PROFITEERS BATTLE WITH FAVORITES

By VICTOR EUBANK
NEW YORK, March 30 (P)—Stocks wrestled with profit takers in today's market but casualties were minor in most cases and a wide assortment of favorites managed to post top figures for the year or longer.

Bidding revived for steels and other early sliders near the close and gains of fractions to a point or so predominated at the last. Dealings also picked up in the final hour and transfers were around 2,000,000 shares.

Transfers were around 1,800,000 shares. Exceptionally encouraging war news, investment demand and inflation idea still were trend props but many customers inclined to stand aside because of the feeling that the lengthy advance was due for a technical correction.

Stocks ahead most of the day included Consolidated Edison, Public Service of N. J., North American, Bethlehem, N. Y. Central, Goodyear, Kennecott and Standard Oil (N. J.) Santa Fe lagged in the face of a \$1.50 dividend declaration. Intermittent declines were Chrysler, Southern Pacific, United Aircraft, U. S. Rubber, Anaconda, Lockheed and American Smelting.

Secondary railway bonds again were up selectively.

Spic 'n' Span

The whole house should gleam with that spic and span look after the spring cleaning. That means that besides doing the general cleaning, every little scratch, discoloration, flaw here and there has been taken care of. Housecleaning isn't what it used to be now that we've a host of modern cleaners of all sorts on the market... cleaner for windows, cleaner for upholstery, cleaner for walls, cleaner for just about everything. And take it from me, they do a wonderful job. I am greatly in favor of anything that makes life easier for the homemaker. But these new cleaners aren't the only things that star during cleaning time. Common household items like salt and vinegar, can do all kinds of miracles around cleaning time.

SALT—
... Cleans those brown and grey stains on the bathtub and basin with utmost efficiency. Pour salt on a slightly dampened cloth and scour. It is especially good for hard water stains.
... Removes stains and discoloration from china, earthenware and pottery. Moisten salt and rub spot with it.
... Cleans and brightens brass, copper and pewter when used with an equal amount of vinegar. Add a little flour to the mixture to make a paste, rub it on the article, let it dry, and then rub off. Wash and polish and watch the sparkle.

VINEGAR—
... Equal parts of vinegar and linseed oil make a very good furniture polish. Mix together, shake well, rub on furniture and then polish with the grain of the wood. It brings out hidden beauty.
... Cuts the grease on stoves, in ovens, and on broilers like magic. Saturate a rag with vinegar and go over the greasy portions. Soak stubborn parts in soapy suds that contain vinegar.
... Cleans brick and tile fireplaces quickly and easily. Just wash the surfaces with a cloth saturated with vinegar.
... Removes grease smudges on walls, or painted woodwork. Use it full strength on a cloth.
... Hot vinegar removes paint from windows. Apply it with a cloth, then remove quickly with a paint scraper. No long scraping necessary.
... Brightens faded rugs. About a half cup of vinegar added to a quart of water, then swept over a faded rug brings back its forgotten color.
