**BLACKGUARD. A JOB**  
To us, a blackguard means a ruffian or scoundrel, but originally the word described an humble servant riding in a wagon at the rear of a noble's train and watching over smoke-blackened pots and pans.  
Victory is not to be measured by the dollar sign. The dollars and cents contributed by each nation do not count. So long as each contributes the most it can, each contributes equally.—Secretary of War Henry L. Stimson.

**A MESSAGE ON WASHINGTON'S BIRTHDAY**

**TO THE**

**STARS**  
*in our Service Flag*

To you 3433 in the Armed Forces—our 3433 soldiers, sailors and marines—the J. C. Penney Company sends its tribute on the birthday of George Washington, our first soldier.

You come from every corner of America carrying the might of our democracy to the far reaches of the globe, bearing arms so that freedom may ring and decency reign.

Today your tools of peace are beaten into bayonets. Today you operate the weapons of war, not the machines of commerce and industry. Today you calculate not goods bought and sold but the speed and altitude of on-rushing enemy planes.

So, hats off and hats off again to you, our game and gallant 3433!

**YOU'RE ALL STILL PART OF PENNEY'S!**

Every one of you is still a part of the Penney Company and of the store from which you came. And you and your job are vital to the *America That Is To Be* as well as to the *America That Was*.

For the Penney stores from which you came are part and parcel of the nation... as American as town-meetings, as ham and eggs, hot dogs and ice cream sodas! They are as national as the Eagle and as local as the town pump. Penney stores and Penney people are products of all sections—of every state—and of hundreds of American communities.

**HERE ARE THREE—**  
**TYPICAL OF OUR 3433!**

Out of one of our Portland, Oregon stores a Penney man flies with Doolittle to bomb Tokio—but he, like his store, is still as Northwest as the big trees

From his job as buyer in New York another Penney man finds himself adrift in the Mediterranean, his ship torpedoed from under him—but his heart's still with the Dodgers and the hot stove league.

And yet another, from Lindsay, California is shot down in the Solomons; washed up on a desert island; rescued to fight again—but he takes with him wherever he goes love of his native state and his own home town.

**WE THINK OF ALL OF YOU**  
**WITH CONFIDENCE AND DEVOTION!**

And we hope you think of us with trust and understanding—when the victory is won and the flags are furled we'll be proud and happy to welcome you back to your family, your friends and your Penney store.
