First Presbyterian

The First Presbyterian church is located at the center of the city, North Sixth and Pine streets. The pastor is the Rev. Theodore Smith, who will speak at both services and who can be reached, in case of necessity, at the residence, 435 North Second street, telephone 5477, or at the church, 7311. The director of the choir is Lillie Darby and the organist is Mrs. Arthur Hall.

Morning worship, 11 o'clock.

Organ prelude, "La Chanson," by Reiff. The processional is "The Church's One Foundation," by Wesley. The choir response to the pastoral greeting is "Grace and Peace," by Clemenhan. After the call to worship, choir and congregation unite in singing "The Doxology," and "The Lord's Prayer," and "The Gloria Patri." The period of quiet meditation, in which all share in praying for our armed forces, is opened by the choir's singing, "Hear Our Prayer, O Lord," and is concluded by choir and congregation singing, "Our Fathers' God to Thee, Author of Liberty." The choir offertory is Schumann's "We Give Thee But Thine Own," and the organ offertory is "Blumen-Andacht," by Rogers. There will be two special musical numbers, a solo by Miss Patricia Brown and an anthem, "Love Divine," by Prichard-Jones. The pastor will speak on "God Is Our Refuge and Strength." The service will close with the benediction, the "Threefold Amen" dismissal by the choir and the organ postlude, "Postlude," by Bliss.

Evening worship, 7:30 o'clock.

First Church of Christ, Scientist

Tenth and Washington streets. This church, a branch of The Mother church the First Church of Christ, Scientist in Boston, Mass., holds services each Sunday morning at 11 o'clock.

"Mind" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 21.

The Golden Text will be "The Lord of Hosts hath sworn, saying, Surely as I have thought, so shall it come to pass; and as I have purposed, so shall it stand" (Isaiah 14:24).

Among the citations which will comprise the Lesson-Sermon will be the following from the Bible: "Sing unto the Lord; for he hath done excellent things; this is known in all the earth. Cry out and shout, thou inhabitant of Zion; for great is the Holy One of Israel in the midst of thee" (Isa. 12:5,6).

The Lesson-Sermon also will include the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Thou shalt have no other gods before me" (Exodus xx:3). The First Commandment is my favorite text. It demonstrates Christian Science. It inculcates the triunity of God, Spirit, Mind; it signifies that man shall have no other spirit or mind but God, eternal good, and that all men shall have one Mind" (p.340).

Sunday school at 9:30 a. m.

A meeting which includes testimonies of Christian Science healing is held every Wednesday evening at 8 o'clock.

A free Christian Science reading room is located at 1023 Main street, where the Bible, writings by Mary Baker Eddy, and authorized Christian Science literature may be read, borrowed or purchased.

All are cordially invited to attend the services and use the reading room.

We must all prepare to adopt for the duration a Spartan standard of living and take patriotic pride in it.

There is no way of giving any one group of our people a substantial additional part of the nation's goods or income without hurting all the rest of us.—Economic Stabilization Director James F. Byrnes.

WASHINGTON, Feb. 19 (AP)—

J. K. Galbraith, deputy price administrator, told senate investigators today a directive freezing fluid milk prices at January levels would be modified to permit increases in some areas.

"We have an order in final stages of preparation involving substantial levelling out of prices and in some cases upward adjustments," he testified before an agriculture subcommittee.

Galbraith asserted increases would be allowed in the southeast while a thorough study continued as to need of upward adjustments in south California.

At the same time, Galbraith, pointing frequently to charts he brought with him told the committee he did not believe a general price increase would bring greater milk production.

Galbraith's testimony came after angry farm state senators had voiced determination to break up what they called a "bureaucratic merry-go-round" operating to hamper war food production.

"Every time a farmer or his spokesman comes to Washington with a problem, he is sent on a cycle of conferences that lead only to dizziness," Senator Aiken (R-Vt.) told reporters.

Aiken is on an agricultural subcommittee which called three key men in the farm price picture today to find out "who runs this merry-go-round."

"Just when milk producers were gathering in Washington to present evidence to agricultural and price fixing officials that the freeze order would leave a ceiling which would not allow production costs, the freezing order was signed," Aiken and Senator Bushfield (R-S.D.) asserted.

Witnesses already have told the committee that many states had approved price increases to

cover rising costs of feed, labor and other items, but that the government ruling would roll back ceilings to January and leave many producers faced with operating at a loss of from a cent to two cents a quart on milk.

They testified the slaughter of dairy cows was steadily increasing and that a continuance of "strangling regulations" would reduce the milk supply in large cities as much as 50 per cent by the end of the year.

UMATILLA RAPIDS DAM PROJECT URGED

PORTLAND, Feb. 19 (AP)—

If the demand for Columbia river power continues to increase at its present rate, says Bonneville Administrator Paul J. Raver, the proposed Umatilla Rapids dam should be producing in 1945.

He urged last night that construction be started immediately and that additional generating capacity be provided for existing dams. He said he would urge the Bonneville advisory board to make that recommendation to the war production board.

"It takes months to build and install generators of the giant type used at Grand Coulee," the administrator said in a prepared statement after receiving a report from the Bonneville division of system planning and marketing. "It will take a minimum of nearly three years to bring into production a new dam such as that proposed for Umatilla Rapids on the Columbia."

The report shows, he said, that at the present rate of regional load growth power from Umatilla
