconditional surrender does not mean that we shall stain our victorious arms by wrong and cruel treatment of the whole population, but justice must be done, and justice must be stern and implacable."

"No vestige of nazi or fascist power, no vestige of the Japanese war plotting machine will be left by us when the work is done, as it certainly will be."

He said that although Stalin was unable to attend the conference, "I assure the house that our duty to aid to the utmost in our power the magnificent and tremendous effort of Russia and try to draw the enemy from the Russian front was accepted as the first objective once the problems of U-boat warfare were met."

We should make a long-range point of view and try to develop policies which will be beneficial to the world rather than to one nation in the world.—Mrs. Eleanor Roosevelt.

American colleges and universities had 7720 students from foreign countries enrolled in 1933.

# Welles Denounces Nazi Detention of American Diplomats

**WASHINGTON, Feb. 11 (P)**—Undersecretary of State Sumner Welles today denounced Germany's detention of American diplomatic and consular officials from Vichy, France, as one of the cheapest efforts at international blackmail he had ever known.

Welles told his press conference that the German government insisted on release of the German armistice commission captured in French Africa despite the fact that the military members of the armistice commission are prisoners of war.

The Americans in question were stationed in Vichy France when that government broke relations with the United States last November.

lished in the attorney's room adjoining the courtroom, and the clerk would be able to take care of whatever business might be necessary at the time court is in session.

**More Efficient**  
Mrs. Short said Wednesday that under the present set-up, various members of her staff are ready to give public service in connection with the circuit court work, while she or a deputy may be in the courtroom.

Judge Vandenberg asserted also that he believed the keeping of records and other work in connection with the circuit court clerk work would be more efficiently handled if the clerk was made appointive by the judge. He complained about the manner in which the work is being handled at present.

**Letter Sent**  
The judge declared that certain records in connection with the county court "cash box" case, investigated by the grand jury just prior to Judge Vandenberg's entry into office, had disappeared and as a result the county court is unable to collect certain credits due the county.

Mrs. Short said that she has ample photostatic copies of records to protect the county's interest, although some papers apparently were taken from her office.

Walter P. Hannon, former circuit court clerk and son-in-law of Mrs. Short, sent The Herald and News a letter Thursday opposing the proposed change. He said that if such legislation is proposed as a solution to the problem, why not turn it around and let the county clerk appoint the circuit judge?

Hannon said that he felt the matter should be permitted to rest until election, when the people can vote on retaining or rejecting Mrs. Short and Judge Vandenberg in office. The letter will appear in the "letters column" Friday.

Meanwhile the eighth army's armored forces were reported fanning out south of the coastal highway for a broad smash at whatever Mareth defense the axis has prepared.

No new land action was reported on the western Tunisian front.

# Britisher Sees Hard Job Ahead In War On Japs

**LOS ANGELES, Feb. 11 (P)**—"Even if Germany is defeated," says Sir Gerald Campbell, "Japan will not be discouraged and will be a hard foe to defeat. The only discouraged Jap is a dead one."

The British minister, first assistant to Lord Halifax, the British ambassador, arrived today to give chamber of commerce address next Monday.

It is "highly important," said Sir Gerald, "for the United Nations to defeat Germany first, then concentrate on Japan."

He declared Germany has 500 submarines available for Pacific assignment to aid the Japs.

Despite German setbacks in Russia and Africa, the visitor predicted, German morale will not break.

# Monday Is Deadline For Tax Payments

Monday, February 15, is the deadline for payment of second quarter 1942-43 taxes, according to Max Saunders, deputy tax collector.

categories for induction and to put the drafting of men on a state wide, instead of a local board, basis.

"In its present form, it would render administration of selective service very difficult," Hershey testified, adding that while some changes might be made "to eliminate my objections," he feels the legislation still would be undesirable.

"The inevitable tendency of manpower procurement during the next eight or nine months, or even the next two or three months" Hershey said, "must give more weight to what the registrant is doing rather than to the relation he has with dependents."

# Family Looks On As Coach Leaps To Death Wednesday

**TACOMA, Feb. 11 (P)**—As his wife and two small sons looked on, Ernie E. Hannus, 36, athletic coach at Enumclaw high school, leaped to his death yesterday from a bridge crossing the Carnation river near Burnett.

Sheriff's Deputy Joe Karpach said the family was crossing the bridge in the Hannus car when the husband stopped the machine and walked to the railing.

Sheriff's Deputies Joe Sladek and Bill Reynolds said Mrs. Hannus told them her husband had been on the verge of a nervous breakdown. The body was recovered about half a mile from the bridge.

ure of Pechenegi, which is 12 miles northeast of Chuguyev.

Red Star, the soviet army newspaper, said that furious battles took place at Chuguyev and Volchansk.

A dispatch to Pravda, the communist party newspaper, said that after taking the two towns, the red army continued its advance westward.

Pravda said that the Germans attempted to hold the Volchansk sector with a force of 80 tanks and two regiments of infantry, but large soviet tanks led the attack that split the defenders, who were routed by infantry and automatic riflemen.

Below Belgorod the Russians were reported advancing down the big Kharkov highway.
