SCHOOLS WILL AID IN 1943 HARVEST HERE

MALIN—Students and teachers of Klamath county schools, the high school and probably the elementary schools of Klamath Falls, are pledged by local school officials to help in the 1943 crop harvest in the Klamath basin. The action followed a decisive report that no soldier help or Japanese labor will be available in the basin next fall.

Announcement of the plan was made at a meeting this week of Klamath county principals and coaches. Schools will be closed, it is probable, for a period of weeks during the peak of the harvest season.

Track Meet Scheduled
On the teaching staff of the county falls also other extra curricular work, the teachers to assist with the coming drive for Red Cross funds that begins this month. With a quota of 75 cents for every man, woman and child in the county, teachers are to take the initiative in helping to raise the fund in their own communities. War bond sales also are to be pushed in the schools, Fred Peterson, county superintendent of schools, announcing that schools of Oregon are asked to raise enough money to build a submarine chaser.

The Klamath county B school track and field meet is scheduled to be held on or about May 1 on the KUHS field, cinder events to be run in the morning instead of the afternoon. Weather should be more favorable in the early hours of the day, past experience convincing track officials that May afternoons are windy and cold.

Marvins to Stay
While Henley and Malin have both feet on the county trophy, it is still too early for predictions, according to Joe LaClair, Malin coach, who last week saw his court pounders take the county title in basketball. A win for either the Mustangs or for Henley gives the trophy permanently to the winner, each school having taken it twice in previous meets. Henley carried it home at the end of the 1942 meet.

Resignation of Max Marvine, chairman of the athletic committee, was not accepted, Marvine agreeing to continue at his post until the end of the present term.
Meet April 19
Arnold Graalapp, supervisor, reported on school legislation relative to increase in salary of school teachers. The next regular meeting of the association will be held probably April 19 instead of May 4, that date being too near the end of school. Officers will be elected for the next year.
Joe LaClair, president, presided at the session. All schools except Gilchrist and Chiloquin were represented.

The Greatest Mother in the World

Stretching out her hands to relieve distress wherever found, she is the symbol of a great force for good in our evil world.

She is the spirit of the Red Cross, a militant, marching army of good will.

Out of the villages and cities of America, into the heart of the war torn world marches this great people's crusade to keep the lights of civilization burning.

the human touch and cheerful sympathy that the Gray Ladies give so well.

Training our people on the Home Front. Fighting to sustain public health when doctors and trained nurses go to war. Millions learning through Red Cross First Aid, Home Nursing Courses, Canteen, Motor Corps and Nurse's Aide training to meet the new needs and the grim civilian dangers of modern warfare.

Collecting our people's blood for plasma given so freely and needed so urgently in ever increasing amounts as the casualty lists grow. Organizing and sustaining thousands of production groups where our women give long hours to provide surgical dressings and clothing in enormous quantities.

The barest outline of how the Red Cross serves. It belongs to all of us, it must have support from all.

The Second War Fund is greater than the First, but no greater than the increased needs.

You will not fail the Greatest Mother in the World.
