

OPA RAISES NEXT PERIOD COFFEE RATION

WASHINGTON, March 11 (AP)—Coffee rations will go back to one pound for five weeks beginning March 22.

Price Administrator Prentiss Brown announced the increase today, saying the "welcome news to tens of millions of American coffee drinkers is made possible by the improvement during the past few weeks in the import situation."

The current ration is one pound a person for six weeks. The next coffee stamp, No. 26, in ration book No. 1 which is also used for sugar and shoes, will be valid between March 22 and April 25.

Brown said the increase amounted to 16 per cent and explained "coffee imports for February have exceeded estimates by more than 20 per cent, adding substantial amounts to previously depleted January inventories of approximately 145,000,000 pounds."

The army and other government agencies have cooperated in improving the supply situation, Brown said, adding that the increase "exemplifies one of the basic principles of OPA policy, that of relaxing rationing restrictions wherever and just as soon as circumstances permit."

STIMSON REPORTS ON WAR, LOSSES

WASHINGTON, March 11 (AP)—Allied forces in Tunisia "had much the better of the fighting last week," Secretary of War Stimson reported today. But he added that losses on both sides "have been substantial."

Reviewing the war at his press conference, the secretary said that casualty reports from North Africa are incomplete, but that the allies have taken more than 100 German and Italian prisoners and destroyed well over 100 axis tanks.

The heaviest American losses, he said, occurred in the week of February 14-20—the period of the American retreat and initial counter-attack on the central front—when casualties were 59 killed, 176 wounded, and 2007 missing. Most of the missing, Stimson said, probably were taken prisoner, but it is possible some of them might yet return to the American lines.

State School Board Promises Farm Aid

SALEM, March 11 (AP)—The state department of public instruction said today it would assist farmers next fall by persuading many school children to help in the harvest.
