

HOUSE FAVORS DEEP TAX CUT FOR NEXT YEAR

(Continued From Page One)

property taxes within school districts, or \$1,000,000 more than both houses voted several days ago.

Rep. Burt K. Snyder, Lakeview, one of the conferees, pointed out that 160,000 of the 200,000 income taxpayers pay an average tax of \$11 a year, and that it wouldn't be worth while to give them refunds of about \$3, as Hall's proposal provides. Snyder charged that Hall is motivated by "political ambitions."

The following representatives voted against the conference committee report, presumably because all want a reduction to apply to payments made this year:

Bryson, Chadwick, Deich, Dickson, Finseth, Hall, Martin, Meyers, Moore, Pearson, Perry, Pier, Steelhammer and Wells.

Refunds Impractical
The committee held it is impractical to give an income tax reduction effective with payments made this year, because it would compel the state tax commission to make more than 50,000 refunds.

The plan is the same as that approved by the senate, except for the giving of \$1,000,000 a year extra to school districts. The house had previously voted to reduce income taxes 10 per cent this year, and 11.62 per cent with payments starting next year.

The size of the reduction depends on how much of a surplus is on hand next July 1, when the tax commission would estimate next year's collections and next year's rates. But the best estimate, based on a surplus of \$12,000,000 on hand July 1, is that taxes payable next year will be cut about 35 per cent—if both houses approve it.

FRENCH PATRIOTS BATTLE IN PARIS

said Hitler had ordered that France be stripped of every able-bodied male between 18 and 40 who might join the allied forces in the event of a landing in France, and declared the order applied to men up to 50 who are not working directly for the nazis.

Coffee houses, movies and even private homes are being combed by the gestapo for men who can be transported to Germany, the paper said.

The Dakar radio said 200 French people, most of them women, were arrested in the Lyons and Marseilles regions when they tried to stop trains that were taking workers to Germany.

Senate Committee Approves Bill for 2161 Cargo Ships

WASHINGTON, March 9 (AP)—A \$8,280,000,000 bill carrying \$4,000,000,000 in cash and \$2,173,000,000 in contract authority for the maritime commission to finance the construction of 2161 additional cargo ships was approved today by the senate appropriations committee.

Reversing house committee action, the senate group recommended a \$3,182,000 expenditure on a proposed high school victory corps to give pre-military training to students.

COMPROMISE RUMMLER TAX PLANS DOWNED

would continue paying their taxes as usual.

By Chairman Doughton (D-N.C.), to apply the much softer 1941 rates and exemptions to 1942 income and let the taxpayers amortize the remaining 1942 obligation over a relatively short period of time while simultaneously remitting on taxes for the current year. This would wipe out the 1942 tax altogether for a large number of persons and reduce the obligation for others.

The committee's action left in doubt the future of pay as you go taxation. However, committee members indicated they would turn again to a proposal by Representatives Disney (D-Okla.) and Gearhart (R-Calif.) to continue the present system of collecting taxes in one year on the basis of income the previous year, but with a 20 per cent withholding levy against the taxable portions of wages and salaries through weekly or monthly deductions from pay envelopes and salary checks.

Board Eyes Streamlined School Year

be earmarked for acceleration purposes, the board decided.

R. C. Groesbeck, Klamath Falls, board member, urged adequate summer quarter work to care for 17-year-olds who are expected to obtain as much college work as possible before induction into military service.

The board also completed arrangements for training soldier students under the specialized training programs. The first such contingent of about 500 advanced students in engineering is due at Oregon State college this week. Willard L. Marks, Albany, president of the board, reported.

BOSTON WOOL
BOSTON, March 9 (AP-USA) Sales of Montevideo wools were made today at strong prices early about half a cent above early last week. Demand was mostly for 50c and 60s to 64s in in-bond grease prices of 34 cents. Contracting was reported in Wyoming at a grease price of 43 cents.

indicated further retreats west of Moscow were being carried out "according to plan notwithstanding enemy attempts to disturb them."

Heavy fighting, with the Russians on the offensive, was reported on three sides of Orel, to the northwest, southwest, south and southeast, with the Russians pressing particularly heavy attacks in the northwestern direction where the "fighting was full of vicissitudes," one broadcast said.

pursuit, however, and the communique said that only patrol activity was engaged in yesterday by the eighth army.

The tanks abandoned by the German strategist in front of massed British guns and armor and under a heavy aerial pounding consisted of three Mark II, two Mark III, eight new type Mark III, 19 Mark III specials and 18 Mark IV specials, the communique said. The new type Mark III's were said to be equipped with 75-millimeter cannons.

