

SEARCH PARTY FINDS VICTIMS OF AIR CRASH

REDDING, Calif., March 17 (AP)—The efforts of identification experts will decide whether the search for six fliers missing in a wrecked light bomber on Mount Hirtz, 35 miles northeast of here, is over with the toll set at five dead.

A ground crew returned to Redding last night with what were believed to be four bodies. The body of a fifth flier who parachuted too late from the doomed plane was found earlier.

The plane's co-pilot parachuted safely after the ship froze its controls in a banking maneuver. He walked in Sunday with the first word of the plane, which had been missing since Saturday afternoon on a flight from Sacramento to Portland, Ore.

The army declined to release the names of any of those aboard the ship until identifications had been completed and the next of kin had been notified.

Meanwhile a search was continued for a second military plane, missing since Saturday in the same general area.

MIAMI, Fla. (AP)—A telegram informing her that her sailor husband was missing in action did not disturb Mrs. Eugene C. Gesele — because he was sitting in the room when the message came.

FAIRHAVEN

One of the most enjoyable days of the year at Fairhaven school was that of March 12, when teachers and room mothers held open house. From 9:30 a. m. until 3 p. m., the various rooms were visited by parents, and at noon luncheon was served in the cafeteria. There were about 60 visitors during the day.

Tea was again served in mid-afternoon by Mrs. Frank Tarr, followed by a program presented by the primary grades. Miss Veneta Hunter's first grade band played two numbers, "Cshebogar" and "Pop Goes the Weasel," and boys and girls in Mrs. Azita Kennedy's class presented a Swi folk dance.

Following the program a short business meeting at the Fairhaven PTA was held. Members appointed on the nominating committee include Mrs. Q. G. Zinn, Mrs. Harry Stoler and Mrs. Chandler.

At the April meeting, Dad's night will be held. A planned potluck dinner will be served at 6 o'clock by the executive committee with the teachers as honored guests. All PTA members are cordially invited.

POLICE ARREST 12 WITH NO LICENSE

Klamath county motorists are cooperating as far as federal tax stamps are concerned but a lot of them need to remember that it takes a motor vehicle operator's license to drive a car.

Of the 14 arrests made this weekend in a traffic check by state police at the Lakeview and Lenox junctions, 12 had no operator's licenses. Two were charged with having no warning devices on their cars.

On Monday state police made two arrests for lack of dealers' licenses.

We may turn to eating here meat, but rest assured this country is never going to the dog.
