Whytal's

SHOES are rationed now because of the leather shortage, but so far there hasn't been a whisper in the leather-glove business of anything coming up. Nevertheless, I thought it would be a good idea to look over the glove situation when I was in Whytal's yesterday, because there's a store that really has lovely gloves.

Well, there are plenty of leather gloves. In fact, some of the best looking I've ever seen.

You probably know that there are two lengths of gloves which are particularly popular now. The 6-button length (with-out the buttons) and the shortie (which uses less leather). But other styles are good, too. So choose what you like.

At Whytal's I fell in love with several kinds, and I'll tell you about them:

For instance, the hand-made, hand-sewn doeskins. Washable and softly-fitting. That come in 4-button lengths. And cost only \$4.50.

Or the doeskin shorties, hand-sewn and washable. That are one-button length and actually have a button. They're \$4.50, too.

And the Hansen capekin shortie. Whip-sewn and sturdy, and yet well looking. That are \$3.95.

But nobody really has to depend upon leather gloves. You may have noticed that every year lovelier fabric gloves come on the market. And you ought to see them for 1943!

Whytal's has a shortie that is wonderfully soft. The material is a cotton. "Hansuede," which is hand-made to fit so beautifully that they're a joy to see on anybody or wear yourself. They're \$2.75.

Another shortie glove in "Hansuede" is even more dainty and feminine. It has small scallops at the wrist and hand-stitched details. Maybe you saw it advertised in "Mademoiselle" . . . It's \$2.25.

For less frilly occasions maybe you'd like the 6-button Hansen fabric gloves. They are made of "Hanosette," which is a cotton super cloth, and come in colors like red, green, white, and oatmeal (which will go with anything). These are \$1.75 a pair. Maybe you saw them advertised in "Vogue."

Anyway, there they are. . . . At Whytal's.

Town Shop

WHILE I was at The Town Shop earlier this week, I heard one of the clerks remark, "Speaking of jewelry, we sure have it."

So as soon as the customer had left with several pieces, I traipsed over to the costume jewelry counter.

A new shipment just came in and it really is a big one. . . . And never in Klamath Falls have I seen so many different kinds of costume jewelry at inexpensive prices.

There are a hundred or more unusual novelty pieces at \$1.00 each that bear examination because they're so cleverly made. . . . Of combinations of wood, straw, cloth, felt, chenille, feathers and yarns. . . . You'll find bizarre figures, "Carmen Miranda" heads, Indian chiefs, and lots of others.

Earrings were included in this shipment of costume jewelry. . . . Which made the gals at The Town Shop sigh with relief, because they'd been getting awfully low.

I want to mention the iridescent-head earrings, made of nylon that match strands of luminous beads which pick up the colors of the clothes you are wearing. . . . The nylon beads are \$2.95 and the earrings, \$1.25.

Of course, there are lots of kinds of earrings in this new supply. . . . Jeweled, gold, silver, plastic, etc. . . . And speaking of plastic. . . . Have you noticed the screw part that holds the newest earrings on your ears? . . . Instead of metal, that whole section is made of plastic.

Be sure to drop in at The Town Shop and see them.

Cotton is a wonderful plant. . . . Its seed pods produce a vegetable fiber that makes a cotton fabric which is cool and comfortable. . . . But which will take special finishes that make it warm and weather resistant. . . . Which is washable and irons well, and takes and holds dye well. . . . And, above all, cotton is economical.

Molyneux, the famous fashion designer, predicts that Paris some day will regain the style supremacy that she used to have. . . . But that England will become more important for sports styles.

Moe's Millinery

HAVE you seen the cellophane straw hats? . . . I, for one, can't tell the difference from other shiny straws. . . . And I'll bet if you saw the ones I did at Moe's millinery department, you couldn't either.

Up there on the mezzanine floor, Moe's is showing some of the loveliest hats I've seen. . . . Gage hats, for either sports or dress, at prices from \$5.95 to \$15. . . . Beths hats, for dress, from \$3.95 to \$15. . . . And Shorlon hats, for dress, from \$5.95 to \$15.

