## WAKE UP YOUR LIVER BILE

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go  
The liver should pour out about 2 pints of bile juice into your bowels every day. If this bile is not flowing freely, your food may not digest. It may just decay in the bowels. Then you bloat up your stomach. You get constipated. You feel sour, sick and the world looks dumb.  
It takes those good, old Carter's Little Liver Pills to get those 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Take as directed. Effective in making bile flow freely. Ask for Carter's Little Liver Pills. 10¢ and 25¢.

## SENATE VOTES \$50 PINBALL MACHINE TAX

By PAUL W. HARVEY Jr. SALEM, March 3 (AP)—Oregon's old age pension recipients were virtually assured today that their average monthly old age pension would be raised from \$25 to \$38 within the next two years, the senate passing 17 to 13 a bill to levy a \$50 annual tax on pinball games and a \$10 tax on coin-operated phonographs.

The senate previously had defeated the measure by the same vote. The bill, introduced by Rep. John Steelhammer, Salem, would raise about \$1,000,000 a year. It now goes back to the house, the senate having cut the phonograph tax from \$25 to \$10.

**Oppose Pinball Tax**—The house passed 32 to 28 the Burke bill to give liquor stores a monopoly on the sale of fortified wines, which now are sold in privately-owned wine, grocery and drug stores. The bill would go to the governor, except that an effort probably will be made to reconsider it.

**"No" Votes Cast**—Supporters said the money is needed for pensions, and that the bill does not tax illegal pinball games. It taxes only those used for amusement only.

Those voting against the bill were Booth, Chessman, Cornett, Ellis, Fisher, Lynch, Mahoney, Parkinson, Patterson, Walker, Wallace, Walsh and Wheeler.

## Sandy South Sea Beaches Are Bad Places for Subs

TACOMA, March 3 (AP)—These gleaming sandy beaches of South sea story fame may be fine for swimming but in wartime they're no place for maneuvering under water—in a submarine.

The noisiest July fourth Lieut. Franz Hoskins, American submarine officer and former University of Washington swimming captain ever expects to go through was spent in such a location last year.

It happened "several thousand miles west" of San Francisco. Early on the fourth, before daylight came to the ocean, the American sub maneuvered into an enemy-held bay and directed a torpedo at the silhouette of a Jap ship. Immediately two other vessels returned fire with their deck guns, according to Hoskins, now spending with his parents here his first home leave since Pearl Harbor.

**Japs in Bay**—The sub and the enemy sparred around in the bay until nearly noon, the sub getting in several good licks, when a Jap plane

came overhead and dropped a bomb. "We took her down right now," said Hoskins, "and we stayed down. The thing that mystified us was how those Jap planes coming over every 20 minutes were able to keep plunking 'ash cans' right above us no matter where we went. We twisted and turned and still they kept right above us. Fortunately we were too deep for them to reach us but every burst sounded like a gang of blacksmiths were pounding at us.

**Batter 31 Hours**—We took that battering for 31 hours before we finally discovered, by chart, we were in a bay with a white sandy bottom, which left us exposed to Jap planes wherever we went. It was like dropping pebbles on the family gold fish. We weathered it and got away but you can bet we no longer yearned for sandy beaches.

The unassuming young officer, prematurely gray, estimated he has traveled over 75,000 miles by sub.

## High School Students Given Tuberculin Test

One hundred and sixteen high school students were given the tuberculin test Monday by Dr. Peter H. Rozendal, Klamath county health officer, who said the survey was made when one active case of tuberculosis had been picked up recently. The tests were read Wednesday, Rozendal stated. All health programs in city and county schools have progressed satisfactorily this year, it was said.

“Goodnight, Bill Brady...”

Hello, Bill Brady, 'way out there...

I guess the mailman must be mad at us because he hasn't brought a letter since the day you went away. And if he doesn't ring the doorbell soon, I think my heart will break.

There isn't much to tell, tonight, except—since all my letters seem to go astray, I've found another way to say 'I love you.'

Last night I joined the Red Cross.

I'm not anybody there. Just one more woman—cutting dressings, rolling bandages, packing Red Cross kits—hoping the men we love will never need them, but hoping more that they aren't past the need.

I'll be a Staff Assistant before long, Bill. In a very military uniform. I can hear you chuckle, my darling.

I don't mind the extra hours. To me, time isn't measured by the ticking of a clock—it lags or races with the beating of my heart. So time at work is short, because I know that you would have me very busy. I can hear you say "Chin up, and get on with the job."

Good night, Bill Brady. Out there... somewhere.

The Red Cross is shoulder-to-shoulder with our fighting men from training camp to the front lines.  
All over the world, wherever it can reach, it is carrying relief supplies, clothing and medicines to war victims.  
In this second year of War, the needs increase. You can help with time and money. March is the War Fund month. Give more this year.

Your Dollars help make possible the
