WHEAT

CHICAGO, April 2 (P)-Presidential veto of the Bankhead bill unsettled grain trading today, but the market showed po tendency to break on the action. The veto was expected during early trading and when the news confirmed previous rumors prices tended to move higher.

Wheat was down about a cent in the first hour on selling by local traders. When the news of the veto failed to bring in much selling, however, traders joined with commission houses on the buying side and the bread cereal rallied from the day's lows. Other grains followed wheat

At the close wheat was 1-to lower, May \$1.458-1, July \$1.458-1.458, corn remained unchanged at ceilings, May \$1.01, oats dropped 1-ic and rye was off 1-ic.