A new shipment of Spring fells in all the lovely pastel shades has just arrived at Moe's. . . . They're lower priced, being from \$3.50 to \$4.95.

And you'll find felt or fabric berets there, in all shades and colors, at \$1.95 and \$2.95.

At Moe's.

Currin's

I WAS completely surprised when I found that Tussy's cleansing creams will be available in the usual one-year special before long. . . . In fact, I have a hunch that the Tussy manufacturers must have planned for this a long time ago, in order to have the jars available.

Anyway, you will be able to get Tussy Pink Cleansing Cream and Tussy Emulsified Cleansing Cream at the usual one-year big reduction, starting Saturday at Currin's.

I've written about these dandy creams several times before, so I shouldn't have to tell all about them again. . . . But for the sake of those who came in late I'll go into a few details:

Tussy Cleansing Cream is a pink delight. . . . It's fluffy and light and exactly what you need if your skin is normal or oily. . . . It cleanses as it softens the skin, and helps prevent conspicuous pores because it completely removes dust, make-up and oily secretions.

Tussy Emulsified Cleansing Cream is for dry skin. . . . It is a rich, velvety cream that smooths and softens the skin. . . . The action is very gentle when it removes dust and make-up, but it does a thorough job. . . . And leaves the skin in a condition that is more resistant to wind and sun and cold.

Oh, yes. . . . I almost forgot to mention the price. . . . The special is on the big 8-ounce jars. . . . The regular \$1.75 jars for only \$1.00. . . . Plus the government tax, of course. . . . And you'll find Tussy products exclusively at Currin's, a fact that you probably know by now.

The special starts at Currin's on Saturday.

Moe's

JUST in time for Valentine's Day, a new shipment of Charles of the Ritz lovely "Moss Rose" line arrived at Moe's. . . . In the dainty pink rosebud packages that exclude a faint but true moss rose fragrance.

You'll find plenty of "Moss Rose" at Moe's right now. . . . And since it's a perfume that appeals to every gal, young or old, anything in the line is perfect for a Valentine's Day gift.

There are two sizes of hard milled soap. . . . 3-in-a-box. . . . For \$1.25 and \$2.00. . . . And they'll last ages.

"Moss Rose" Cologne comes in an attractive opaque flacon that will be an asset to any dressing table. . . . It's \$2.25.

"Moss Rose" Dusting Powder, with a puff, is \$1.00.

I must give the word of warning that I've used before, though. . . . Don't put off getting what you want. . . . In these days, to be sure of getting something you have to trot right down town and buy it.

Charles of the Ritz "Moss Rose" items are at Moe's.

LEGISLATORS SEE DANGER OF DEFICIT

By PAUL W. HARVEY JR. SALEM, Feb. 11 (AP)—Oregon's legislators, many of whom thought they could spend state funds freely because of large income tax surpluses, learned from their joint ways and means committee today that the state is in serious danger of having a deficit during the two years beginning next July 1.

The awakening came during discussion of Governor Snell's bill to create a post-war readjustment and development committee, senate members of the ways and means committee explaining they cut the governor's request for a \$25,000 appropriation to \$10,000 because of a shortage of funds available for appropriation. The bill was passed with four dissenting votes and sent to the governor.

Several senators, who had heard estimates of income tax surpluses ranging from \$2,000,000 to \$9,000,000, were surprised to hear of the shortage.

Sen. Dean H. Walker, Independence, chairman of the senate assessment and taxation committee and member of the ways and means committee, explained that the surplus is not available for appropriation, because the law specifies it must be used exclusively to reduce property taxes.

Resolution Passed "The ways and means committee has found demand for funds is heavy," Walker said. "There is very grave danger that the legislature may create a deficit. It is unfortunate that the impression has been given that the state is rolling in wealth. Those surplus funds are restricted, and are not available for appropriations."