In the air, fighter-bombers and fighters of the western desert force poured bombs and gunfire on Rommel's retreating armor and transport and inflicted "considerable damage," the communique said. Other allied fliers carried out similar attacks in the Sedjenane area where buildings occupied by troops were blown up.

Zuckerman Damage Suit Dismissed as Second Trial Looms

STOCKTON, Calif., March 9 (AP)—A dismissal agreement in a \$100,000 damage suit against Maurice Zuckerman, who is being tried for the second time for manslaughter in connection with the death of Otto Dander, was filed in superior court today by Zuckerman.

The dismissal of the suit brought by the widow and mother of Dander was dated June 16, 1942. It stated the case had been settled out of court.

Fido's Hide Grows Dear As Council Eyes Ordinance

(Continued from Page One)

to eating dogs as he had understood a certain man had done in town not long ago.

But Mayor Houston was out to carry his point and he reviewed world rocking events, from future taxation, battles, the juvenile problem, city streets, war bonds, Red Cross and social security for police and firemen. "It makes the problem of dog controversy pale into insignificance," ended the mayor. There was a round of applause.

First reference to any change in the new ordinance which has passed the first and second reading, was made when Mayor Houston said "if the ordinance is too severe it should be moderated." He then called for discussion and the dog lovers were ready.

First to speak was Alvin E. Macartney, 2025 LeRoy street. He asked for the ordinance to be read again for the benefit of the audience. At that point Bussman said that he felt section 3, referring to shooting dogs in the park, should be eliminated entirely and Houston said this should be left up to the park board.

Vote Suggested
When Councilman Walter Wiesendanger made a motion that the time should be modified from May 1 to September 1, there was a rumble of "no" from the audience.

Phayo Pfefferle, 1847 Sargent street, reported residents of his district thought the ordinance too drastic and that last year's two month's confinement rule was also. He also told the council that if any shooting was in the street.

Mr. and Mrs. Don Kenyon, 1960 Harrison, were heard next. Kenyon suggested a vote of the people be called through the newspaper and Houston said that would not be legal but if dog owners wanted to spend from \$300 to \$500 for a special election, that could be made possible. Mrs. Kenyon told the council that as license fees weren't doing the dogs any good, such fees might as well be applied on an election.

"It's just about as tough to kick out a dog as a child, especially when it hurts the kids," spoke W. E. Guyer, 2235 Bienn street, who defended dogs as pets. Guyer also observed that Klamath Falls gardens were not of such beauty as they might be and compared this town to Salem and Spokane.

Hector J. McGilvary, 2161 Eberlein street, who has been a dog lover "since I was knee high to a grasshopper," told the council that he felt you could tie up a dog "30 days, 60 days, 120 days or 12 months and they wouldn't learn the lesson of not burying bones or digging up flowers."

McGilvary said howling dogs on ropes caused more grief last year than any damage that could have been done.

Rebuke
Urging a feeling of tolerance, William Frohnmayer was one of the most ardent defenders. He asked if there was some group "putting pressure on the council-

cept the opinion of the humane society by mid-April.
That ended one of the best bouts presented in the city council chambers and a 10-minute recess was declared while city dads caught their collective breaths and went on with the routine business at hand.

Pfefferle suggested that the council "throw the ordinance out and not get any more like it. I stood up for prohibition and it was said we weren't properly represented. That's the way with this dog question. The other side isn't represented. I guess they aren't interested."

Bertram reviewed a similar problem which came up in Marshfield a number of years ago in which windows were broken and "old Chief Carter" couldn't walk down the street.

Dr. Wheeler suggested that all stray dogs be restricted and suggested spaying all females and confining dogs at night.
The idea of a special election was not accepted well by the audience, all of whom appeared to be taxpayers as well as dog lovers. Tabled the ordinance or submitting a petition asking that confinement be stricken from the records was the favorable reaction.

City Attorney Joe Carnahan brought a laugh from the audience when he said that the council "may heed or disregard a petition of the people but whether it would be wise to disregard the voice of the people—I don't know."

The two-hour discussion was ended when Councilman Bussman made the motion that "if dog lovers and owners keep their dogs locked up from sundown to sunup 12 months out of the year, and cooperate with the humane society, notify them of strays, the ordinance of 60 days, May 1 to July 1, should be repealed. Cooperation should be checked by mid-April and then action could be taken. The council approved this move.
The council said it would ac-
