RUBBERS LEAD MARKET RALLY; HIT NEW HIGHS

By VICTOR EUBANK NEW YORK, March 12 (AP)—Led by rubbers and rails, the stock market today extended Thursday's rally by fractions to two points with a number of favorites recording highest quotations since November, 1940.

Revival of investment demand, brokers said, provided the principal bidding inspiration and purchases generally were on a cash basis. Large blocks of low-priced stocks put volume up sharply in the forenoon but pivots also were active. Transfers were in the neighborhood of 2,000,000 shares. Top advances were reduced in most instances by profit taking near the close.

Peaks for 1943 or longer were reached by Goodyear, Goodrich, U. S. Rubber, General Tire, Firestone, Santa Fe, N. Y. Central, Southern Pacific, Canadian Pacific, Paramount Pictures, Twentieth Century-Fox, Allied Chemical and J. I. Case. In front were Douglas Aircraft, Union Pacific, Chrysler, Sears Roebuck, Radio Corp., and American Can.

Reorganization railway loans maintained their fast performance in the bond department.

KEY FOUND, LOCK GONE INDIANAPOLIS, (AP)—The absentminded tourist who forgot to turn in his key when he checked out of the Bates house here—at some time between 1882 and 1901—has finally come across 42 years too late.

The key to room 269 has just arrived in the mail, but the Bates house was torn down in 1901. The postman delivered the key to the hotel which now occupies the site.

STORAGE RULE WORRIES LOCAL EGG TRADERS

People in the local egg trade today expressed serious concern over government intentions to prohibit storage of eggs except for government use.

Word has been received that the department of agriculture intends to take this action, limiting egg storage during the coming surplus season to such eggs as have been contracted to government agencies either in shell, frozen or dried form.

Usually, a considerable quantity of eggs are stored here, as elsewhere, for supplying the trade when production is slack in the fall period. An egg shortage next fall, unless storage is allowed, is believed in prospect.

According to an article in the Produce Packer, a Chicago publication, widespread effort is being made to induce the government not to take the proposed step. It is claimed the action would seriously disrupt present methods of egg distribution.

The Chicago Mercantile exchange said: "The consideration of such an order by the government can only be based on a fear that an insufficient quantity of stocks may be had for their purposes. If the production estimates made by the department of agriculture for 1943 are realized, there will be sufficient eggs for all the government requirements as well as civilian needs."

WHEAT

CHICAGO, March 12 (AP)—All grains were under pressure today, wheat and rye dropping more than a cent at one time, as a moderate amount of commission house selling uncovered a scarcity of buying orders. Wheat sank to lowest levels in about two weeks. Hedging from the southwest was a factor in the bread cereal downturn. Eastern houses sold rye freely and the market broke rather sharply when stop-loss orders to sell were uncovered on the way down. Oats weakened with wheat and rye. Wheat closed on the day's lows, off 1 1/2c, May \$1.45-1.45, July \$1.45-1.45, corn was unchanged at ceilings, May \$1.00, oats dropped 1 1/2c, and rye broke 2-2 1/2c.

DISCOURAGED

ENID, Okla., (AP)—The rabbit doesn't like army life any more, concludes Pvt. Wesley Lorehy, former Associated Press employee in Kansas City. When soldiers began calisthenics at the army flying school, he explained, the frisky young rabbit used to dash about, tempting them to chase him. The soldiers got tougher and tougher and faster and faster, as days passed. One morning they chased the rabbit—and caught him. Shaken, the bunny returned for the afternoon class. That outfit caught him, too. He hasn't been back.
