

SAMMONS TO SPEAK; LABOR DRIVE GAINS

As union labor drove forward vigorously on Klamath's war savings front, plans were announced Wednesday for a luncheon meeting a week hence at which E. C. Sammons, chairman of the Oregon victory fund committee, will be the principal speaker.

Sammons has just returned from Washington D. C., and will give a message on the treasury department's victory fund drive starting in April. The luncheon, sponsored by the chamber of commerce, will be held at noon at the Willard on April 7.

Vern Owens, vice chairman of the county war savings drive, said that all forms of war bonds will count in the victory loan drive.

Owens stated further that organized labor's efforts to make a \$500,000 quota for March and April are making headway, and he believes they will succeed.

The money will be used in buying a sub-chaser for Uncle Sam's fighting forces.

Owens said that the labor program was undertaken at a most difficult time, and while March sales have been rather slow, they are now picking up and the two-month campaign is expected to come through with colors flying.

He paid warm tribute to organized labor for its patriotic efforts.

sumption of AFL-CIO peace conferences.

No Invasion Yet

OWI Chief Davis, who has many sources of information but specified he was speaking "strictly as a civilian," expressed the opinion that axis forces in Tunisia could be exterminated or neutralized in time to permit invasion of Europe this year.

As for meat, Davis blamed the temporary shortage in many sections on a pile-up of shipments in the midwest "and because of loss of local supplies to black markets." The various governmental actions which have been decided on, he added, should help soon.

Farm Labor Opposition

The opposition to the Pace farm-labor-costs-in-parity bill came from Colston E. Warne, who said he as president of Consumers Union of U. S., Inc., spoke for 80,000 organized consumers. Warne asked a senate agriculture subcommittee to reject this house-approved measure as one which would "cost consumers billions of dollars" in added food costs.

Mother Found Who Thrust Baby Into Arms of Stranger

CORVALLIS, March 31 (AP)—The mother of the two-year-old girl reported thrust into the arms of Mrs. Ida Turney as she was leaving the bus terminal at Corvallis Tuesday en route to her home in Roseland, Ariz., has been located by Sheriff W. M. Harper and his Benton county officers.

It was disclosed that the mother and Mrs. Turney were acquainted and had discussed the possibility of the latter caring for the child for a while.

Disclosure of the name of the mother has not been granted since further complications in the case are being probed.

ALLIES SMASH ITALIANS ON GABES ROAD

(Continued From Page One)

five more over there." The doughboy walked "over there," rounded up the five hidden Italians and marched back with the group of 20.

Move Forward

U. S. armored forces moved forward down the valley on each side of the road to Gabes and the sea. Batteries of 105 and 155-millimeter Howitzers helped pulverize the opposition, but after the preliminary walk-over the tanks themselves ran into enemy fire and the cracking echoes of their 75-millimeter guns reverberated over the battlefield. Most of the trouble came from a dozen dug-in Italian tanks and a number of 88-millimeter guns entrenched in the hills which simultaneously advancing American infantry slowly was cleaning out.

At the end of the day the armored column had advanced more than 12 miles from El Guejar along the Gabes road and more than 15 miles on the left flank along the Gumtree road.

BRITISH CAPTURE NAZIS' SEDJENANE

(Continued from Page One)

north of the Chott Djerid and the sea.

Cross Minefields

Reports from the front said the Americans had finally crossed the German minefields and had captured 200 prisoners. Montgomery's men, wiping out enemy units in hurriedly thrown up trenches and other defenses, were compelling Rommel to confine his retreat almost entirely to the coastal highway, flanked by the sea at a distance of only about five miles on the east and desert and marshes on the west.

Navy Fights

(Algiers radio broadcasts said the British navy was continuing to harass the axis retreat by pouring shells into the coastal road.)

The first 40 miles of Rommel's route toward Sfax, some 70 miles up the coast, were barren sand, and each mile pushed the beaten Germans and Italians into a narrowing corridor.

There was no information here, however, on reports of an allied naval landing at Sfax.

French Advance

(A French communique recorded in London from the Algiers radio said French forces had advanced beyond Bou Marouf, 10 miles southeast of El Guejar, and were closing in on Kebilli, south of the Chott Djerid marsh.)

(The Germans violently counterattacked the French east of Pichon in central Tunisia, the communique said, but they were repulsed by artillery, and French patrols again advanced in the Ousseitia valley.)

Furniture Made On WRA Project

Harvey Coverly, director of the WRA project at Tulelake, was in Klamath Falls Wednesday, and stated that a small furniture factory is now in operation on the project.

The factory is turning out school desks, small tables, and other small items of furniture for use on the Tulelake project and other similar projects in the west.

Coverly attended a luncheon meeting of the directors of the Klamath county chamber of commerce.

ELLIOT CHOSEN TO HEAD GROUP

C. S. Elliot was named chairman Wednesday of a combined organization of the Salvation Army advisory board and the local boys' club committee. The groups will meet together once a month in connection with the operation of the boys' club in the Salvation Army building.

Major W. C. Currie was chosen secretary.

The clubrooms, it was reported, are operating on a busy schedule, with 599 boys in attendance last week.

Malin

Response to the call for attendance at the Red Cross meeting here last weekend was disappointing, and Mrs. R. R. McCartney, directing the surgical dressing division of the Red Cross in Klamath Falls, spoke to only a dozen people. No decision has as yet been reached on organizing work in surgical dressings.

