BUYING POWER CENTERS ON INDUSTRIALS

By VICTOR EUBANK
NEW YORK, March 25 (AP)—Buying power centered on rails and industrials in today's stock market, one of the broadest and liveliest of the year, and many favorites ascended to peaks for 1943 or longer with gains of fractions to 2 or more points.

Brokers said a revival of bullishness was due partly to hopefulness of investors over congressional trends, further efforts to beat threatened inflation, the desire to get idle funds working and confidence regarding ultimate war developments.

Steels, rubbers, amusements, mail orders, aircrafts, air transports and coppers led the procession. Utilities were listless. Transfers were around 2,000,000 shares.

Conspicuous on the swing were U. S. Steel, Bethlehem, Youngtown Sheet, Goodyear, U. S. Rubber, Goodrich, Warner Bros., Paramount, Twentieth Century-Fox, Loew's, Sears Roebuck, Santa Fe, Southern Railway, Chesapeake & Ohio, American Smelting, Phelps Dodge, Standard Oil of Ind., Dupont, Westinghouse, Douglas Aircraft, American Airlines and Allegheny Preferred.

Rails maintained strength in the bond department. Closing quotations: American Can 78 1/2

ALTIMONT BREAKFAST CLUB
Our 4-H Club cooking I, was organized rather late in the year but is getting along very well now. We are in breakfast meats and sandwiches.

Our leader is Mrs. Bowns. We have our meetings every Thursday at Altamont Junior high school. The only person that has left so far in our club is Dorothy Bryant who moved away.

We are planning to finish our work by the middle of April so that we can show our achievements. News Reporter, Peggy McCoy.

CHILOQUIN COOKING CLUB
Our meeting was called to order at 3:05. We then had roll call and everyone answered a name of a fruit grown in Oregon. Then we had songs and yells. The minutes of the last meeting were read and there wasn't any old or new business.

Our leader, Marion Doty is offering a prize for the one who first completes his work. News Reporter, Joan Barnes.

BONANZA 4-H SEWING CLUB
At one of our earlier sewing club meetings we chose "The Busy Bees" as our club name and elected the following officers: Erlene Brown, president; Ruth Brown, vice president; Marjorie Multin, secretary; Lila Driscoll, news reporter; Helen Gavan, sergeant-at-arms, and Mrs. Driscoll is our advisor.

We held a party at the first of the year, everyone enjoyed the games and refreshments. We have concluded that our community fair shall be held about April 15. News Reporter, Lila Driscoll.

April Canned Food Ration Stamps Become Valid Today

By IRVING PERLMETER
WASHINGTON, March 25 (AP)—April's canned goods ration stamps became valid today, but housewives are expected to hold them for another week because of strong hints from OPA that their value will be increased next month.

Future plans were kept secret, but top officials who refused to be quoted by name implied that some reduction in the point values of many types of processed fruits and vegetables could be expected, effective April 1.

Movement Drops
(A further indication of this came from a statement of the American Institute of food distribution at New York that movement to market of important canned vegetables had dropped 60 to 85 per cent under point rationing.

(Blaming newness of the system and "unnecessarily high point values," the institute said in its canners' market report that "this fault (high point values) will be righted—partly by reduction of several point values by April 1, and later by wholesale revision of these values on May 1.")

Alaska is separated from Soviet Russia by a strip of water only 54 miles wide.

stamps to meet essential needs, or with odd numbers on March points that won't stretch.

New Table Ready
A new table of fruit and vegetable point values is expected to be made public over the weekend. Between this and the meat, cheese and fat and oil point values, which become effective next Monday, householders will get a new idea of wartime eating with their No. 2 ration books.

While it may be profitable to hold April canned goods stamps for a week, officials reminded that the March stamps must be spent by midnight of next Wednesday or they will become worthless. The March stamps are the blue A, B and C stamps. The April issue is the blue D, E and F stamps.

The red meat-fat-oil-cheese stamps become valid in alphabetical order at the start of each week, beginning with the A stamps next Monday. Once valid, the stamps continue to be usable through the entire month of April. Thus the A stamps are good for a week, but they can be saved and used, if the householders desires, throughout the month.
