

SILKS NEEDED BY ARMY FOR POWDER BAGS

Emphasizing that the salvage of nylon and silk hosiery is a continuous program for the duration of the war, Winnifred K. Gillen, home demonstration agent, today asked all residents of this area to renew their deposits of worn and discarded stockings with retail stores having women's or misses' hosiery departments.

Silk and nylon are needed for the production of powder bags, parachute fabric and other war materials, Mrs. Gillen explained. Powder bags used by the armed services are woven silk bags into which charges of powder are placed for generating the power required to expel shells from guns of major calibre. Bags are placed in the breach of the gun. A fuse, attached, is ignited to cause the explosion that expels the shell. Only silk can be used for bags because it burns completely and leaves no hot embers. This makes possible recharging guns with greater speed than if each gun had to be cleaned before a new charge was inserted.

Nylon cannot be used for powder bags because nylon results in a gummy substance that will not burn completely. Instead nylon is used in the manufacture of parachute fabric.

The following classifications of stockings are wanted: all silk, all nylon, mixture of silk and nylon, mixture of silk and rayon, mixture of nylon and rayon, mixture of silk and cotton and mixture of nylon and cotton.

NAVY HAS PLAN TO INDUCT SEABEES

Men with construction trades who are in the draft age (18-38) now have an opportunity to get into the navy's Seabees through voluntary induction, it was announced today by the chief of navy personnel. Men with the following trades are needed:

Blacksmiths, bull dozer operators, carpenters, crane operators, divers, draftsmen (electrical, mechanical and steel), drillers, electricians, engine operators, gas and diesel repairmen.

Mechanics, pipefitters and plumbers, powdermen, riggers, road machine operators, sheet metal workers, steel workers, water tenders, welders, wharf builders, storekeepers and others.

It is pointed out these men will be required to go to Portland and return at their own expense for examination and interview. Those who are found qualified, both physically and in construction trades needed, will be sent to their draft boards with a letter requesting they be inducted for assignment to the Seabees, and sent back to Portland for induction into the Seabees.

Old Albany Campus To Be Purchased for Federal Laboratory

ALBANY, Ore., March 17 (AP)—Senator Charles McNary (R-Ore.) notified Carl Curlee, secretary of the Albany chamber of commerce today, that Secretary Ickes had signed a bill providing for purchase of the old Albany college campus for a federal electro-chemical laboratory.

The laboratory will be operated by the U. S. bureau of mines, which is under the interior department.

WHY PUT UP WITH CONSTIPATION?

If you suffer from that common form of constipation due to lack of "bulk" in your diet, dosing yourself with harsh cathartics and laxatives will give you only temporary relief.

However, adding KELLOSO's ALL-BRAN to your regular diet and drinking plenty of water will not only get at the cause of such constipation, but will correct it.

KELLOSO's ALL-BRAN is a delicious breakfast cereal that, unlike medicinal purges, doesn't work chiefly on bow—but works principally on the contents of your colon.

TRY KELLOSO's ALL-BRAN, eat as directed, see if it doesn't help you, too!

OCCUPATIONAL CHANGES MAY VETO C CARD

If you are the holder of a C card, and make a change in your occupation, don't forget to notify your ration board within five days after the change is made, the district OPA office reminded today.

Your report to the ration board should describe fully the nature of the new occupation, the exact type of work performed, the business or industry in which such work is performed, and the purpose, if any, for which your car will be used in the new job, OPA mileage rationing officials pointed out.

If the ration board finds that the car will no longer be used for an essential purpose, you will be notified in writing that your right to such ration is to be re-examined and you will be asked to file a new application, the board under the OPA regulations must revoke your ration and recall your C book, but if the board decides on the basis of your new application that the car will be used for an essential purpose, no further action will be taken, said the OPA.

Planning Commission To Meet Tonight at Council Chambers

A meeting of the Klamath Falls planning commission, slated for tonight in the city council chambers, has been postponed until next Tuesday at 8 p. m., it was announced by the mayor's office.

Important on the commission's schedule will be many post-war plans including the beautifying of the city, the Ninth street widening program, the South Sixth street improvement, and numerous other projects.

Jackson County Shows Population Increase of 11,000

MEDFORD, March 17 (AP)—A population increase for Jackson county of more than 11,000 is indicated by registrations for ration book No. 2, which totaled 47,247.

The 1940 census gave the county 36,213. Medford's ration board issued 39,176 books and the Ashland board 8071. Officials said most of the increase is due to an influx of workmen to Camp White.

VET OF THREE BATTLES

Marine Private First Class Ben Brooks of Kansas City, although only 20 years old, is a veteran of three battles. At Pearl Harbor and in the Solomons, Brooks manned a machinegun against the Japs. During the battle of Midway he tended a 20-millimeter cannon.

SNATCHED FROM DEATH

NEW ALBANY, Ind. (AP)—Hugh Smith, city street car motorman, became a dog's best friend when a small terrier got

his tail tangled in the front axle of Smith's car.

Smith decided that if the car moved in either direction the dog would suffer, so, apologizing to his passengers for the

delay, he summoned a wrecking crew.

The crew jacked up the front end of the street car and the terrier, minus the tip of his tail, scampered away.

YOU NEED NO SPECIAL AUTHORIZATION TO BUY A USED CAR

Buy a late model USED STUDEBAKER

Save tires, gas and upkeep

IF YOUR present car cannot serve you properly, under wartime transportation conditions, you will undoubtedly do better in every way by getting a late model used Studebaker Champion, Commander or President Eight.

You need no special authorization to purchase one of these top-quality used Studebakers. And thanks to its freedom from burdensome excess bulk, a used Studebaker Champion, Commander or President Eight conserves gasoline and tires remarkably. The experience of leading fleet operators as well as thousands of owners convincingly proves this.

See us for dependable used cars. Our complete stock includes top values for the money in used cars of other popular makes as well as late model used Studebakers.

You help the war effort by conserving tires—Tire conservation involves more than careful driving, proper inflation and regular inspection. To save tires, have wheel alignment checked often.

You help the war effort with frequent lubrications—Protect your car by having it lubricated on a calendar basis because greases and lubricants tend to dry out and become dirty under rationed mileage.

You help the war effort with regular inspections—Cars that misfire, lack power and operate unevenly at lower speeds waste fuel and put needless strain on the battery. Have inspections made frequently.

CAR RATIONING LIBERALIZED!

Thousands of new 1942 Studebakers now released for sale

A whole new group of motorists can now acquire new 1942-model Studebakers, thanks to revised rationing regulations. In general, you are eligible if you come within the preferred mileage provisions for gasoline and your car is a 1939 or earlier model—or has been driven more than 40,000 miles, regardless of its age. The new Studebakers available are 1942-model Champions, Commanders and Presidents built before car production stopped. They are remarkably saving of tires and gasoline. When Studebaker dealers' present limited stocks of these cars are gone, no more new Studebakers will be available for the duration. If you are eligible to acquire one of these new cars, make your application now.
