Reports—Mr. and Mrs. Tony Moladore of Eldorado street now have three sons in the service with the departure of Tony Jr., who left Friday morning by train to report for duty at Fort Lewis, Wash. Leo Moladore left Tuesday morning, also for Fort Lewis. Both boys enlisted in the U. S. army and are members of the reserve. A third son, Clifton, is with the U. S. navy and at the present time stationed at Tillamook.

From Stanford—Janice Bubb, daughter of Mr. and Mrs. E. M. Bubb of High street, is home for a week's vacation from her studies at Stanford. Miss Bubb spent several days with her sister, Virginia, who is a student nurse at Good Samaritan hospital in Portland. Miss Bubb will leave the first of the week for the south.

Lectures—Ruby Weatherby, who is at Moer's for Charles of the Ritz company, spoke to more than 50 interested girls in Sally Louis' retail selling class Friday afternoon. Miss Weatherby stressed care of the skin, poise and appearance. She has spent the past week in Klamath Falls and leaves for Salem Sunday.

Police Court—Three drunks, one charged with possession, one with vagrancy, and eight traffic tickets, made up the Saturday morning police court report.

has been visiting here. (One assumes that, as leaders setting a good example for the people, they're going light on the meats, fats and canned goods.)

Eden, with typically sound British conservatism, does little boasting about what has been accomplished during his Washington conferences, saying merely: "There has been a meeting of minds between us about the present and the future that will, we are sure, bear fruit."

EDEN has done little public speaking while he has been here, but to the legislature of Maryland, meeting in joint session of the two houses, he said the other day: "Let there be no mistake. We (British) will not rest on our arms until EVERY ONE of our enemies has unconditionally surrendered."

He added: "We, too, have a score to settle with the Japs. We won't stop fighting until that evil growth in the Pacific has been cut back." "We'll be with you in this TO THE END."

YOU'VE noted, of course, that the Russians have renewed their fishing treaty with the Japs for another year.

Our first instinctive reaction, of course, is one of disappointment. But let's be reasonable. If you were fighting with every ounce of your strength against enemies storming your front door, you wouldn't deliberately invite trouble at your back door.

That's undoubtedly the way the Russians feel about it.

Spokane Union Says Hands Tied in Butcher Walkout

SPOKANE, March 27, (AP)—The Spokane local of the International Amalgamated meat cutters and butcher workmen of North America was ordered last night to see that its striking members return at once to their jobs or have the local charter revoked, Arthur L. Capps, general manager of Armour & Co., reported.

Lewis Pearson, secretary of the local, acknowledged the telegram, from Patrick Gorman, international secretary-treasurer, had been received, but protested the union could not order the men to return since it had not sanctioned the walkout.

Revival Campaign Now in Progress at Methodist Church

Sunday will be a busy day in the revival campaign now in progress at the Free Methodist church, South Ninth and Plum streets.

Evangelist Eimer McKay of Greenville, Ill., will speak three times. In the morning his subject will be, "Klamath Falls' Greatest Evil." At a mass meeting at 3 p. m. he will speak on "The Battle of Armageddon—Is It Near?" Subject for the evening meeting will be, "Where are the Dead that Die on the Battlefield."

I regard it as neither wise nor desirable to have an immediate conference by all United Nations with respect to the conduct of military and naval operations. — Sen. Tom Connally, chairman Foreign Relations committee.

The question of vacations for workers depends on individual plants and local conditions. In general, however, I believe vacations will result in getting more total work done.—Paul V. McNutt, chairman of Manpower Commission.

WHEAT

CHICAGO, March 27 (AP)—Wheat prices declined about 1 cent in quiet trading today. A little hedge selling entered the pit and was sufficient to force quotations lower in the absence of any aggressive buying demand.

Trade reports indicated a good demand for feed wheat in the east, with fairly liberal sales made overnight. Price of feed wheat is said to be well below corn in that area. Wheat closed 1-1/2c lower, May \$1.44-1/2, July \$1.45-1/2, corn was unchanged at ceilings, May \$1.01, oats advanced 1-1/2c, and rye declined 1-1/2c.

Air Force to Build Bombing Range in Less Farmed Area

PROSSER, Wash., March 27, (AP)—O. K. Williamson, president of the Horseheaven Irrigation district, said last night he had received word the air forces had decided to build a bombing range in an area which would interfere less with agriculture. District farmers had protested the range would occupy an area which now produces annually 1,500,000 bushels of wheat, 600 cattle and 100,000 sheep.

It is believed that German airplane production cannot exceed 2500 a month, and Japanese production is certainly under 1000.

Laughs Greet Male Protest Against Girls in Slacks

CHICAGO, March 27 (AP)—Male students at North Park college decided upon drastic action to try to shake co-eds, wearing overall slacks and mannish shirts, back to wearing old-fashioned feminine clothing. The stunt, however, backfired.

The men students arrived for classes yesterday attired in skirts, but the co-eds, instead of being irate, welcomed the protesting skirt brigade with everything from a giggle to a roar.

Then Dean of Students Peter Person ordered the men back into trousers and promised "disciplinary action" would be taken against the protesting males.

To top off the day, the girls not only continued to wear their slacks but pulled out their shirts and let them fly defiantly in the breeze.

Profits Taking Stems Sprints at Peak Level

NEW YORK, March 27 (AP)—Profit cashing in the stock market today stemmed the five-session sprint to peak levels in nearly three years on the largest volumes in more than 15 months. While favorites continued to attract idle speculative and investment funds, the sharp advance caused some potential buyers to withdraw.

Trends were a bit cloudy at the start and toward the last mild irregularity was the rule. Transfers were in the neighborhood of 800,000 shares.

A few "penny" stocks apparently were chilled by the exchange ruling, announced after Friday's close, barring margin trading, as of April 1, in issues selling at \$5 a share or under, but the majority was undisturbed.

In the "new high" class were Glenn Martin, U. S. Rubber, Sears Roebuck, Oliver Farm, Dow Chemical, Johns-Manville, Loew's and American Sugar. Laggards included U. S. Steel, Bethlehem, Chrysler, American Telephone, Goodyear and Western Union.

Bonds and commodities were uneven. MEAT QUOTAS TO BE ENOUGH FOR PACIFIC

SAN FRANCISCO, March 27 (AP)—Meat quota allocations to packers after April 1 will be sufficient to meet Pacific coast demands under point rationing—but there is no assurance the full quota will reach retail outlets. M. A. Clevenger, Pacific region administration of the food distribution administration, which will handle allocations instead of the OPA, said the general policy would be one of liberal allocations of meat to all communities. But, Clevenger said, this policy should not be interpreted as meaning there will be plenty of meat in butcher shops to satisfy ration demands. It means only that packers will be permitted — not forced — to slaughter enough to meet requirements. "FDA authority extends only to establishing and adjusting quotas," Clevenger said, "not to guaranteeing ultimate delivery of meat to the retail markets."

This nation must decide to take the lead now in the formation of a system of collective security. If we wait until we "return to normalcy" as we did in 1920, futility and sadness will be the only reward for our efforts.—Rep. J. W. Fullbright of Arkansas.
