NEWS OF THE THEATRES

"Stand By For Action"

Charles Laughton, Robert Taylor and Brian Donlevy are starred in "Stand By For Action," stirring tale of America's war against Japan now playing at the Esquire.

Jane Wyatt and James Ellison in a tense scene from "Army Surgeon," the gallant story of men of medicine behind the fighting lines. "Army Surgeon" heads the big first-run double bill at the Tower Sunday. The companion hit is an explosion of mirth with the East Side Kids in "Kid Dynamite."

At last, after five years in production, "BAMBI" comes to the screen as Disney's finest and most mature film. Photographed in glorious technicolor and introducing several new characters, "Bambi" is the cutest and funniest story ever told. "Bambi" starts tonight at midnight at the Pelican.

The romantic musical hit of the year with John Payne, Betty Grable, Carmen Miranda and Cesar Romero heads the program at the Pine Tree theatre Sunday. The 2nd feature, "ALIBI," features Margaret Lockwood and Hugh Sinclair.

Police Know Trees; Save Worker's Buried Treasure

SEATTLE, April 3 (AP)—A police captain's knowledge of trees saved a San Francisco foundry worker's buried treasure of \$2000 in 50-cent pieces here yesterday.

John Whittier told police he buried the money last June on Mercer island as a safeguard against any economic upheaval, but was unable to find it when he searched last January.

After a radio detection device failed to lead to the silver, Police Captain William A. Feek got to thinking about the situation and studying the locality. Whittier's only clue was that the money

was buried in boxes under a maple tree near a road on the north end of the island. "The tree under which everyone was searching was a willow tree," Capt. Feek explained last night. "With the foliage gone, no one noticed that it wasn't a maple."

Whittier says that \$400 in another box still is missing.

UTILITIES, RAILS MOVE TO NEW HIGH GROUNDS

NEW YORK, April 3 (AP)—Utilities and scattered rails moved to new high ground for the year or longer in today's stock market while numerous industrials remained on the wrong side of the track.

Trends were notably indefinite. Volume was around 700,000 shares. Independent strength was exhibited by Western Union and Postal Telegraph Preferred, apparently reflecting talk of a merger of these companies being worked out in the near future.

Further switching to power and light company shares was attributed partly to the thought that break-up plans for some of these corporations might be beneficial to common stock owners. In the supported class were National Power and Light, American Water Works, North American, Public Service of N. J., Electric Power & Light, Zenith Radio, Chesapeake & Ohio, Southern Pacific and South American Gold & Platinum.

Laggards included Bethlehem, Great Northern, General Motors, American Can, Goodrich, J. I. Case, Deere, Kennecott, and United Aircraft.

Table with 2 columns: Company Name and Price/Value. Includes American Can, Am Car & Fdy, Am Tel & Tel, Anaconda, Calif Packing, etc.

WHEAT CHICAGO, April 3 (AP)—Grains staged a late rally today as buying by houses with commercial connections came into the wheat pit, erasing losses which had extended to about 1/2 of a cent. Trading was not active and the buying orders found few offerings.

Rye and oats moved upward with wheat, cancelling previous declines. At the close wheat was 1/2 lower to 1/4 higher, \$1.45 1/4, July 1945-5, corn was unchanged at 45 1/2, May \$1.01, oats were 1/2 lower to 1/4 higher and rye was unchanged to 1/4 higher.

Ranchers to Plant Additional Acreage in Wheat, Potatoes

LAKEVIEW—Lake county farmers and ranchers now indicate that they will seed 1214 acres more to wheat than they did a year ago, reflecting the recent removal of restrictions by the government. They'll plant 4495 acres this year, according to present plans. The record indicates an increase of 37 acres in potatoes.

32 Measles Cases Reported Locally

There were 32 cases of measles in Klamath county in the week ending March 27, according to the communicable disease report of the state health officer. Measles and mumps were fairly general over the state. The mumps cases in this county totaled only five.

SCRAMBLED

OMAHA, (AP)—The driving record of acting Police Chief Robert Munch, of which he is justifiably proud, wasn't scrambled today, but three dozen eggs definitely were. Munch jammed on his car brakes and avoided hitting a child that darted out in the street. Timidly he reached on the floor for the eggs, which had been on the seat.

UNAUTHORIZED USE TO CUT TRUCK GAS

Truck operators, who without authority use trucks for personal transportation to and from their place of business, will be cut in gasoline allotments, Marshall E. Nauman, district manager of the office of defense transportation said today.

Nauman pointed out that ODT's field force has been making numerous spot checks of truck uses and that many unauthorized uses of trucks for personal transportation are being reported daily. He pointed out that under government regulations, truck uses are subject to complete control in the interest of war transportation and that trucks can be operated only in those activities for which gasoline has been allotted.

Floating Drydocks Speed Ship Repair

WASHINGTON, April 3 (AP)—A fleet of huge floating drydocks, built to follow the fighting and speed damaged warships back into action, soon will provide a new navy punch in forthcoming Pacific battles. Cutting weeks—if not months—off present repair time by their radically new design, the drydocks will add the equivalent of several new warships to the Pacific force's efficiency, authorities say.

PRICE OFFICE FACES PROBE BY CONGRESS

WASHINGTON, April 3 (AP)—The office of price administration was faced with a double-barreled congressional investigation today as Administrator Prentiss Brown took steps to cultivate better relations with the public.

Soon after Brown disclosed that he had authorized a deputy, Lou Maxon, to review "all actions which bear on OPA relations with the public in order to minimize irritations flowing from them." Chairman Patman (D-Tex) of the house committee on small business announced he had ordered an immediate investigation of Brown's agency to determine whether it has exceeded powers granted by congress.

Said Patman: "Our committee is convinced that the emergency price control act has not been complied with. Conditions are forced upon retailers and wholesalers which do not follow the provisions of this act. This has caused no end of trouble to retailers."

The inquiry was ordered, the Texan added, on the petition of 19 national retail distribution organizations representing some 500,000 retail merchants.

In addition, various operations of the OPA have been slated for study by a special house committee investigating actions of federal agencies to determine whether they exceed authority granted by congress.

March Bond Sales Top Previous Lake County Amounts

LAKEVIEW—Total stamp and bond purchases in Lake county for the month of March, excluding sales in outlying post-offices, were \$39,225 which tops the March quota of \$33,000. Since March 15, \$23,343.75 in bonds and stamps have been sold, it was announced by Rudy McLane. Stamp sales have been increasing with many citizens turning their stamp books into bonds.
