Iris Lovers Will Read This Story

Garden Section of New York Times Discusses One of Klamath Falls' Favorite Flowers

Klamath Falls lays claim to growing some of the loveliest ris on the Pacific coast and that beautiful, regal flower seems to respond to petted garden spots, rocky hillsides, or neglected out-of-the-way spots. In the garden section of the New York Times a story appears which will be of interest to iris lovers

Two Hundred Attend

Willard Ballroom

Ceremony Sunday in

EAGLES MEETS

AT NEW HALL

Times a story appears which will be of interest to iris lovers here, and comes under the by line of Anderson McCully. A part is printed here.

Small irises offer so much bright beauty that a place may well be made for them even more than for the miniature dahlias, zinnias and chrysanthemums already well established in gardens. They have the exculsite velvety have the exquisite velvety shades and markings of tall irises, and in addition most of the smaller ones carry an airy grace, even though their flowers are so large in proportion to their foliage. Many of them bloom unusually early in the

Like their larger relatives, the smaller irises are divided broadly into bulbous and rhizomatous groups; and they are marked as bearded (pogon), nonbearded (apogon) and crested. Many are at home toward the front of the average border, while others are for wet spots and pool sides. Some lean toward drier sands, or hug the shelter of the rock garden. A large num-ber of them demand a hot dry baking out after bloom is over, just the type of treat-ment much of the American climate offers.

The iris beard is more than a mark of beauty — it is a signed requisition for lime. A few of the beardless also will tolerate lime, though it is not to their taste. The beardless differ, too, in their moisture loving thin rhizomes with many fibrous roots, so differ-ent from the thick rhizomes and broad leaves of I. pumila.

Of all the dwarfs, Iris pumof color in the garden, though some prefer the airler grace of more slender types. The Crimean Iris, running from yellow to lilac, is rather similar, and the two are some-times confused in nursery offerings.

A great favorite in the rock garden—also fine for facing down small shrubs—is iris gracilipes. This is around six inches high, with clumps of grasslike foliage, lavender-blue petals touched with cream and crested with gold. It divides and plants best in midsummer, abhors lime, asks for humus, moisture and good drainage. Bloom begins in spring and holds in early

There is a little-known but very lovely group of beard-less West Coast irises that should be more widely used. Included here is the blue-flowered I, douglasiana; the four-inch Bery Cabin form of I. innominata; and the eightinch I. purdyi. Other good ones of this group are the compact six-inch white or soft yellow I. chrysophila; the deep yellow I. bracteata, and the rare creeping I. tenuis, with large white blooms, that grows in dense shade on gravelly mountain river bottoms. These are all veined or marked in lavender or purple I. tenax is probably the best known and most easily established of this group.

All of these Oregon irises tend strongly to color varia-tions. Because of their wiry, wandering roots few of them transplant from the wild, but both nursery stock and home grown seedlings take hold well. The Douglas Iris is very doubtfully hardy in New York unless well protected, as it is a coastal species from southern Oregon and north-ern California. The others mentioned are hardier.

The bulbous irises are well

known in large-types by the Japanese (I. laevigata), and the English, Dutch and Span-ish, But the bulbous irises also embrace some of the carliest and loveliest of all for the rock garden, particularly the easily grown I. reticulata, with fragrant, velvety purple flowers flecked with gold, eight or nine inches high, sometimes seen poking above late snow. Close-ly allied, but only two to four inches high, is the fragrant small L denfordiae.

small I. danfordiae.

Bulbous irises like close packed earth, and will even at times leave a garden border to colonize in a hard earth path nearby. Rich fertilizers are not much to their taste, They do want their summer ripening off, and are better lifted and ripened elsewhere if among plants that must be watered.

watered.

There are many others, both native and foreign, among miniature irises that are more than garden worthy. Since most of them bloom the second or third year from seed, they are fine adventuring for the hobbyist. But rhizomes or bulbs are quicker in effect. in effect,
Dwarf?irises are especially
useful in combination with

Review Is Heard

"The Robe" Given Before Members of Delta Kappa Gamma

Appreciative attention was paid to the splendid review of Lloyd Douglas' "The Robe," given by Mrs. Charles Ollgiven by Mrs. Charles Oll-mann before the members of Alpha chapter, Delta Kappa Gamma on Saturday after-noon, March the sixth. Mrs. Ollmann presented this as a book of utmost sincerity, of powerful appeal to the emo-tions, and as being a persuas-ive sermed by a great preachive sermon by a great preach-

Mrs. Arlet Edsall was hostess to the group at her home in East street. She was assisted by Mrs. Vera A short business session

was conducted by the vice president, Mrs. William Owsley, after which tea was pour-ed at a daintily appointed table by Mrs. J. F. Penrod. The April meeting will be held at the home of Mrs. Ollmann on Eric street. An excellent program has been arranged by Mrs. A. C. Olson.