Rev. and Mrs. Donald Dod are spending this week in Berkeley, where Rev. Dod is attending a series of theological lectures. They will return to Malin Friday.

Mr. and Mrs. Jerry Rajnus entertained recently at a pleasantly planned pinocle party. St. Patrick's motifs predominated in the appointments. Playing were Mr. and Mrs. Everett Jones, Mr. and Mrs. Chester Stonecypher, Mr. and Mrs. John Reber, Mr. and Mrs. Frank Victorine, Mr. and Mrs. Emil Toffel, Mr. and Mrs. P. G. Wilson and Mr. and Mrs. James Ottoman.

First honors went to Mrs. Stonecypher and James Ottoman and second to Mrs. Emil Toffel and Mr. Stonecypher.

Miss Bertha Wertz and Mrs. Irene Jelinek, teachers in the elementary building, have both been absent this week, due to illness.

Mrs. Charles Kenyon was honored on her birthday recently with a dinner at the family home. Guests for the evening were Mr. and Mrs. Joe LaClair, Mr. and Mrs. Elmont Kenyon, Mr. and Mrs. R. Jelinek, Mr. and Mrs. Craft, Mrs. Pansy Hornbrook, Mrs. Claudia Cleveland, Bertha Wertz and May Taylor.

Mr. and Mrs. William Rajnus had a few friends in for pinocle this week, entertaining for Mr. and Mrs. Joe Halousek, Mrs. Mervyn Wilde, Mr. and Mrs. Louis Kalina and Mr. and Mrs. Emil Toffel.

Much heavy and hard fighting still lies ahead for British and American forces (in Africa).

—Winston Churchill.

DAIRY WORKER SHORTAGE TO BRING DRAFT

(Continued From Page One)

that he would seek to avoid direct and compulsory job-control as long as possible.

Dairy Claim

The program gave dairy workers a preferred claim on draft deferment exceeding even that recently established for essential farm workers generally, which resulted in such a strong back-to-the-farm movement that some war plants are complaining of losing workers.

But it also provides that experienced former dairy workers between 18 and 38 who have been rejected by the army for physical disability might, if they refuse to return to dairy work, be put up for reconsideration and acceptance for limited service.

Furthermore, it provides that if the dairy worker shortage is not "adequately" relieved otherwise, dairy workers who have taken jobs in industry will be "urged" by the draft board to return to dairying.

U. S. PLANES HIT ROTTERDAM YARDS

(Continued From Page One)

my fighter opposition slight. One bomber is missing.

British Hit France

British fighters swept over occupied France in an offensive patrol today after a night's lull in the air battle against the axis.

Shortly after mid-day squadrons of Spitfires came home over the channel from the direction of Cape Griz Nez.

Yesterday a mosquito plane of the fighter command severely damaged a heavily loaded enemy merchant ship of about 1500 tons while patrolling the Bay of Biscay.

Ersatz Rubber Turned Out by Federal Plant

(Continued From Page One)

ber from petroleum. Private industry has had some relatively smaller units in operation for some time.

From the blueprint stage Uncle Sam's initial rubber plant took only about 20 weeks to complete.

None of the rubber will go to the public, officials explained, since entire production is presently needed by the army and navy.

ODT BRANCH FOR KLAMATH ASKED

Efforts are being made to obtain a branch office of the Office of Defense Transportation for Klamath Falls, it was disclosed in discussion at Wednesday's luncheon meeting of the Klamath chamber of commerce directors.

Secretary Earl C. Reynolds was instructed to send information to the San Francisco office of ODT supporting the chamber's contention that farmers, loggers and other truck operators in this area need the assistance of a branch office here.

Main office for the ODT in this district was established at Medford. At the time the office was located, ODT gave figures on truck ownership as to counties which did not add up to the totals it claimed substantiated the location of the office at Medford.

SPRING THAW HAMPERS RED ARMY ATTACK

(Continued From Page One)

objectives in spite of difficult terrain conditions.

Reds Advance

Soviet fighters on the western front, pushing slowly into the German positions on the distant approaches about Smolensk, were able in the thick mud and slush to carry out only scouting operations yesterday, it was said, but the soviet noon communique announced that south of Bely an attack with cold steel and hand grenades won the Russians a series of German trenches, with about a company of the German defenders wiped out.

In the continuing battle for the Donets river valley positions east of Kharkov, Russian scouts killed 150 Germans attempting to find a new crossing over the river and captured five loaded supply trucks, the war bulletin declared.

It would be fun knowing you don't have to shovel snow this summer if you didn't have to cut the grass.

Now is the time for all men who were born equal to show what they're equal to.

Labor Leaders Protest Killing Of Polish Jews

NEW YORK, March 31 (AP)—Several leaders of the American Federation of Labor and the Congress of Industrial Organizations joined with Mayor La Guardia and Senator Mead (D-N.Y.) last night in protesting the execution by the soviet government of Henryk Ehrlich and Victor Alter, Polish Jewish trade unionists.

Post-war America must be a land where private enterprise is secure, where the individual will be willing to venture, where the hope of reward for individual initiative will outweigh the fear of loss. It is that spirit of venture, of taking a chance, that has built America.—Gov. John W. Bricker of Ohio.