The senate passed and sent to the house a resolution for an interim committee to investigate the state board of health, and sent to the governor two bills

SNELL SIGNS LAKE SALARY INCREASE

SALEM, Feb. 11 (AP)—Governor Earl Snell signed today two bills to increase salaries of Lake county officers and the South Lakeview justice of the peace. The increases in the bills, by Rep. Burt K. Snyder of Lakeview and Sen. Marshall Cornett of Klamath Falls, are: County judge \$1500 to \$1800 a year, treasurer \$1500 to \$1800, a clerk \$2200 to \$2500, sheriff \$2400 to \$2800, assessor \$2200 to \$2500, school superintendent \$1700 to \$2200, and South Lakeview justice of the peace \$900 to \$1600.

The bill was introduced in the house, but the senate increased the amounts slightly over the salaries originally provided in the bill.

FORT DEVENS, Mass. (AP)—The acting of Ray Rand, of Lexington, Ky., was convincing, to say the least.

He took the part of a character supposed to have the measles in a presentation of the comedy, "Room Service"—and began to feel ill during the show.

Now he is in the station hospital. Diagnosis—the measles.

About That Income Tax

DEDUCTIONS FOR CONTRIBUTIONS (PART I) Charitable contributions and gifts are deductible from gross income within certain limitations, and are shown as item 12 in return Form 1040. Limitations as to deductibility are as follows:

1. Only contributions which are actually paid during the year for which the return is made are deductible. Subscriptions or pledges made but not paid are not deductible.
2. Gifts to an individual are not deductible.
3. The amount deductible is limited to 15 per cent of the net income before the deductions for contributions and medical expenses are taken. (That is, the amount allowable under item 11 of return Form 1040 may not exceed 15 per cent of the difference between the amount shown in item 11 and the deductions taken in items 13, 14, 15, 16, and 17 of the return form.)
4. Contributions to a political party or to any organization, a substantial part of the activities of which is carrying on propaganda or otherwise attempting to influence legislation, are not deductible.
5. Contributions to an organization, any part of the income of which goes to benefit any private shareholder or individual, are not deductible. This provision excludes contributions to hospitals privately operated for profit either by an organization or individuals, irrespective of whether profits are being earned or not.
6. Contributions made in the form of one's personal services are not deductible. The dona-

tion of the use of one's automobile, or of one's premises (as for a picnic or garden party), is not deductible as a contribution, even though the organization for which the donation of use is made is one of the category to which the contributions in cash or property would be deductible. In the case of contributions by a partnership, the amount contributed must be apportioned to the partners and included in the contributions made by the partners for the purpose of determining the 15 per cent limitation.

How You—a Woman can speed your country's victory

This is 1943. This is a year of great Allied offensives—crushing blows at the enemies of our way of life.

TODAY, on the threshold of all-out attack, America needs every able-bodied fighting man for combat duty. The full strength of our Army can be used decisively only when the places of many thousands of soldiers now at work behind the lines are taken by women.

When the Army called for men to volunteer, even before Pearl Harbor, the instant response broke all previous enlistment records. Now the President has authorized 150,000 volunteers for the Women's Army Auxiliary Corps—immediately. The sooner these women are trained, the sooner the men they replace can help to win battles.

Tens of thousands of WAAC auxiliaries and officers already are enrolled. They are proving that the American woman can do a man's job in a man's army and do it magnificently. They are taking over important duties in the Air Forces, the Signal Corps and other branches of the Ground Forces and the Service of Supply. Some already are serving abroad.

Before this crucial year ends, the Women's Army Auxiliary Corps will need more officers than there were in the Regular U.S. Army in 1939.

Days are passing—days vital to American victory. If you have been thinking about joining the WAAC, the time to do it is at once. If you are a healthy United States citizen, age 21 to 44, inclusive, any race, color or creed, go to the nearest U. S. Army Recruiting and Induction Station today, and get full information on the openings, pay, promotions and training in the WAAC. Total War won't wait. Your country needs you now!