CHURCH **GROUPS MEET** IN PARLORS

On Monday evening, March the eighth, members of the Junior Matrons' class of the First Methodist church were joined by members of the Mizpah class for an enjoyable

party in the church parlors.

Highlight of the evening was a Harry Hopkins millinery style show in which everyone present participated. Taking as a challenge a state-ment made by Mr. Hopkins that women's hats would not be rationed because they could be made from anything, the designers modeled some unique as well as very amus-

ing headgear.

A musical skit about hats, sung by Mrs. S. M. Badger, Mrs. W. L. Terwilliger, Mrs. L. E. Juniper and Mrs. T. B. Powers brought a round of applause.

After games and contests all in keeping with the hat theme the guests were served dainty refreshments from a table centered with spring flowers. The hostesses were Mrs. John Swan, teacher of the Junior Matrons class, and Mrs. George Casper, teacher of the Mizpah class.

On Wednesday afternoon, March the tenth, the White Pelican Girl Scout troop, guided by Mrs. L. E. Kaup and Mrs. Ellis Matthews, hiked to the fire station. They were guided through the building by Fireman Roy Rowe, who explained what happens when a fire alarm comes in, He also explained the use of the fire alarm boxes on the streets.

Mrs. Dean Osborn left Thursday night by train for Tacoma, Washington, where Tacoma, Washington, where she will spend the weekend with her daughter, Barbara, student at Annie Wright sem-

RUMMAGE SALE PLANNED BY CHURCH GROUP

Mrs. C. H. Barnstable, as-

sisted by Mrs. Brannon, entertained the members of Circle 1 of the First Methodist church Thursday afternoon, March the eleventh. Dessert was served at half past one o'clock to eleven members and one guest, Mrs. Hill, of Dunsmuir, Mrs. Herndon led the devotionals, Mrs. Kluth gave the Scripture reading and Mrs. Herndon led the study period on Latin Amer-ica. Mrs. Garin assisted by Mrs. Brannon gave excerpts from "Good Neighbors" by

Herring.
During the business meeting plans were made for a rummage sale to be held on March the twenty-seventh, The circle has charge of pro-viding flowers for the sanctuary for the month of March, and suggestions were

welcomed on this subject. Places were set for twentytwo at the potluck supper held at the IOOF hall Thursday evening, preceding the regular monthly meeting of the ladies and chevaliers of Canton Crater.

The Order of Amaranth will hold a regular meeting Wednesday evening, March the seventeenth, at eight o'clock in the Masonic temple.

Mrs. A. C. Backes will entertain at her home on Pacific Terrace Wednesday evening for members of TNT bridge

Theta Rho girls will spon-sor the second of a series of card parties at eight o'clock this evening in IOOF hall.

The non-deferrable list is simply a way of saying that in a global war we can get along more easily without ornamenta jewelry than we can without food or tanks.—Manpower Di-rector Paul V. McNutt,

Congress Downs Plan to Limit \$25,000 Salary

WASHINGTON, March 13 (P, Striking a sharp blow at the ad-ministration's executive author-ity, the house passed today a measure mullifying President Roosevelt's \$25,000 after taxes limitation on salaries and sub-stituting a salary ceiling plan of its own, The roll call vote on passing

the bill to which the salary limit nullifier was attached as a rider was 268 to 131. Previously the house refused 212 to 145 on a tellers' count to drop the rider.

As a climax to two days of the most heated debate of this session, the action followed a

last ditch appeal by administra-tion spokesmen to preserve the president's limitation. The nullification order rider on a measure boosting the national debt limit from \$125. 000,000,000 to \$210,000,000,000 —would prevent limitation of salaries below their level on De-cember 7, 1941, the date this country entered the war. Sal-aries then under \$25,000 (after taxes) could rise that far before

Portland Police Get Truck Used In Coffee Theft

they could be halted.

PORTLAND, March 13 (P)-Portland police last night re-covered a stolen truck believed to have been used early Wesnesday in the theft of a ton of coffee from the Tucker Coffee company warehouse. The ve-hicle was being checked for fingerprints.

Theft of that amount of coffee stirred fears of a major black market in coffee hereabouts.

United Mine Workers Threaten Strike If No Pay Raise Given

NEW YORK, March 13 (P)-Spokesmen for various United Mine Workers union districts today threatened work stoppages April 1 if a contract pro-viding a \$2-a-day wage increase for 450,000 mine workers in the northern and southern bituminous areas is not signed by March 31. The threat was made at a

meeting of the joint northern Appalachian wage conference.

Births Outnumber Deaths This Year

Births have almost tripled deaths so far in 1943, with 150 babies and but 59 deaths. 1942's births totaled 138 for the same length of time and deaths were

Nineteen hundred and fortythree births, for February only, were 57 and deaths 30. In 1942 that month's new babies were 72 and deaths 27.
